

# AYER'S Sarsaparilla

FOR PURIFYING THE BLOOD.  
And for the speedy cure of the following complaints:  
Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Eruptions, Boils, Blains, and all Skin Diseases.  
OAKLAND, Ind., 6th June, 1890.  
J. C. AYER & Co., Gentl: I feel it my duty to acknowledge that your Sarsaparilla has done for me what no other medicine could. I have suffered from it in various ways for years. Some times it burst out in Ulcers on my hands and arms, sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, without much relief from anything. In fact the disorder grew worse. At length I was advised to use an alternative (Sarsaparilla), for I knew from your reputation that anything you made must be good. I went to Cincinnati and got it, and used it till I cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and in about three weeks. New and healthy skin soon began to form under the scab, which after a while fell off, and skin is now clear, and I know by my feelings that the disease has gone from my system. You can rest assured that I feel well, and knowing what I tell you that I hold you to be one of the apostles of the age and remain ever gratefully.  
ALFRED B. TALLEY.

**St. Anthony's Fire, Rose or Erysipelas.**  
Tetter and Salt Rheum, Scald Head, Ringworm, Sores, Eruptions, etc.  
Dr. Robert M. Peck writes from Salem, N. Y., 12th Sept., 1890: "I have been cured of a case of Dropsy, which threatened to terminate fatally, by the persevering use of your Sarsaparilla and also a dangerous Maligant Erysipelas by large doses of the same; says he cures the common Erysipelas by it constantly."  
**Bronchitis, Croup or Swelled Neck.**  
Zebulon Sloan, of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a Croup—a hideous swelling on the neck, which I had suffered from over two years."

**Lencorrea or Whites, Ovarian Tumor, Leucorrhoea, Female Discharges.**  
Dr. J. B. S. Channing, of New York City, writes: "I most cheerfully comply with the request of my agent in saying I have found your Sarsaparilla most excellent alternative in the numerous complaints for which we employ such a remedy, but especially in Female Discharges of the Scrofulous character. I have cured many favorite cases of Leucorrhoea by it, and some where the complaint was caused by ulceration of the uterus. The action here was soon cured. Nothing within my knowledge equals it for these female derangements."  
Edward S. Marrow, of Newbury, Ala., writes: "A dangerous ovarian tumor on one of the females in my family, which had defied all the remedies we could employ, has been cured by the use of your Sarsaparilla. Our physician thought nothing but the trial of your Sarsaparilla, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your Sarsaparilla eight weeks the symptoms of the disease ceased."

**Syphilis and Mercular Disease.**  
NEW ORLEANS, 22d August, 1890.  
Dr. J. C. AYER: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla. I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of General and Mercular Disease. One of my patients had syphilis in his throat, which he was consuming his palate and the top of his mouth with it. Your Sarsaparilla steadily cured him in six weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disordered would soon reach his brain and kill him. But he yielded to my advice, and used your Sarsaparilla. The ulcer healed, and he is well again, not of course without some disfigurement to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bowels. She had become so sensitive to the weight of a damp day she suffered excruciating pain in her joints and bones. She too, was cured entirely by your Sarsaparilla in a few weeks. I know from my formula, which your agent gave me, that this Preparation does not contain any mercury, and I feel sure, consequently, these truly remarkable results will not be surpassed me.  
FRANK M. D.

**Rheumatism, Gout, Liver Complaint.**  
INDEPENDENCE, Preston Co., Va., 6th July, 1890.  
Dr. J. C. AYER: Sir, I have been afflicted with painful chronic Rheumatism for a long time, which defied the skill of physicians, and stuck me in spite of all the remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health. I feel now that I am far better than before I was attacked. I think it a wonderful medicine.  
J. FREEMAN.  
Julius Y. Crechell, of St. Louis, writes: "I have been afflicted for years with an affection of the liver which destroyed my health. I tried everything, but everything failed to relieve me. I have been a broken-down man for some years from no other cause than derangement of the liver. My beloved pastor, the Rev. Mr. Epply, advised me to use your Sarsaparilla, and he said it would be a great relief and anything you made was worth trying. By the blessing of God it has cured me, and has so purified my blood as to make a new man of me. I feel young again. The best that can be said of you is not half good enough."  
**Schisms, Cancer Tumors, Enlargement of Uterus, Caries and Exfoliation of the Bones.**  
A great variety of cases have been reported to me where cures of these formidable complaints have resulted from the use of this remedy. But our space here will not admit them. Some of them may be found in our American Almanac. The names of the below named are pleased to furnish gratis to all who call for them.  
**Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia.**  
Many remarkable cures of these affections have been made by the alternative power of this medicine. It stimulates the vital functions into vigorous action and thus overcomes those diseases which would be supposed beyond its reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will do for them all the medicine can do.

**Ayer's Cherry Pectoral.**  
FOR THE RAPID CURE OF  
Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease.  
This is a remedy so universally known to surpass any other for the cure of Coughs, Colds, and Hoarseness, and its true wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the common or even families, among them who have not some personal experience of its effects. Some living happily in their midst, of its victory over the sad and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not urge more than the fact that it is now all the virtues that it did have when making the cures which have so strongly upon the confidence of mankind.

# Ayer's Cathartic PILLS.

Are you sick, feeble, complaining? Are you out of order, with your system deranged, and your feelings uncomfortable? These symptoms are often the result of a too rich diet, and a too sedentary life. Take Ayer's Pills and cleanse out the disordered humors—purify the blood, and let the fluid move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, and the system from the obstructions which make disease. A cold settles somewhere in the body, and obstructs its natural functions. These, if not removed, react upon themselves and the surrounding organs, producing general aggravation, suffering and disease. While in this condition, oppressed by derangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. That is true and so apparent in this trial and common complaint, is also true in many of the deep and dangerous distempers. The same purgative effect follows. The system is purified, the obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. None who know the virtues of these Pills, will neglect to employ them when suffering from the disorders they cure. Statements from leading physicians in some of the principal cities, and from other well-known public sources.

From a Forwarding Merchant of St. Louis, Feb. 4, 1890.  
DR. AYER: Your Pills are the paragon of all that I have used in medicine. They have cured my little daughter of ulceration of the rectum, which she had had for several years. Her mother has been long and grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.  
A. S. MORGIDGE.

**As a Family Physic.**  
From Dr. E. W. Cartwright, New Orleans.  
Your Pills are the prince of purgatives. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effective in their action on the bowels, and make them invaluable to us in the daily treatment of disease.  
**Rheumatic Neck, Headache, Foul Stomach.**  
From Dr. Edward Boyd, Baltimore.  
DEAR DR. AYER: I have used your Pills what complaints I have cured with your Pills better than I could tell you. I have cured a purgative medicine. I place great dependence on that effective cathartic in my daily contact with disease, and believe as I do, that your Pills afford us the best we have, of course value them highly.  
PITTSBURGH, Pa., May 1, 1890.  
DR. J. C. AYER: Sir, I have been repeatedly cured of the worst headache anybody can have by a dose of your Pills. It seems to arise from the stomach, which they cleanse at once.  
Yours with great respect, E. B. PHILLIPS.  
Chief of St. James' Hospital.

**Bilious Disorders—Liver Complaint.**  
From Dr. Theodore Bell, of New York City.  
Not only are your Pills admirably adapted to the purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effective for the cure of bilious complaints than any other remedy I have used. I sincerely regret that we are not able to give a purgative which is worthy the confidence of the profession and the people.  
**Dysentery, Diarrhoea, Relax, Worms.**  
From Dr. J. G. Green, of Chicago.  
Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alternative effect upon the liver makes them an excellent purgative to cleanse the system and purify the functions of the food.  
Yours, J. V. HIMES.

**Dyspepsia, Impurity of the Blood.**  
From Rev. J. V. Himes, Pastor of Advent Church, Boston.  
DR. AYER: I have used your Pills with extraordinary success in my family and among those I am allied to in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends.  
Yours, J. V. HIMES.  
WARREN, Wyoming Co., N. Y., Oct. 24, 1890.  
DEAR SIR: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and purify the functions of the food.  
Yours, J. V. HIMES.

**Constipation, Costiveness, Suppression, Rheumatism, Gout, Neuralgia, Dropsy, Paralysis, Etc.**  
From Dr. J. P. Vaughn, Montreal, Canada.  
Too much cannot be said of your Pills for the cure of constipation. If others of our fraternity had used them as efficaciously as I have, they should join in proclaiming it, for the benefit of the multitudes who suffer from that complaint, which, although not enough in itself, is the progenitor of others that are worse. I believe confidence to originate in the liver, but your Pills affect that organ and cure the disease.  
From Mrs. E. Stuart, Physician and Midwife, Boston.  
I find one or two large doses of your Pills, taken at the proper time, are excellent promoters of the natural secretion when wholly or partially suppressed, and also very effective to cleanse the stomach and expel worms. They are so much the best physic we have that I recommend no other to my patients.  
From the Rev. Dr. Hawkes, of the Methodist Episcopal Church, Savannah, Ga., Jan. 6, 1890.  
HONORABLE SIR: I feel it my duty to report to you the relief your skill has brought me if I did not report it to you. A cold settled in my limbs and brought on excruciating neuralgic pains, which, aided in chronic rheumatism. Notwithstanding I and the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them, I am now entirely well. SENATE CHAMBER, Boston House, 15 Dec. 1890.  
DR. AYER: I have been entirely cured, by your Pills, of Rheumatic Gout—a painful disease that has afflicted me for years. I believe confidence to originate in the liver, but your Pills affect that organ and cure the disease.

# Scrofula, or King's Evil

s a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filthy habits, the depressing vices, and above all, by the venereal infection. What ever be its origin, it is hereditary in the constitution, descending "from parents to children to the third and fourth generation;" indeed it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."  
Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, it be lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which renders the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which debilitates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.  
One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alternative medicine, and incorporate it by healthy food and exercise. Such a medicine we supply in

# AYER'S Compound Extract of Sarsaparilla.

he most effectual remedy which the medical skill of our times can devise for this everywhere prevailing and fatal malady. It is combined from the most active remedies that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed by your doctor, not only Scrofula, but also those other affections which arise from it, such as ERYTHRAEMIC SKIN DISEASES, ST. ANTHONY'S FIRE, BOILS, OR FURUNCLES, PUSTULES, PIMPLES, BLOTCHES, BLAINS AND BOILS, TETTER, TETTER AND SALT RHEUM, SCALD HEAD, KINGWORM, LEUCODERMATISM, SYPHILITIC AND MERCURIAL DISEASES, DYSPEPSIA, DEBILITY, and ALL CONSUMPTIVE AFFECTIONS, AND ALL IMPURITIES OF THE BLOOD. The popular belief that "impurity of the blood" is founded in truth, for scrofula is a degeneration of the blood. The medicinal purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

# AYER'S Ague Cure,

FOR THE SPEEDY CURE OF  
intermittent Fever, or Fever and Ague, Remittent Fever, Chills, Fever, Bilious Ague, Periodical Headache, or Bilious Headache, and Bilious Fever, Induced or the whole or a part of the system, arising in malarial districts, caused by the Malaria of Miasmatic Countries.  
We are enabled here to offer the community a remedy which, while it cures the above complaints with certainty, is still perfectly harmless in any quantity. Such a remedy is invaluable in districts where these afflicting disorders prevail. The "Cure" expels the miasmatic poison of FEVER AND AGUE from the system, and prevents the development of the disease, if taken at the first approach of its premonitory symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but the cheapest. The large quantity we supply for a dollar brings it within the reach of every body; and in bilious districts, where FEVER AND AGUE prevails, every body should have it and use it freely both for cure and protection. A great superiority of this remedy over any other ever discovered for the speedy and certain cure of Intermittents is that it contains no Quinine or mineral, consequently it produces no quinine or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never had the disease.  
Fever and Ague is not alone the consequence of miasmatic poisoning, but a great variety of disorders arise from its irritation, among which are Neuralgia, Rheumatism, Gout, Headache, Dizziness, Toothache, Catarrh, Asthma, Paralysis, Pains in the Bowels, Colic, Paralysis and Deformation of the Stomach, all of which, when originating in this cause, are cured by the "Cure" expelling the poison from the blood, and consequently cure them all alike. It is an invaluable protection to emigrants and persons travelling or temporarily residing in the malarious districts. If taken occasionally or daily while exposed to the infection that will be exerted from the system, and cannot accumulate in sufficient quantity to ripen into disease. Hence it is even more valuable for protection than cure, and few will ever suffer from Intermittents if they avail themselves of the protector his remedy affords.
