

Elmwood News

Mr. and Mrs. Emil Meyers and daughter of Fairbury, the former a daughter of Mr. and Mrs. Frank Gillett, have been spending the past week at the Gillett home.

Mrs. W. W. Walz, who has been visiting for some time at the home of her daughter, Mrs. Dearing, wife of Dr. J. S. Dearing, at Onawa, Iowa, returned to her home here last Sunday.

Wm. Louckie, residing south of Elmwood, was taken to the Bryan Memorial hospital early last week, where he is receiving treatment for some skin infection. He will remain there for some time.

Miss Mildred Kunz, daughter of Mr. and Mrs. Fred Kunz, who has been making her home in Lincoln is spending a couple of weeks at the home of her parents and also visiting with her many friends here.

Mrs. Floy Buell and the children, accompanied by Mrs. Lucy Lyle, the mother of Mrs. Buell, departed last week for Odessa, Mo., where they will visit with a sister of Mrs. Lyle and enjoy a two weeks' vacation.

Mr. and Mrs. Walter Willitts and daughter departed for an extended tour which will include a good deal of the west, going as far as Idaho last week, and will remain there for some time, perhaps deciding to locate there permanently.

Miss Denise Greene, who has been making her home in Chicago for several months, arrived home last week for a vacation and is visiting at the home of her parents, Mr. and Mrs. Ralph Greene, as well as meeting her many old Elmwood friends.

Miss Nelson, daughter of Mr. and Mrs. Eddie Nelson, arrived at the Bryan Memorial hospital in Lincoln a few days ago. She has received an enthusiastic welcome from the parents and grandparents as well. Mrs. Nelson was formerly Miss McCrorey.

Mrs. Harry Marshall, who has been feeling far from well for some time and had been confined to her home and bed a great deal of the time, still remains in about the same condition. Her many friends are hoping she may soon be able to be out again.

Emmitt Cook, who is at the Veterans hospital, under observation and treatment, had some of his teeth removed last week, as it was thought by the attending physicians that they might be the source of some of his trouble. He will remain at the hospital for some time.

The family of George Boyce, who have made their home here for some time past, while Mr. Boyce was employed by the Missouri Pacific as a track worker, last week moved to Eagle, where they expect to reside for the present, at least, as Mr. Boyce was recently transferred there by the railroad.

Walter Smith, Plattsmouth attorney, was calling on the voters here in the interest of his candidacy for county attorney. Sheriff Homer Sylvestor was also doing a bit of campaigning, as they, along with the many other candidates are in search of the elusive votes that added up make majorities for someone.

N. D. Bothwell, who has not been feeling the best for some time, had a clinical check-up made of his condition at the hospital recently. He was pleased to learn that there was nothing basically wrong, although he was informed that he had been confined too closely in his work and a rest was recommended. So he has gone for a short vacation and hopes on his return to be able to resume work at the store.

Two Weeks in the West
Mrs. Harry Green and daughter, Shirley, accompanied Mr. Green when he departed for the west last Sunday morning, having several points in Colorado in view to visit as he makes the rounds selling wall paper during the next two weeks. All were looking forward to the cooler and more invigorating climate of the mountains and escape from the extremely hot weather season.

Business Changes Hands
Emil Rosenow has disposed of the service station on Main street which he has conducted for a long time, to Orville Quellhorst, who took charge last Monday morning. After closing up some business affairs here, Mr. and Mrs. Rosenow plan a trip to the south of several weeks' duration and may even decide to locate south of the Mason and Dixon line. Several places in southern Missouri are among those they will visit.

Two Inch Rain Recorded Here Friday Night

Rain and Electric Storm Cheers Residents After Day of Baking Heat That Damaged Corn.

Friday night shortly after 11 o'clock this city and its immediate vicinity was visited by a very generous rain and which was accompanied by an electrical storm that aided in clearing off the heated air that had made yesterday one of the severest days on the residents as well as the crops.

The rain came in heavy showers and which by 8 o'clock this morning had measured 2.05 of an inch, one of the best rains of the summer season.

The rain fell so that it was largely taken up by the thirsty earth that has needed rain bad for the past two weeks. Corn that was badly damaged in the past week, it is hoped will be benefited, particularly the later corn. Many of the leading farmers have estimated that the loss to the earlier corn will be heavy.

Farming areas six to eight miles west of the city report rainfall of an inch or better and which has been hailed as a great aid to the farmers.

South of this city along the Missouri river the storm was heavy and from 2 to 2.5 inches is reported.

Reports here from various sections indicate that the rain was the heaviest in the eastern part of the county and gradually lessened farther west. The rainfall at Louisville was not nearly as heavy as in this section, parties from there stated.

Will Make Home in South
Louis Hornbeck, who is with the Modern Woodmen of America as their general traveling auditor, has been assigned the southeastern part of the United States with headquarters at Knoxville, Tenn. He departed a few days ago for that city, and will establish an office there, returning here before September 1st to move the family to Knoxville, in order that the children may be ready for the opening of school in their new location. His territory will include all of the southeastern portion of the United States.

Fire Takes Toll of Buildings
At the home of Henry Arnold a fire broke out and consumed a hay shed and also a cow barn, and was threatening the main barn when the fire fighters of Elmwood arrived and halted spread of the flames.

Another fire threat was caused by sparks from a passing train igniting grass in the neighborhood of the Standard Oil storage tanks. The fire boys were on the job quickly, however, and had the blaze extinguished before it got near enough to the tanks to cause damage. Much apprehension was felt until the blaze was extinguished, for had it reached the gasoline tanks it would have undoubtedly caused an explosion with attendant loss of life as well.

Met with Severe Accident
While Mrs. Paul Schewe was engaged in canning, using a pressure cooker, she was the victim of a severe accident caused by the steam vent in the cooker failing to function. As a result steam was impounded and a tremendous pressure built up that caused the cooker to explode. The lid was blown against the ceiling with sufficient force to break the plaster, while steam and hot water were thrown upon Mrs. Schewe, burning her face, arms and shoulder, very severely. Under proper care, the burns give promise of healing unless complications arise, but they are very painful.

Visited at Plattsmouth
It was the Pilgrim's good fortune to meet the Men's class at the Christian church in Plattsmouth last Sunday. We not only had an interesting class session, but we met one of the most progressive members we have ever seen. During the past few years this church has made such progress in increasing its membership and its Sunday school attendance that they actually are crowded for room, and their house of worship has been beautified and made so attractive that it is a joy to worship in it. That is as it should be. We received a fine reception, which calls for another visit.

Threshing in the North
Robert Miller, Glen Buck and Edward McHugh went to Minnesota last week, where they are helping with the threshing which is now getting in full swing. Edward returned the first of last week and reports the other two had jobs. Glen Harger and Carl Buck also left on Sunday for the north, expecting to find work there.

Missourians Hold Conclave
There seems to be a bond of unity between those who at some time have been residents of the state of "Old Missouri" and last Sunday many from over the county who at some time or other have been residents of the Show Me state gathered at the home of Mr. and Mrs. Roy Browne, near Union, where they enjoyed a splendid get-together with the true spirit of fellowship prevailing. One of the features of the meeting was the picnic style dinner that provided all with an abundance of good eats, from well-filled food baskets brought by the different parties.

Among those present were Roy Brown and family (nine in num-

ber), Herman Galloway and family (four), Arthur Weins of Revere, Mo., Wm. Gannaway and family (four) also of Missouri, Ora Voyles, wife and son, Louis Fletcher, of Union, L. H. Phillips and family, Elmer Phillips and family and the family of Glen Phillips, all of Plattsmouth, and Monroe Walker and son of Weeping Water, making forty in all.

Had Large Swimming Class
Murdock has been sending a large class of students to the swimming school conducted by the Red Cross at South Bend during the past week. The group from here was transported to and from the lake by W. O. Gillespie with his school bus. I. C. McCrorey also furnished transportation for the life guards.

Attended the Eagle Celebration
Eddie Craig and wife, Miss Orland Parriott, her friend Howard Boyce, and Miss Ione Weddell made up a merry group of Murdock folks who attended the picnic and celebration at Eagle last Tuesday evening. They first drove to the home of Joseph Parriott and wife east of Murdock, where they were guests at a fine supper, and then went to Eagle to join the crowd that was celebrating there. A most successful two day picnic at the neighboring town is reported by all who attended.

Visited Sister in Iowa
Mrs. J. Johansen accompanied her daughter and husband, Mr. and Mrs. Leo Rikli, to Manning, Iowa, last Sunday, where they visited a sister of Mrs. Johansen, Mrs. John Rymer, who is well advanced in years and not in the best of health. They also spent a short time at Carroll, Iowa, where they called on friends, returning home that same night. They found crops looking good everywhere and promising prospects for a splendid corn yield.
