FLUID EXTRACT
—OF—
BUCHU.
At the Cape of Good Hope
THE ROTTENTOTS
Have long used
BUCHU
For a variety of Diseases.
It was borrowed from these rude practitioners by the English and Dutch Surgeons, and when its medicinal value was ascertained in Europe, and has since become the general use.
It is given chiefly in Chronic Catarrh of the Bladder, Mucous Inflammation of the Uterus and Uterina, for Female Weakness and Debility.
For Protrusion and Bleeding from the Prostate Gland, Hemorrhoids, or inflammation of the Prostate Gland, Retention, or obstruction of Urine, and all diseases requiring the aid of a diuretic, it is a most valuable medicine, and is in fact the only one to be resorted to in such cases.
It is also recommended in cases of
Dyspepsia, Chronic Rheumatism,
Cutaneous Affections and Erysipelas.
To cure these diseases we must bring into action the muscles which are engaged in their various functions. To lighten them, however slight may be the attack, is sure to affect the body health and vigor.
Our Flesh and Blood
are supported from these sources.
PERSONS AT EVERY PERIOD OF LIFE
From Infancy to Old Age,
and in every state of health, are liable to be subjects of these diseases.
The Causes in many instances are unknown.
The patient has, however, an admirable remedy in
HELMBOLD'S
Fluid Extract of Buchu.
Philadelphia Evening Bulletin Editorial,
Sept. 15, 1865.
HELMBOLD'S
GENUINE PREPARATIONS.
His Solid and Fluid Extracts embody the full strength of the ingredients of which they are made. They are left to the inspection of all. A ready and conclusive test of their properties will be a comparison with those set forth in the United States Dispensatory. These remedies are prepared by H. T. Helmbold, a druggist of sixteen years' experience in this city, and we believe him to be reliable; in fact, we have never known an article lacking merit to meet with a permanent success, and Mr. Helmbold's success is certainly prima facie evidence. His first and Chemical Warehouse, in the city of New York, is not excelled, if equalled, by any in the country, and we would advise our readers, when visiting that city, to give him a call, and judge for themselves.
