Legal Notice

In the District Court of Cass County, Nebraska.
Lucy May Fuller Plaintiff

William H. Fuller Defendant
To William H. Fuller non-resident defendant: You are hereby notified that on the 24th day of February, 1908, Lucy May Fuller filed a petition against you in the District Court of Cass County, Nebraska, the object and prayer of which are to obtain a divorce from you on the ground of extreme cruelty and failure to support and maintain plaintiff, and to be restored to her maiden name.
You are required to answer said petition on or before Monday the 13th day of April 1908.
Lucy May Fuller,
By A. N. Sullivan,
her Attorney.

Notice of Probate of Will.

In the County Court of Cass County, Nebraska.
In the matter of the estate of Catherine Stadelmann, deceased.
To all persons interested or concerned: You are hereby notified that a petition has been filed to probate a will purporting to be the last will of Catherine Stadelmann, and for the appointment of the executrix named therein. There will be a hearing upon said petition at my office in the court house in the city of Plattsmouth, Cass County, Nebraska, at ten o'clock a. m., on the 4th day of April, 1908, and all objections thereto must be filed by said hour, and at said time, such orders will be made as are just and proper in the premises.
ALLEN J. BRISON,
D. O. Dwyer, Attorney. County Judge.

A GOOD MAN PASSES AWAY

One of the Best and Most Prosperous Farmers in Western Cass.

From the fact that the Journal was unable to secure the proper data of the late death of Fred Schewe, alone accounts for our delay in making the proper mention of his death, which occurred at his late home in Murdock, on the 19th day of March.

Fred Schewe was born in Konitz, Germany, on the 25th of January, 1838, where he lived with his parents until the year of 1864, when he came to America, where he lived until 1870, in Chicago, at which time he came to Nebraska, and settled near Greenwood, where he resided a few years and moved to his late home, near Murdock, where he has resided for the past twenty-one years, leaving the old farm four years ago, taking up his residence in Murdock, where he died. His sickness was of short duration, being afflicted with a stroke of paralysis, with which he was stricken but a few days before his death. The funeral was held on Sunday, March 22, and interment was made in the German Evangelical cemetery, four miles south of Murdock.

Fred Schewe was married to Mrs. Amelia Holke, in the year of 1875, who survives him. Two sons were born to this union, Paul F. Schewe, who resides near Murdock, and W. O. Schewe, who is now living on the old home place, where the father settled near a quarter of a century ago.

HOT SPRINGS DOCTORS COMING

Who They Are and What They Will Do Here April 20, 21 and 22 at Riley Hotel

Since the announcement has been made in these columns that Dr. Ben W. Kinsey chief of staff of the Hot Springs Doctors who have their Nebraska State Institute permanently located at 14th and O streets, Lincoln, would pay a three day's visit to Plattsmouth, the question has been many times asked, "Who are the Hot Springs Doctors and what do they do?" The answer is, the Hot Springs Doctors are an association of medical specialists and diagnosticians who have made a close study of the human anatomy and who treat chronic diseases by the world famous Hot Spring system of home treatment. The Hot Springs Doctors have already established institutes in many of the larger cities of the United States, and these institutes are in charge of one or more of the Hot Springs Doctors. As stated above the Nebraska State Institute is located at 14th and O streets, Lincoln, and is in charge of Dr. Thoe. Milen for thirty-two years recognized by physicians and surgeons all over the country as a peer in the matter of medical diagnosis and treatment of chronic diseases. The object of establishing these institutes is to bring this wonderful Hot Spring system of treatment within the reach of all and especially those who cannot afford the time or money to go to Hot Springs, Ark., for treatment. This trip to Dr. Kinsey is merely for advertising purposes, that is Dr. Kinsey is soliciting only difficult cases, cases that other doctors have failed to cure and have given up as hopeless and in this way show what this wonderful Hot Springs system of home treatment will do. These few different cases that Dr. Kinsey secures and cures will be good advertisement and will give others who are suffering, confidence in the Hot Springs Doctors and these will not hesitate to go to Lincoln for treatment.

Of course, Dr. Kinsey does not claim he can cure all cases but among the many supposedly incurable cases he will select many that he can cure.

DR. BEN W. KINSEY.

This Hot Springs system of home treatment is endorsed by the United States government as is attested by the fact that the government owns Hot Springs, Ark., and has established its army and navy hospitals there, where soldiers and sailors are sent after all other methods have failed to cure.

The Hot Springs Doctors treat chronic diseases of the nerves, blood, skin, lungs, kidneys, liver, bowels, stomach including neuralgia, paralysis, rheumatism, catarrh, piles, rupture, goitre, gall stones, and diseases of woman and diseases of men.

The Hot Springs system of home treatment is not only endorsed by the United States government but by the leading banks, business men, clergy and newspapers. The large daily papers of the country are continually publishing reports of the wonderful cures that have been made by the Hot Springs Doctors with their Hot Springs system of home treatment. A recent issue of the Lincoln Daily Star contained the following story of an almost miraculous cure made by these doctors at their Lincoln institute.

"After months of suffering with gall stones and many doctors had given her no relief, Mrs. E. W. Brinley started from her home in Arcadia, Neb., to Kansas City to undergo an operation for her trouble. Stopping off in Lincoln for a few hours between trains, she was met by John Wall, a banker at Arcadia and ex-candidate for governor of Nebraska. Mr. Wall having been cured of an old chronic kidney trouble by the Hot Springs Doctors has more faith in Nature's never failing remedies as used by the Hot Springs Doctors, than in the surgeons knife. Mr. Wall was interested in saving Mrs. Brinley from the horrors of an operation, if it were possible to do so, and to this end

persuaded her to consult the Hot Springs Doctors before continuing her trip to the hospital. The result of the consultation with the Hot Springs Doctors, she tells in the following letter: "Arcadia, Neb., Jan. 18, '08. Hot Springs Doctors, Lincoln, Neb.:

Gentlemen:— I have taken your treatment for three months for the cure of gall stones and ask if you think it safe for me to quit taking medicine. I have gained six-pounds and can do a day's hard work. My neighbors tell me that I look better and have better color than I have had for a long time. You have done me so much good that I know you will use your best judgement now. If you think I need more medicine do not let me stop too soon. What can you do for appendicitis as one of my neighbors has it? I thank you for what you have done for me and feel that you have saved my life after other surgical physicians said I would have to have an operation.

MRS. W. E. BRINLEY." The Hot Springs Doctors are in receipt of thousands of just such letters as Mrs. Brinley's and their honest dealing with their patients and the fact that they absolutely refuse to accept an incurable case for treatment has won them a world wide reputation.

The following is an extract from an article published in the Nebraska State Journal of Feb. 20th, 1908.

"For over six years I have been sick with liver trouble, I have had cramping spells over four years. The doctors called these cramps gall stone colic and the only relief I could get was for the doctors to give me morphine to kill the pain and a big dose of physic. I have been treated by eight or ten different doctors but I was gradually getting worse all the time.

"Last fall it was operated upon for appendicitis and for a time after the operation I felt better and then I commenced to get worse and the doctors said that I must have another operation to save my life. My skin was orange yellow color and my kidneys passed blood, my bowels were in terrible condition. I was afraid to have another operation and on Jan. 18, I went to the Hot Springs Doctors for treatment. They told me they could cure me without the knife and they have kept their word. In these three weeks time the Hot Springs Doctors had made a new man of me. I feel better than I have for years. My skin has cleared up, my cramps are all gone, my kidneys have cleared up and I am wonderfully improved in every way. I fully believe that I owe my life to the Hot Springs Doctors and cannot praise them too highly. J. W. LACEY, Havelock, Neb."

You are cordially invited to investigate the above testimonials and still if you are not satisfied you will be given hundreds of others, all of which you may investigate at your leisure. The Hot Springs Doctors do not claim to cure all cases but their reputation for curing supposedly incurable cases is world wide. As they refuse to accept an incurable case for treatment, their patients may be assured for a cure for their money.

As stated above the Nebraska State Institute is located at 14th and O streets, Lincoln.

This wonderful Hot Springs system of home treatment is what Dr. Kinsey is bringing to Plattsmouth. If you are sick and suffering and went to be made well and happy, do not fail to call on Dr. Kinsey when he arrives. Remember consultation and examination is free of charge and all curable cases will be treated free except for the cost of the medicines used. Remember the date and place, Riley Hotel at Plattsmouth, Neb., April 20, 21 and 22.

Here from Avoca.

Julius and G. Neumeister, from near Avoca, were in Plattsmouth yesterday, attending the hearing in county court of their father's estate, who died a short time ago. Julius was made administrator at the last hearing. Both gentlemen paid the Journal office a short call, and both gentlemen became readers of the Journal.

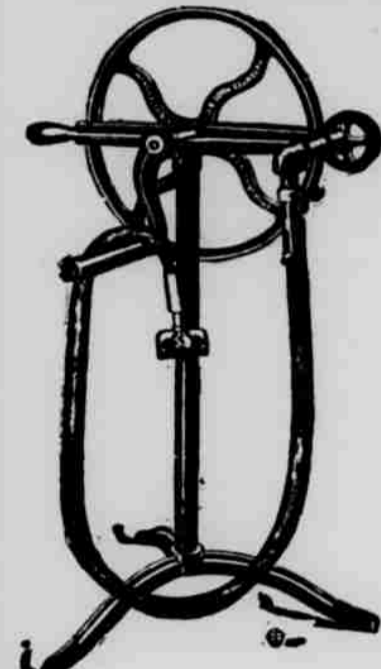

Edward Heil, from Manley, was in Plattsmouth last Saturday, and while here paid the Journal office a brief call renewing for the old Reliable. We are pleased to note Edward is doing well in his present home.

L. B. Brown and J. I. Chalfant were visitors in the city today.

SHOULD A HORSE BE CLIPPED?

STEWART'S No. 1 Clippers..... \$ 7 00
1902 Clippers..... 11 00
We sharpen clipper knives for all kinds of clipping machines.

The clipping of a horse in the early Spring is now conceded by all leading veterinarians to be as essential to a horse's well being as shoeing him or giving him a comfortable bed to lie on. Some years ago a Buffalo street car company tested the value of clipping in the following manner: They owned 500 horses, and 250 of these were clipped early in the Spring and 250 were not clipped. A careful record was kept of results and it was found that of the 250 horses unclipped horses 153 were afflicted with coughs and pneumonia, while of the 250 clipped not one case of sickness was reported.

JOHN BAUER, Plattsmouth, Nebraska

Off for South Omaha

County superintendent Miss Mary E. Foster departed for South Omaha this afternoon, where she will attend the three days teachers' meeting at that place. From Mynard on the same train, the Missouri Pacific also went this evening The Misses Eva Kenedy, Eva Porter and Edna Propst. The teachers from this place will probable await until tomorrow morning when school will close for the the week to allow them to attend.

Q. K. Parmele returned this morning from a business trip at Cullom.

Grandpa Wynn Better

Grandpa Wynn is making some improvements, which justify a hope that he will get out and around again, a fact which his many friends will greatly appreciate, as he has been sick for some time. His daughter, Mrs. Geo. Brinklow, and daughter, Margery, departed the last of the week of their home at Smithville, Texas, who have been visiting here, called by the illness of Mr. Wynn.

Mrs. Hattie Wiles and son, Myron, were visitors in Omaha this morning.

Quality that Counts! Shoes that Wear!

Is Thirteen an Unlucky Number?

This is a subject which has been discussed many and many a time. Some say it is superstition—others absolutely refuse to have anything to do with it. We know it to be a fact that among European people in Europe they are afraid of No. 13. We, as Americans, absolutely refuse to believe that 13 has anything to do with a person regarding death, accident or any other calamity meeting them on life's journey. We can and will show you that No. 13 is a lucky number, in our store, in our shoe department at least. We give the thirteenth shoe customer their shoes FREE OF CHARGE! We care not whether it be yourself or boy or girl, in either case, if you are No. 13, your shoes cost you nothing. The only difference is that you will be told if you are No. 13. This, however, does not apply to any one in connection with our store. There is no strings tied to it. It is simply our way of advertising. That's all.

E. G. DOVEY & SON.
