

10 Machines in 1

Eight Times as Efficient as Emery

All Your Grinding

The Harman Grinder provides for all the grinding, rust removing and polishing that has to be done on the farm, from the very heaviest grinding on plow points to polishing silverware. We send ten separate wheels, polishers and a hone. Do ALL your own sharpening, and do it quickly and easily. Here is a list of the attachments of the Harman Grinder:

10 MACHINES IN ONE

1. One Sickle Grinding Wheel (Improved)
2. One Fine Grinding Wheel (Improved)
3. One Coarse Grinding Wheel (Improved)
4. One Harman Special Oil Stone (Improved)
5. One Saw Gummer (Improved)
6. One Sickle Holding Attachment
7. One Scythe Stone (New)
8. One Harman Special Razor Hone (New)
9. One Disc Grinding Attachment (New)
10. One Tool Rest

The above complete outfit included with every Harman Grinder. With all these ten machines in one there is nothing on the farm that you cannot sharpen and polish.

Alectride Will NOT Draw the Temper from Steel

Alectride wheels will not wear in spots or become lopsided. They will not glaze over. They are not only hard, but they are equally hard throughout. There are no soft spots in an Alectride wheel. Many have been in use for 10 years and show hardly a bit of wear. Alectride wheels will positively not draw the temper of the finest tool. The reason for this is that Alectride does not heat the article which is being ground as does an emery wheel or a grindstone. Alectride cuts, and cuts quickly—it cuts so quickly that the steel does not have time to heat.

25 Times Faster Than the Grindstone

Alectride will grind 25 times faster than the grindstone and 8 times faster than the emery wheel. You can do the same work in two minutes on a Alectride wheel that would take you at least a half an hour on a grindstone and do it better. And you can operate the Harman Special Farm Tool Grinder for half an hour with less effort than would be required in running a grindstone for 2 minutes. The old-fashioned grindstone is distanced. The emery wheel is outclassed. Alectride is being used in all the largest machine shops where very rapid cutting is absolutely a necessity. And the severe use which Alectride wheels have had in these shops has proved that they are the fastest grinding wheels known.

Genuine Alectride Grinder—NOT an Emery Wheel

Hard enough to scratch the diamond

And Alectride is the most wonderful abrasive in the world, even harder than the diamond. It is really manufactured diamonds, for it is made of the very same substances which go to make up the sapphire and the ruby. Alectride is the most perfect grinding substance known. It is just as much harder than emery as emery is harder than ordinary chalk.

Alectride is an absolutely new substance. Alectride is manufactured in the most terrific heat which man has ever been able to produce. A heat so great that it will actually burn up a common brick like so much gunpowder. And in this incomprehensible heat is produced Alectride. **It is the heat in which the worlds were formed.** Every one of the beautiful iridescent, needle-like crystals is so hard that it will actually scratch the diamond itself. It is these crystals which are crushed up and made into the grinding wheels. It is these inconceivably hard and sharp crystals which cut through the hardest steel more easily than the finest emery wheel will cut through soft copper.

HARMAN GRINDER RECOMMENDED BY GOVERNMENT OFFICIALS

Supt. of Indian School Adds His Praise to That of Thousands of Farmers All Over the Country
 Department of the Interior, U. S. Indian Service, Wahpeton Indian School, Wahpeton, N. D.
HARMAN SUPPLY CO., Chicago.
 Sirs: The tool grinder shipped to this school has given good satisfaction and appears to be as guaranteed by you. I am enclosing photograph of the school and buildings, and you may use same and recommendation as you desire.
 Very respectfully,
 W. C. RANDOLPH,
 Supt. and Spl. Dist. Agt.

Government recommendation means something.

The Harman Grinder was first tested carefully, approved and purchased. Now, after it has been used and proved its worth in hard everyday grinding and polishing and has been approved by officials who are slow to praise unless they KNOW—don't you think that you should at least TRY this grinder when you can do so at no expense to yourself and no risk? The grinder MUST make good to your entire satisfaction or we want you to send it back. Write for the grinder today and see how much money it will save on YOUR farm.

Most Useful Machine on Farm

I must say the grinder is far ahead of anything I expected it to be. No more hand power grindstones for me. When I want to sharpen anything I go and do it without chasing up the second party to turn the stone. Not being used to sharp tools, three of my family have slight mementos on their fingers and I touched myself slightly this afternoon. My boy calls it "Pop's" bicycle. Very true that statement that you can use it 365 days a year. I gunned a cross-cut, sharpened some knives and a hatchet. I am satisfied that it is the most useful tool or equal to any tool the farmer or anybody else has on his place.

If Farmers Knew, All Would Buy

I don't think any farmer would be without one of your grinders on his farm after he has an opportunity to try one. I think it is the best machine of the kind I ever saw. The Hone that I received with my machine is the best stone I ever used, and I have used a great many different kinds. I have tried nearly everything that needs sharpening on a farm on this grinder and it has proven satisfactory in every case.

Beats Anything I Ever Saw

Your Grinder is just what every man that has tools to grind should have. I am well satisfied with the grinder. It beats any grinder I ever saw or used. Enclosed find check to pay for grinder.

 R. F. D. No. 3, Ossian, Ind.

Seven Days Enough to Prove Worth

I have had the grinder just seven days and that is enough to show me that it is more than you say it is, and I have tried it on everything that I could, and it beats the old grindstone all hollow, and I think you will make more sales around here, as there has been quite a few of my neighbors who have seen my grinder work.
 BERT LEWIS,
 Box 27, Larchwood, Iowa.

Would Not Take Twice Price

After ten days' free trial with your Grinder I can say that I am well pleased with it and would not take more than twice the price for it if I could not get another like it.
 V. V. MAXSON,
 West Point, Miss.

Another Man Who Knows a Good Grinder

I received your Grinder the 15th and have given it a thorough test. It is much better than I expected, which is enough to say I am well pleased with it. I would not sell it for double the cost and do without one.
