Nineteen Ninty Nine

What would be the easiest method of paying a man you owed this amount? Could you gather up a ten-dollar bill, a five, four ones, a half, a quarter, two dimes and four coppers? There is a much better way for the man with a checking account. He writes \$19.99 on a blank check, signs his name and hands it to the other party. Carry a check book with you always. There is no safer or more convenient method.

Already the appearance is very perceptible for the better.

FORMER PLATTSMOUTH YOUNG MAN MARRIED AT PALO ALTO, CALIFORNIA

Arthur Lee Munger and Miss Frida Matilda Hauswirth Wedded By New Religious Order The Temple.

Glen Rawls, the genial clerk at C. E. Wescott's Sons clothing emporium, received this week a marked copy of the Palo Altan, a newspaper published at Palo Alto, Cal., containing an account of the marriage of Arthur Lee Munger, a former Plattsmouth boy, to Miss Frida Matilda Hauswirth, the bride and groom both being residents of Palo Alto. The ceremony was celebrated with Temple rites. The Temple is an organization along occult and humanitarian lines, dealing with mystical, as well as practical side of religion, ethics and social science. The local branch at Palo Alto is called the Temple Square. On Sunday, August 7th, the wedding of Mr. Munger and Miss Hauswirth occurred, and was a complete surprise to everyone but the wedding party and the groom's mother. At the conclusion of the morning service, they stepped forward Arthur Lee Munger and Miss Frida Matilda Hauswirth to be married, according to the ritual and rites of the Temple. The ceremony was performed by the official heads, Dr. W. H. Dover and Mrs. F. L. A. La Due, the two chief officials of the Temple, garbed in snow white robes. The ritual is most impressive and is quite unlike that of any other church, in that it minimizes

the religious and accentuates the philosophic and social side of marriage. The ancient heirlooms smacking of the inferiority and submission on the part of the bride are omitted. The Temple has the same sanction to solemnize marriages as that of other church under the law of California.

The bride and groom were in street attire and unattended. Each placed a ring on the fourth finger of the other in token of marriage, repeating the nuptial vows in unison, after which the officials speaking in unison pronounced them man and wife. The consecration hymn was sung by the audience with deep solemnity and feeling. The high contracting parties stood upon a silk Persian rug which has performed the same part in weddings of the Munger family for many years. The groom's father had been called east on business and so was not present. This is the second Temple marriage, the first being performed on last Thanksgiving. Both Mr. and Mrs. Munger are prominent graduates of the Stanford university. Mr. Munger is the son of former deputy county treasurer, A. L. Munger of this county, and is well known to the Plattsmouth young people where the family resided for some time.

New Chairs Are In.

R. M. Schlaes, the moving picture man, has completed the placing of his 250 new opera chairs in the Majestic theater. The room will now present quite a different and pleasing appearance. The rows of chairs are two inches farther apart than in any theater in Omaha, thus Mr. Schlaes looks out for the comfort of his patrons. There is quite a difference in sitting in a comfortable opera seat not cramped for room, and not have the rim of the lid of the lady in front strike you in the face. The seats are arranged with hat racks and foot rests conveniences that will be appreciated by the patrons of the house. The raised stage will be fitted up in the most modern fashion with foot lights and other accessories.

Peaches Were Fine.

The peaches shipped to us by Mr. John Murray from Alva, Okla., were received yesterday and we immediately opened the basket and sampled them. They are the finest peaches we ever saw, there not being a single blemish on them, and still they laid in the Pacific Express office here for two or three days before we knew they had arrived. They had the rarest of flavor and indeed they were the finest we have ever tasted. We certainly appreciated your kind remembrance Mr. Murray, and we certainly did ample justice to them.

Andy Snyder register of deeds, was a Taber visitor today where he went to root for the home boys.

Off for South Dakota.

E. Austin and C. Albin, accompanied by M. Lynde from Union, were in the city this morning, the former two gentlemen being en route for South Dakota while Mr. Lynde had some business matters here to look after. It will be remembered that Mr. Austin and Mr. Albin drew farms in the Standing Rock and Cheyenne drawing, and it was in the interest of their new possessions that they were making this trip. They departed on their northern journey over the Burlington this afternoon.

The drawing is to commence September 1st, on which date Mr. Albin's number will be called. His number being 8014, while Mr. Austin drew 11,192 or thereabouts. These gentlemen are going to look at the land before the date of drawing. After the drawing they will have ten days to decide whether they will accept the allotment.

Corn Crop About Prague Good.

Mr. G. M. Fleming, a farmer residing near Prague, in Saunders county, Neb., stopped a few hours in Plattsmouth this morning while en route to Murray to visit relatives. Mr. Fleming thinks the corn on his farm will make two-thirds of a crop this season. The prospect for a crop now is more favorable than last year. Small grain was a splendid crop, while hay will be very short. Farmers who had alfalfa are in luck, as they have cut two or more crops of the hay and will get one or two more.

Use "Forest Rose" Flour if you want the best results in making good bread. Try a sack and you will buy no other. For sale by all leading dealers.
