to competition with other Mills. It was run against Dollars. The Magazine is sold by all periodical Corn Mill, and was awarded a fine silver modal.

Of these Mills we manufacture five sizes for corn. Knickerbocker and Home Journal, one year for Four and three expressly for grinding wheat flour.

The peculiar novelty of this Mill is, the under The peculiar novelty of this Mill is, the under Letters containing remittances and everything constone is the running stone, in all cases. There is no nected with the buisness department, should be adlimit to the speed, and as speed is everything in grinding, it will out grind any upper grinder in the world.

Als Broaders New York Secondly: By this arrangement we are enabled to get grain into the Mill with a very small eye, consequently we grind nearer the centre, and of course with less power than any upper runner can be made.

Thirdly: Our Mill takes any kind of grain without choking. We warrant against choking in any and all cases. This is a great vexation causing delay and trouble in all Mills where the upper stone is the runner. Of course, we mean small Mills, where the motion must be high to do much business.

Fourthly: Our Mills never take unjury by running upty-the under stone not touching the upper one,
