Gents: I feal it my duty to no knowledge what your Sarsaparilla has done for me thing inherited a Serotalous infection, I has suffered from it in various ways for years. Some imes it burst out in Ulcers on my hands and arms sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my hear and covered my scalp and ears with one sore, which was painful and loathsome beyond description. It is disorder grew worse. At length I was rejoiced to east of the first many medicines and several physicians, but without much relief from anything. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospol Messenger that you had prepared an alterative (Sarsaparilla), for I knew from you reputation that anything you made must be good I sent to Cincinnati and got it, and used it till it meed me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form ander the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you that I hold you to be one of the spostles of the ago and remain ever gratefully.

Syphilis and Mercurial Disease.

New Onteans, 25th August, 1859.

Dr. J. C. Aver.: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found 35 affects that. complaints for which it is recommended, and have found its effects truly wonderful in the cure of Venereal and Mercurial Bisease. One of my patients had Syphilitic alcers in his throat, which were consuming his painte and the top of his mouth. Your Sarsaparilla steadily taken cured him in five weeks. Another was attacked by secondary symptoms in his note, and the ulceration had eaten away a considerable part of it, so that I believe the distorted would soon remen his brain and kill him. But it yielded to my administration of your Sarsaparille. order would seen reach his brain and kill him. But it yielded to my administration of your Earzaparilla the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this polson in her bones. They had become so sensitive to the weather that or a damp day she suffered exerneiating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that the Preparation from your inhoratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Enternally yours, G. V. LARIMER, M. D.

Jules Y. Getchell, of St. Louis, writes: "I have been sufficied for years with an affection of the Liver which destroyed my health. I tried everything and overything failed to relieve me; and I have been sufficient down man for some years from mother cause than derangement of the Liver. My beloved pastor, the Roy. Mr. Espy, advised me to try your Sarsaparilla, because he said he knew you and anything you made was worth trying. By the blessing of God it has cured me, and has so purified my blood as to made a new man of me. I feel young again. The best that can be said of you is not ball good enough."
