From Dr. J. P. Vaughn, Montreal, Canada.

Too much cannot be said of your Pills for the ure of costireness. If others of our fraternity have ound them as efficacious as I have, they should join ne in proclaiming it, for the benefit of the multitudes who suffer from that complaint, which, although and enough in itself, is the progenitor of others that re worse. I believe continues to originate in the iver, but your Pills affect that organ and cure the lisense.

From Mrs. E. Stuart, Physician and Midwife.

I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the intural secretion when wholly or partially suppressed, and also very effectual to cleanse the tomach and expel worms. They are so much the sest physic we have that I recommend no other to ny rations.
