Her father, Henry Hubbard was a miller as well as a millwright, completed a mill that had been started and also built two more mills one down the creek southeast of Weeping Water and one west of town, up the creek. These he conducted for a number of years. Mr. and Mrs. Hubbard were a very prominent couple, Mrs. Hubbard living to be 83 years of age while her husband lived to pass his 94th birthday anniversary.

The day after the wedding was a memorable day for Weeping Water as on that day was laid the cornerstone of a new building which was to be a sewing machine factory, which ceremony was attended by a large number of people, which was in charge of the Masonic lodge. This promised to be a very worth while industry for the new town of Weeping Water. It was difficult to compete with the large and powerful sewing machine companies so strongly located in the east, among which were the Singer, the Howe, the Eldridge, the Domestic and the old Wheeler & Wilson.
