—recently, however, (June 27th, 1854.) Letters
Patent for the United States have been granted, se
Nev. 15, 1856. Patent for the United States have been granted, so caring the invention for fourteen years. This Mill has sustained itself wherever it has been brought into competition with other Mills. It was ran against the other make of Mills of our city, at the Ohio State the other make of Mills of our city, at the Ohio State Fashionable Tailor, Watches, Jewelry and Fancy Goods. Fair, in 1850, when it drew a diploma as the best Corn Mill, and was awarded a fine silver medal.

Of these Mills we manufacture five sizes for corn, and three expressly for grinding wheat flour.

The peculisir novelty of this Mill is, the under stone is the running stone, in all cases. There is no limit to the speed, and as speed is everything in grinding, it will out grind any upper grinder in the world. Secondly: By this arrangement we are enabled to get grain into the Mill with a very small eye, consequently we grind nearer the course, and of course with less power than any upper grander. Brownville, Aug. 23, 1856.

ROCK PORT, MO.

INFORMS the public that he is now prepared to serve them in the above maned capacity. Having had long and extensive experience, he flatters him rounge. Good fits warranted in all cases.

PARTICULAR ATTENTION

Given to enthing out garments for home making.

Brownville, Aug. 23, 1856.

VI-n121y Fourthly: Our Mills never take unjury by running upty the under stone not touching the upper one,

> tage over all Mills where the upper stone is the ran-ner. August 23, 1856. vini2tf FRESH DRY GOODS. EEDY, JAMESON & CO.,

no injury can be done. This is an important advan-

Nos. 170 and 172 Main St., St. Louis.

WE are now in receipt of the most complete and magnificent stock, over offered to the Western Trade. Merchants visiting this city are invited to make an orangination of one stock and prices.
