# GOMEZ WILL VISIT US

Cuban General Coming to Thank the People of the United States.

## TO BE THE GUEST OF SENOR PALMA

Will Remain Here Until Return of Special Committee on Relations Sent to Consult President—His Sojourn Will Be Void of Political Significance.

HAVANA, April 18.—General Maximo Gomez is making arrangements to go to the United States to visit Senor Sstrada Palma. He will be accompanied by his son, Urbano, and will probably remain in the United States until the return to Cuba of the special committee on relations. He desires to await definite action in reference to the Platt amendment in order to avoid the accusation that the trip is made for political purposes. He has always expressed a desire to meet the people of the United States and to thank them for the assistance they rendered Cuba during the war. Senor Palma is the choice of General Gomez for the presidency of Cuba.

Senor Meriel has resigned from the special committee on relations, owing to ill health.

Surgeon Glennan says it is necessary to continue the disinfection of vessels from Uruguay and other parts of South America where it is suspected that the bubonic plague exists, as there is a danger of the disease getting a foothold here unless the greatest care is taken.

Most of the vessels that arrive here from South American ports are small craft loaded with dried beef. Their cargoes are discharged immediately on lighters, after which the vessels are sealed and fumigated in order to kill the rats which infest them.

Numerous complaints have been made by ship owners because of the refusal of the officers to allow vessels to come alongside the docks and remain there until the cargoes are sold.

## INDIANS FINALLY CONSENT.

Council of Oklahoma Tribes Results in Removing Their Objections.

GUTHRIE, Okl., April 18.—A three-days' council of the chiefs and leading members of the Kiowa, Comanche and Apache Indian tribes closed at the Indian agency at Anadarko today. Oh Pe Ah Tone, who has been the leader of the Kiowa seceders, who for a year have refused to come into council or comply in any way with the law requiring them to take allotments, was present and it was decided that the Kiowas would come in and take their allotments at once. It was decided to empower Agent Randlett to select the 48,000 acres of grazing lands provided for in the bill opening the reservation to settlement. This has been the stumbling block to the way of completing the preliminary work necessary to get in readiness for the opening and this action of the tribes removes what promised to be a serious obstacle.

## FIRE LOSS TO UNION PACIFIC

A Conflagration at the Transfer Does Much Damage.

OMAHA, April 18.—Fire raged three hours last night in the passenger cleaning yard at the Union Transfer depot, Council Bluffs, destroying the row of frame buildings used by the Union Pacific and Pullman companies as store and machine rooms, with their contents, entailing a loss to both companies that will run well up into the thousands.

The origin of the conflagration is unknown, but the fire is supposed to have been started either from a spark from an engine or from spontaneous combustion of some of the supplies in the oil and waste room.

The buildings destroyed comprised the linen and commissary storerooms of the Pullman company, the machinery room, car repair room, oilroom of the Union Pacific and the office of James F. Spare, foreman of the yard.

## Indiana Reaches Manila.

WASHINGTON, April 18.—General MacArthur reports the arrival of the transport Indiana at Manila. It had on board 145 men of the Tenth Infantry and 585 of the Twenty-eighth infantry.

## Still Refuses to Answer.

DALLAS, Tex., April 18.—H. C. Henderson again today refused to answer any questions in the deposition sent from Omaha in regard to the Cudahy kidnaping case.

## To Consider the Merger.

BOSTON, Mass., April 18.—President Harris of the Chicago, Burlington & Quincy railroad, arrived here today to attend the meeting of the directors here tomorrow, and at which it is generally understood the question of the consolidation of the Chicago, Burlington & Quincy with the Great Northern & Northern Pacific, is to be taken up. No one connected officially with the Burlington road will say anything officially about the deal.

# DESTRUCTION OF GRASSHOPPERS.

Prof. Brunner Issues a Bulletin Regarding the Matter.

LINCOLN, Neb., April 15.—Prof. Lawrence Brunner, entomologist at the University of Nebraska, has issued a bulletin in which he discusses various plans for destroying grasshoppers. It begins with a general description of the insects, this outline includes a statement of their life history, habits and relations to other insect forms, as well as the effects of climate, latitude, altitude and diseases in keeping them within certain limits. Much stress is laid on the past carelessness in the efforts of farmers of the state for permitting native locusts to become sufficiently numerous to cause trouble.

Among the artificial remedies which are suggested and described in this bulletin the most important is that of "discing" in early spring alfalfa fields and other grounds containing the eggs of these insects. This discing can be done at any time after the frost is out of the ground, but the best time seems to be early in April. Instead of injuring the alfalfa numerous experiments in Kansas and Nebraska have shown that by running the disc over the fields the yield is greatly increased. This stirring of the soil breaks up the egg masses and exposes them to the drying influences of the air and the keen eyes of the birds.

## NEW FISH AND GAME LAW.

No Effort to Enforce It Until After the First of July.

LINCOLN, Neb., April 15.—It is officially announced at the state house that no attempt will be made by state officers to enforce the new fish and game law before July 1, that being the time when all laws passed without an emergency clause by the last legislature will become effective. An emergency clause was attached to the enrolled copy of the bill through error and without authority, but, although it was signed by the presiding officers of the legislature and by the governor, it cannot be enforced, for the reason that it was defeated in the house of representatives. The official journal of the house shows that the bill was ordered for third reading on March 13 and that on roll call it failed to receive the constitutional two-thirds vote necessary for an emergency clause thus leaving it subject to a motion to strike out the clause. Such a motion was made by Coppock of Holt county and adopted, as the record shows. The roll was then called on the bill without the emergency clause and as it received the requisite number of votes it was declared passed.

Senator Millard's Private Secretary. OMAHA, Neb., April 15.—Senator Millard has selected James B. Haynes as his private secretary and has sent the name to Washington. Mr. Haynes, the new secretary, has been a resident of Omaha for many years. In 1881 he did his first newspaper work in this city, reporting the session of the legislature for the Bee. From 1882 to 1885 he was stenographer in the office of the general passenger agent of the Union Pacific railroad and in 1887 was stenographer in Judge Hopewell's court.

## Will Move For Acquittal.

FRANKFORD, Ky., April 13.—The prosecution in the Ripley conspiracy case will conclude its testimony tomorrow. The defense will move for instructions for a verdict of acquittal. Lawyers for the prosecution do not believe this will be sustained in view of the ruling of the court permitting the introduction of evidence as to the conspiracy. They assert that the evidence of ex-Governor Bradley and Judge Yost connects Ripley with the case.

## Burns Herself to Death.

PLATTSMOUTH, Neb., April 15.—Mrs. Kinkead, 82 years of age, who had been living with her son, went into the cow house of Mrs. Seidenstricker, a neighbor, and after partially disrobing, set fire to her underclothing and started for the house. A physician was called, but she died. She said she was tired of living and begged the doctor to give her chloroform. She had been in poor health.

## Fixes Date of Reunion.

PLAINVIEW, Neb., April 15.—The Grand Army of the Republic committee of northeast Nebraska met to locate the next reunion. Neligh was chosen as the place, the reunion to begin the second week in July. A campfire was held at the opera house.

## Literature for the Penitentiary.

LINCOLN, April 17.—The chaplain of the penitentiary sends the following to the Omaha Bee: "Please make a call for books and magazines for our library at the penitentiary, for all of the 4,000 volumes were lost in the fire, and we need books to cheer the poor men. This is a real mission work. Have all sent to the chaplain at the penitentiary. Only good books are needed."

## Fell Dead on Street.

COUNCIL BLUFFS, April 17.—Smith Saunders, real estate dealer, dropped dead while waiting for a car at Broadway and Sixth street. The cause of his sudden death was attributed to a stroke of apoplexy.

## Lincoln Man Gets Promotion.

WASHINGTON, April 17.—Frank M. Woodward of Lincoln, son of Captain Woodward has been promoted to \$1,800 and made chief clerk of the agricultural division of the census office. Mr. Woodward has been one of the most efficient men in the service and has won his promotion, according to Director Merriam, through broad comprehensiveness of what was done in one of the most important branches of the census bureau.

# NEBRASKA'S GAME LAW

A Measure in Which Sportsmen Are Greatly Interested.

## IN OPERATION THE FIRST OF JULY

Some of the Sections in the Bill—Number of Votes It Received in the House—A Lincoln Man Gets Promotion—Miscellaneous Nebraska Matters.

LINCOLN, April 17.—An unusual interest has been manifested in the new game law that has been passed by the legislature and signed by the governor. Inquiries come in on every mail to the secretary of state for copies of the bill and the supply has been exhausted. Additional copies have been ordered printed. The law is a lengthy one and re-enacts the entire game laws as they existed on the statutes before. The provisions against market hunting are especially strict. The law makes provisions for new officers to protect the game interests. None of these have as yet been named.

The bill as it is approved in the hands of the secretary of state contains an emergency clause. It received fifty-eight votes in the house, which was not sufficient to entitle it to pass with the emergency clause there. The senate was given this information when the bill came up there and it passed the senate without the emergency clause, but in some manner that clause was left on the bill. This, it is believed, will be equivalent to giving it the same limit for going into effect as other bills which have no emergency clause, which will be in July 1. The measure is:

House roll No. 138, by Evans—To protect fish and game, song, insectivorous and other birds within the state of Nebraska, to provide penalties for the violation thereof, to create a game and fish commission for the state of Nebraska, and defining its powers and duties, and to repeal an act entitled, "An act creating a board of fish commissioners for the propagation and distribution of fish in the public waters of Nebraska."

Section 1. There is hereby created a game and fish commission for the state of Nebraska, which shall have the general charge of the following named public matters, viz: First—The protection, propagation and breeding of such fish, game, song, insectivorous and other birds as may be deemed valuable to the people of the state.

Second—The collection and distribution of such statistics and information as may be deemed useful respecting the protection and propagation of fish, game, song, insectivorous and other birds, and to take charge of and preserve all books, records and documents pertaining to the subject which may come into the possession of said commission, or under its control.

Third—The control and management of all state fish hatcheries and grounds used therefor, together with all buildings, ponds, apparatus of every kind, and all other property belonging to or used by the state in the propagation of fish.

Fourth—The enforcement of all laws of the state for the protection, preservation and propagation of fish, game, song, insectivorous and other useful birds.

## Winter Wheat in Good Shape.

LINCOLN, April 17.—Reports that reach the freight department of the Burlington indicate that the fall wheat crop this season will be very heavy. Up to this date the weather has been all that could be desired for this crop. For the past month the ground has been soaked with moisture and there has been no excessively cold weather. Commercial Agent Cox of the Burlington said that information gleaned by him indicated the acreage would be at least fifty per cent larger than a year ago. Favorable reports have been received from every portion of the state where winter wheat is sown.

## President May Buy a Home.

WASHINGTON, April 18.—President McKinley is not contemplating purchasing a summer home in West Washington in which to spend the summer, as reported. After the New England trip, which will follow the trip to the Pacific coast, the president and Mrs. McKinley will go to Canton and the major portion of the heated season will be spent there.

## Iron Ore Field Found.

DENVER, Colo., April 18.—A new manganese iron ore field has been discovered twelve miles south of Little Grande, Utah, a station on the Rio Grande Western railway.

## High Korean Convicted.

ST. PETERSBURG, April 18.—News has been received here from Seoul, Corea, to the effect that the Korean minister of justice, Yi Kou Ho, was arrested April 1 for conspiracy against the empress of Corea. He named various high officials as accomplices in the plot. Yi Kou Ho was condemned to death April 5 and the assistant minister of the Korean court was sentenced to fifteen years' hard labor. The others were acquitted.

# THE LIVE STOCK MARKET.

Latest Quotations from South Omaha and Kansas City.

CATTLE—There was another heavy run of cattle, making the supply for the two days so far this week considerably ahead of last week or of the corresponding week of last year, as the table of receipts at the head of the column will show.

The great bulk of the receipts was composed of beef steers and the quality averaged up in good shape. The liberal supply, of course, gave buyers a chance to discriminate against the common stuff and sellers who had the less desirable grades found them hard to dispose of and were quoting the market 50c to 1c lower. The choice cattle, however, were in good demand and did not sell so much lower. The kinds that were good enough to bring from \$1.50 up were only a trifle lower than yesterday and the yards were soon cleared of that kind.

The supply of cows today was very light in proportion to the total receipts and buyers were out early looking for supplies. Bulls were also in good demand and prices making a drop in values on the better grades. There were very few feeders offered and no one seemed to be anxious for them.

HOGS—There was the heaviest run of hogs that has arrived in some time, and as Chicago reported a drop in values amounting to from 5c to 10c, this market opened about on that basis. The bulk of the hogs sold at \$5.95 and \$5.50, and the better grades of heavy hogs sold from that up to \$6.00, so that the market was generally 5c lower. Packers took hold in fairly good shape at those prices, and it was not long before the bulk of the hogs had changed hands. At one time the market became a little firmer and more active, but along toward the last end the feeling was not so good and the close was easily 7 1/2c to 1c lower than yesterday.

SHEEP—The quotations on sheep were: Choice wethers, \$4.50 to \$4.75; fair to good wethers, \$4.25 to \$4.50; clipped wethers, \$4.00 to \$4.25; fair to good yearlings, \$3.75 to \$4.00; clipped yearlings, \$3.50 to \$3.75; choice light-weight ewes, \$4.25 to \$4.50; fair to good ewes, \$3.75 to \$4.00; clipped ewes, \$3.50 to \$3.75; good clipped ewes, \$3.25 to \$3.50; choice lambs, \$5.00 to \$5.25; fair to good lambs, \$4.75 to \$4.95; clipped lambs, \$4.50 to \$4.75; spring lambs, \$4.00 to \$4.25; feeder lambs, \$3.75 to \$3.95.

## KANSAS CITY.

CATTLE—Beef steers and Texans, strong; stockers and feeders, shade higher; native beef steers, \$4.75 to \$5.00; stockers and feeders, \$3.80 to \$4.00; western-fed steers, \$4.50 to \$4.75; Texans and Indians, \$4.50 to \$4.75; Kansas Texans, \$5.00 to \$5.25; \$2.50 to \$2.75; heifers, \$3.75 to \$4.00; calves, \$2.50 to \$2.75; bulls, \$3.00 to \$3.25.

HOGS—Market 50c to 1c lower; top, \$6.12 1/2; bulk of sales, \$5.50 to \$5.75; heavy, \$6.00 to \$6.25; mixed packers, \$5.00 to \$5.25; 95c to 1c; pigs, \$3.00 to \$3.25.

SHEEP AND LAMBS—Market strong; western lambs, \$4.50 to \$4.75; western wethers, \$4.50 to \$4.75; western yearlings, \$4.50 to \$4.75; ewes, \$4.00 to \$4.25; culls, \$3.00 to \$3.25; spring lambs, \$3.50 to \$3.75.

## MUST SEE WHAT AGENT GETS

What Government Requires of Spanish-American War Claimants.

WASHINGTON, April 18.—The Spanish-American claims commission yesterday made public a number of additional rules for the guidance of persons presenting claims of United States citizens in connection with the insurrection in Cuba. These additional rules relate to pleadings, evidence and the various books which are to be kept, such as order books, general docket, notice book and motion calendar. The rule which will attract the most attention is that which is in these words: "The contract of each claimant with any agent and any attorney for carrying on or aiding in the prosecution of the claim must be shown."

These rules for the presentation of claims and taking of evidence having been adopted, the business of the members of the commission between now and September, it is expected, will be that of dealing only with interlocutory motions, which are not of great importance. Various questions have been put in the form of tentative propositions upon which the observations of counsel for claimants will be gladly received. They are as follows:

1. That no depositions of witnesses can be taken outside the United States.
2. That it must appear that the claimant became naturalized in good faith and maintained and exercised his citizenship in the United States.
3. That Spain was not liable for damages, done by the Cuban insurgents.

## President May Buy a Home.

WASHINGTON, April 18.—President McKinley is not contemplating purchasing a summer home in West Washington in which to spend the summer, as reported. After the New England trip, which will follow the trip to the Pacific coast, the president and Mrs. McKinley will go to Canton and the major portion of the heated season will be spent there.

## Iron Ore Field Found.

DENVER, Colo., April 18.—A new manganese iron ore field has been discovered twelve miles south of Little Grande, Utah, a station on the Rio Grande Western railway.

## High Korean Convicted.

ST. PETERSBURG, April 18.—News has been received here from Seoul, Corea, to the effect that the Korean minister of justice, Yi Kou Ho, was arrested April 1 for conspiracy against the empress of Corea. He named various high officials as accomplices in the plot. Yi Kou Ho was condemned to death April 5 and the assistant minister of the Korean court was sentenced to fifteen years' hard labor. The others were acquitted.

# Practical Civics in Schools.

Superintendent Howell, of the Scranton, Pa., schools, has proposed a plan for instructing the pupils as to the manner in which a president of the United States is elected. The demonstration is to be a practical one. Each school is to constitute a convention and each pupil is to write an essay giving the history of a presidential campaign from the beginning to the inauguration. After these are completed a platform committee will be appointed in each school to prepare resolutions or declarations of party principles after which the election will be held, each pupil voting for his candidate for president. The election is expected to take place in March. Many advantages are to be had from practice of this kind and there is no reason why it should be confined to presidential elections.

## Began as a Backstop.

Congressman Wadsworth's hands are battered out of shape nearly as much as were those of the late "Silver" Flint and from the same cause. The New York man was in his day a crack baseball player and at one time held down first base in the Yale nine. He has a son who filled the same position for Yale and was as good a player as his father.

## MOTHER AND DAUGHTER.

The Wife and Mother-in-Law of Mr. Charles Keys.

CLARISSA, Minn., April 15. (Special.)—No family in this vicinity is better known or more universally respected, than Mr. Charles Keys, the local School Teacher, and his estimable wife, and mother-in-law. For a long time, Mrs. Keys has been in ill health. Recently, however, she has found a cure for her ailments in Dodd's Kidney Pills.

"I cannot speak too highly of Dodd's Kidney Pills, or of what they have done for me," said Mrs. Keys. "My life was miserable, my back always ached, also my head. I was troubled with Neuralgia in the head and face and suffered extreme pain, but thanks to Dodd's Kidney Pills, all those aches and pains have vanished like the morning dew, and it now seems that life is worth living. I consider Dodd's Kidney Pills a God-send to suffering humanity. They may rightly be named the Elixir of Youth."

"While speaking of my own case and the wonderful benefit I have received, I might also add, that my mother, who is now an old lady of 74 years and who lives with me, has been troubled more or less, with aches and pains, as is natural with one of her advanced age. When she saw what Dodd's Kidney Pills had done for me, she commenced to use them herself, and she says that they have done her more good than any other medicine she has ever tried.

"This testimony is given in the hope that others who may be afflicted as we were, may see and read it, and be benefited by it."

What Mrs. Keys states in her letter can be verified by reference to any of her many friends in this neighborhood. Dodd's Kidney Pills have already a wonderful reputation in Todd County.

Nothing has ever cured Bright's Disease, Diabetes or Dropsy but Dodd's Kidney Pills.
