The Eastern mail by morning express arrives at 10 o'clock a. m. We are informed that one of our compositors has added to the STYLES of the

The cold snap does not seem to influence the work on our railroad. Trains run out daily and work is being pushed vigorously.

The skatists have been enjoying themselves hugely on the ice-if we may judge from the grand and lofty tumbling we see them perform.

We saw a sled load of honey driven down Main street to-day. We did not learn whether it was for this market or St. Louis, Mo., for Chicago.

Brick! Brick!! Brick!!! This will be the cry next spring. Who is going into this lucretive business? Nowhere in Nebraska is there so good an opening for a few brick yards.

Sheriff Johnson arrived at home today by the Morning Express train, from Mt. Pleasant, where he has been with Godfrey Fickler. He speaks in the highest terms of praise of the Asylum at Mt. Pleasant, and says Mr. Fickler seemed well satisfied to remain there.

We are in receipt of a new paper called the Platte Valley Independent, published at North Platte, Nebraska, by Eberhart & Mobley. It is a neat six column paper. In the number before us-No. 3- we find nothing to indicate the politics of the paper.

The voters of Wyoming Precinct, Otoe county, seem to conclude that paying taxes to furnish interest on bonds given to corporations in other States is emphatically a class of business at which the more you put down the less you pick up At a late meeting in that precinct resolutions strongly condemnatory of this little financial scheme were unanimously passed. Dividends on the Contribution Plan, Securing the Greatest Pecuniary Advantage to the Policy Holders.

REASONS FOR INSURING IN THIS COMPANY:

1st. This is a Western Company, managed by Western men, whose known finanancial character, ability and position, afford ample guaranty for its careful and successful management.

2d. Its Polices are all non-forfeiting.

3d. Premium all cash. It receives no notes and gives none. Policy holders have no interest o pay, and no outstanding notes as liens upon their policies,

4th. Dividends and losses are paid in cash. 5th. It insures at lower rates than any Eastern company.

6th. Its risks are in the West, where the rate of mortality is lower and the rate of interest higher than in the East; hence the accumulation of dividends to the policy holder is greater than

7th. It has no restriction upon travel.

8th. Its dividends are made upon the contribution plan. 9th. Its business is exclusively life insurance.

DIVIDENDS

Are the accumulations of interest upon premiums paid, hence the Company that loans its assets at the highest rate of interest can give you the largest dividends. Eastern companies invest their moneys at 6 per cent., while this makes its investment; at twelve per cent, or more. The advantage of Western investments to the policy holder appears in the following startling

figures: The amount of \$1.000, invested for fifty years at 6 per cent. compound interest, is \$ 18,420.14
