## BOARD OF TRADE OFFICERS.

Principal Trade Organization of the Town Holds Its Annual Election—Great Excitement At Oreopolis—Other Bits of News.

At the board of trade meeting Tuesday night the following officers were elected and selected for the ensuing year:

- President—R. B. Windham.
- First Vice President—J. I. Unruh.
- Second Vice President—H. D. Travis.
- Treasurer—S. Waugh.
- Secretary—H. R. Gering.

### Too Dead To Skin.

No. 7, the Burlington's west-bound fast mail train, due here at 2:12 every afternoon, crashed into a couple of mules Tuesday afternoon in the near vicinity of Oreopolis. The two mules were whisked into fairland in an instant, but no damage or delay was occasioned to the train. Aside from the calling of a meeting of the Oreopolis town council at which Mayor Neely vetoed a resolution providing for the burial of the deceased mules at the expense of the municipal treasury, the affair did not occasion any extraordinary excitement among the denizens of the village.

The veto power is a safe institution, ordinarily, but it is somewhat strange that it is used the first time in several years by a republican mayor in putting the city of Plattsmouth on record as being mean enough to refuse to compensate a democratic police judge for services rendered. The mayor gives as his reason that City Attorney Davies advised against the city being liable for the police judge's unpaid fees. The city attorney's opinion in that regard is doubtless true, but the law plainly gives second class cities the power to fix the salaries of its officers when said compensation has not already been fixed by statute. The sections under which the city could legally proceed to compensate the police judge are so plain of understanding that one must surely conclude that the city attorney did not fully read the statutes. The attorney will be finished at Lincoln in a few weeks and he will then be given another opportunity to put the mayor on the right track.

The Glenwood Tribune delivers itself of the following roast at the expense of three men who are well-known to Plattsmouth people: "The strong arm of the law has reached out and gathered in three saloon-keepers from the Junction, to be tried at this term of court. They are Clay Conner, Sherm Hill and John Shafer. Conner is well known to the people of the West End. He runs a saloon in the Junction for several years and then moved over to Plattsmouth and operated there until his place became so disorderly that the city council revoked his license. He then came back to Pacific Junction and has been running a dive there ever since. Hill is a tin-horn gambler and all around tough, who has been operating in Glenwood and Pacific Junction for a number of years. Shafer is an unsavory character who drifted into the Junction some time ago and for several months has been bar-tender at Conner's saloon."

Sheriff Eikenbary has concluded to take an appeal from the \$100 allowance made by the county commissioners for the Hill execution and has secured counsel to handle his case. The appeal will be filed with Clerk of Court Dearing in the very near future and if the commissioners hold to their allowance, a warm legal contest is assured. The sheriff bases the justice of his appeal on the fact that in neighboring counties where executions have been held, the sheriffs were allowed from \$500 to \$1,000 for the executions. In the Hill case Sheriff Eikenbary filed a bill of \$500, and as the affair was carried out in a manner which reflected all the credit possible to Cass county, he feels that he should have been allowed the full claim.

Some people who have orchards seem to think that after the tree is planted it needs no attention, but that is all a mistake. To insure a crop of first-class fruit the trees must not only be properly trimmed and pruned, but in the spring, when the buds are swelling, the branches should be sprayed with a preparation that will kill off or drive away those insects that, if left alone, will injure the fruit by depositing their eggs in the bloom and poisoning or destroying the fruit. Persons who have been trying this process the most recommend it the highest.

F. S. White has a few cans of corn left at 10 cents a can or three cans for 25 cents.

An opinion has been handed down by the supreme court reversing the decision of the Lancaster county court in the case of the Call Publishing Co. of Lincoln vs. the Western Union Telegraph Co. The plaintiff had sued the defendant for \$1,900 on the ground that it discriminated in its charges for press telegraph tolls in favor of the Lincoln Journal. The plaintiff had been paying \$75 a month as tolls on a 1500 word report, while the morning paper was charged but \$125 for a 5600 word report. The jury gave plaintiff a verdict for \$900. The opinion was written by Commissioner Irvine, and was dissented from by Chief Justice Norval. It finds no error in the proceedings, but declares the verdict was not sustained by sufficient evidence.

Chas. Sherman, the Omaha thug who attempted a hold-up on Phil Krause, the Albright grocer, and a former resident of Plattsmouth, was tried in Omaha yesterday and found guilty on the charge of attempting a highway robbery. He will be sent to the Lincoln penitentiary. In the melee Mr. Krause shot off Sherman's hat and it was due principally to the identification of the thug's hat that he was convicted.

Dr. Hay, superintendent of the Lincoln asylum, has dropped his injunction suit to restrain Dr. Abbott, the governor's appointee, from taking possession by force, and in return Dr. Abbott agrees to not resort to force, but on the contrary submit the claims of each to the supreme court and abide by the result. A stipulation was signed to that effect yesterday and the result will prove much better for all parties concerned.

Rev. J. W. Shanks, D. D., editor of the Omaha Advocate, will occupy the pulpit at the M. E. church in this city next Sunday at both the morning and evening services. The reverend gentleman will also conduct the regular quarterly meeting of that church on that date. The general public is invited to hear him preach.

The local division of A. O. H. will celebrate St. Patrick's Day, March 16, on Saturday evening next at White's hall, by a lecture from Rev. Fr. Nugent of Louisville. A musical program has also been prepared by local talent. All are invited.

## ISSUE IS TO BE SILVER.

Democratic Congressmen Issue A Manifesto—Declare the Money Question Will Be the Battle Cry of 1896.

WASHINGTON, March 2.—The democratic silver manifesto, which has been the chief topic of talk on that side of the house for a few days, was made public Friday. While it has been generally circulated for the consideration of members, there was no attempt to secure signatures until a late hour, because the prime movers in the matter were undecided whether to call a caucus for discussion of the matter or to secure signatures or issue directly to the public. In consideration of the short time left and the pressure of business, it was determined not to have a conference. Representatives from fifteen states signed the declaration at the instance of Mr. Bryan of Nebraska, but the canvass is so far very incomplete and the list of signers will not be made public until it is complete. The paper is as follows:

We, the undersigned democrats, present for your consideration the following statement: We believe that the establishment of gold as the only monetary standard, and the elimination of silver as a full legal tender money will increase the purchasing power of each dollar, add to the burden of all debts, decrease the market value of all other forms of property, continue and intensify business depression and finally reduce the majority of the people to financial bondage.

We believe no party can hope for enduring success in the United States as long as it advocates a single gold standard, and that the advocacy of such a financial policy would be especially so to a party which, like the democratic party, derives its voting strength from those who may without reproach be called the common people; and we point to the overwhelming defeat of the party in 1894, to the opposition aroused by the veto of the seigniorage bill and to the still more unanimous protest against the issue of gold bonds, as proof that the democratic party cannot be brought to the support of the gold standard policy.

PARAMOUNT ISSUE IN 1896.  
We believe that the money question will be the paramount issue in 1896, and will so remain until it is settled by the intelligence and patriotism of the American voters.

We believe a large majority of the democrats of the United States favor bimetalism and realize it can only be secured by the restoration of the free and unlimited coinage of gold and silver at the present ratio, and we assert that the majority has and should exert the right to control the policy of the party and retain the party name.

We believe it is the duty of the majority and within their power to take charge of the party organization and make the democratic party an effective instrument in the accomplishment of needed reforms. It is not necessary that democrats should surrender their convictions on other questions in order to take an active part in the settlement of the question which at this time surpasses all other in importance.

We believe that the rank and file of the party should at once assert themselves in the democratic party and place it on record in favor of the immediate restoration of the free and unlimited coinage of gold and silver at the present ratio of 16 to 1, as such coinage existed prior to 1873, without waiting for the aid or consent of any other nation, such gold and silver coin to be a full legal tender for all debts, public and private.

We urge all democrats who favor the financial policy above set forth to associate themselves together and impress their views upon the party organization; we urge all newspapers in harmony with the above financial policy to place it at the head of the editorial column and assist in the immediate restoration of bimetalism.
