### Ball Teams Consolidate

Manley has had two ball teams in the past, each of which numbered among its members some of the community's best players. However, the size of the community is too small to recruit two good teams, and so a consolidation has been effected that will give the town one team good enough to compete with the best teams in this part of the country. The consolidation comes pretty late to prove effectual this season, but if continued next year should give the town a good all-around team that will win its full share of the games played.

However, the work of the fire boys was very effectual in preventing the blaze from spreading to the home. Had the wind been blowing, as it did much of the time during the past fortnight, the house would undoubtedly have been destroyed in spite of the efforts of the fire lads.
