LOCAL NEWS

Mr. Ainsworth's engineering party will proceed next week to survey a railroad route from Crete to Marysville, Kansas.

Mr. James Robarison, one of the populist actors in the Dramatic Troupe of this city last winter, returned to the city this morning, from the west, where he has been during the summer.

If you want to "feel like a morning star," just drop in at Straight & Black's and tell Wiley to dish you up an ice cream, and we will guarantee the star business.

The Mercury at 96° in the shade makes the Soda Fountain at Buttery's a popular institution.

Marshal Morgan has a force at work repairing the streets.

Rather an important legal question arose among the professionals in the city yesterday, to-wit: "Does a claim for stitching hold good against the sewing machine company upon whose machine the stitching is supposed to have been done?" Answer next week.

Farmers from different parts of the county report wheat in good condition, and corn and oats promise to anything before known.

The Steamer Peoneelle passed up this afternoon, leaving a small quantity of freight. She had on board a number of Indians.

Three well filled passenger coaches went west on the B. & M. this morning.

The Plattsmouth police court is expected to present an exciting scene on next Christmas morning, to which time an interesting trial has been adjourned. The trial is "all about a dead chicken," and what became of it."

Hon. J. S. Church, has sold his interest in the Brownville *Advertiser*, to a Mr. Haller of Chicago, so says the *Chronicle*. We are sorry to lose Mr. Church from the editorial fraternity, as we believe him to be a man who advocates what he believes to be right, regardless of politicians.

The *Herald* is glad the Convention is starting in offering their printing to the contract to the lowest bidder, but fails to see the force in their resolution refusing to execute the immigration pamphlet. What a blessing it is to be clear of all political patronage be able to look on equal footing!

Do not forget the Church at Grace Hall. Messrs. Smith & Strong, of this city, have been engaged to do the talking on the occasion. They are good talkers, and will make the part of the audience a interesting.

The river has been rising for the past two days. Reports from up the river indicate a still higher stage of water.

The pupils of Natural Institute, lead by their worthy teacher, Prof. J. D. Patterson, went west on the B. & M. road to-day for the purpose of holding a picnic at Louisville. We have a special correspondent with the excursionists who will give our readers a full account of their doings.

It is said that real estate dealers are doing a much better business than they were a month since—especially with property in the north west part of the city. Mr. Stevens is agent for the auspicious event, and is on hand.

It was generally believed last evening that the rain would not be the cause of the Chautauqua picnic at Louisville, but we received the information of traveled lumberman named Kirby to the point.

Call and see Chapman's paper of Mr. C. B. De La Mater, is now public physician. We believe Mr. De La Mater is the first physician of this practice who has ever "hung out his shingle" in Plattsmouth. Persons who prefer his system can now be accommodated.

LOOK OUT.

There seems to be much feeling on the subject of who shall do the printing for the Convention at Lincoln. The *Journal* claims it under contract to do the State printing, which Secretary Dennis, the possessor of which we are ignorant, gives it to the *Statesman*, a democratic sheet. We do not claim to know whether or not the *Journal* is entitled to the work under its contract, but it looks little odd, to say it least, to see Secretary James throwing patronage into the hands of a republican democratic sheet when there is a Republican office along side of it, that has much better facilities for doing the work. Perhaps the Statesman is playing the same game on our worthy Secretary that the Brownville *Democrat* did on Col. Majors, and is doing this work without his knowledge or consent, for the evil purpose of making him appear in a false light before his party!

ANOTHER STRAW.

The following letter is an index to public sentiment in the South and gives a fair denial to the statement that Jeff. Davis is not an exponent of the sentiment of the people in refusing to make war on His Government:

HALL OF UNITED MEN'S LIBRARY, No 1 }
GRANITE BLOCK, ALABAMA RAILROAD. }
ATLANTA, June 7, 1871.

To the Editors of the Evening Post:

The Savannah *News and Herald* (whatever that paper may not be the author of the following article or your issue of the 30th ult.), abusing our beloved President, but you are responsible for repeating the silly lie, charging him with being in a "drunken" state on board.

You may remember, your "Pillow of Roundtop," Dickens, dared to represent Captain Hardhead, of such a woman, &c., as myself. He, however, was like a coward, afraid to meet me face to face, and left the country on board the "Cunard" steamer. If he goes on to Washington, our town will not be quiet when a poor people meet, make the most of it. That is all; so I put it in your type and cackle it.

One who was four years a rebel and six months a prisoner to a Yankee "hell"—as you are so fond of styling our own prisons. I am, &c.,

C. HERBERT.

FROM THE CAPITAL.

The Constitutional Convention.

From Our Special Correspondent.

Lincoln, June 22.

Resolutions have been the order of the day. It seems every member resolves to have something in the coming constitution. Among the important ones was one in reference to the Agricultural College Lands. It seems those lands were selected in the Dacotah Land District for the last session of the Legislature, was so much engrossed with impeachmen that it failed to appropriate Money to pay said office Fees ($8,00) per section and left the land subject to private entry and homestead, and we are informed that some of said members have gone into that business.

Measures, by way of resolutions, from this body, have gone to departments to check that little matter. It is a small matter, however, as it only involves ninety thousand (90,000) acres. Many propositions are offered on the subject of the number of Representatives, in the new legislature. There seems to be a general disposition to make way for regulating freight tariff and passenger rates on railroads also to make rolling stock subject to execution and sale for debt.

The suffrage question is getting ground, since Miss Stanton was here, and I think there will be interesting debates on that question.

The President of the Convention proposes that the women shall, in a measure, decide the question themselves, by having the privilege of voting, in a separate ballot box.

Among other important recommendations is the establishment of a Board, to consist of the Superintendent of the Insane Asylum and such other eminent physicians as may be called by law, to decide in criminal cases the question when the plea of insanity is interposed. It is the general belief it will be adopted.

A Resolution on the subject of Impeachment was introduced which makes the Chief Justice the presiding officer.

Printing for the use of this Convention has been the subject of considerable interest, Acting Governor James has given it to the Westerners (flies for there will be a report to-morrow on the subject. The Judiciary Committee has been instructed to consider the propriety of authorizing a Commission to revise and simplify the rules of practice, pleadings, forms and proceedings, and to report a system adapted to the Code and Record of the State.

A communication is now in the hall of Capital building and grounds was received. The different Committees are fairly at work and their request is business will be the order of the day.

HOUSTON.

RETURNED.

Mr. Ainsworth's engineering party who have been locating the B. & M. P. R. R., through from this city to a connection with the U. P. R. R., have completed their work, and returned to this city to-day. The line crosses the Platte a bit of distance west of the Military reserve, joining the U. P. at Kearney Junction. The party are all in excellent health and spirits.

CAPT. S. E. COOPER.

This has been a mild month in this city for the past six years, all that warning its rule, where he will take up a residence and settle down for thought as an attorney and counselor at law. Cooper leaves many friends in Plattsmouth who wish him success in his new home, and whom will be always ready to give him credit to show to Lincoln that in the profession of law, as in all branches of business, the people of Cass will find Mr. Cooper a prompt and accurate gentleman, a ready lawyer, and a man of many true and hearty friends. Success to you, Cooper.

HOME COMING.

A letter received in this city to-day from D. Wilson, financial agent of the B. & M. Railroad Agency in Liverpool, states that a large number of editorials will leave on the steamer Scandinavian on the 29th inst., visited through to Plattsmouth. The B. & M. Company are doing more to advertise Nebraska in the old world than are all the other railroads in the State. Send along the handy sons of Erin—they are just the class of men needed to develop our State, and at the same time make money for themselves.

GRAND CHAPTER AND GRAND LODGE.

The Plattsmouth newspaper officers were elected at Lincoln this morning by the Grand Chapter Royal Arch Masons, for the ensuing Masonic year.

E. A. Allen, M. E. G. H. Priest; R. R. Livingston, D. G. H. Priest; O. H. Hewit, G. King; S. Ancillotti, G. Scribe; J. H. Graff, G. Treas.; R. W. Furnas, G. Sec.

The following officers were elected at the meeting of the Grand Lodge:

W. E. Hill, S. M.; M. Branham, D. S. M.; N. H. Hayes, G. S. W.;—Hastings, G. G. W.; H. B. Graff, S. S.; R. W. Furnas, J. S.

Both bodies are to meet at Lincoln next year.

THE FOURTH.

By reference to our advertising columns it will be seen that our German fellow-citizens are determined to discount the Americans in celebrating the Fourth of July. The Turners promise a fine entertainment.

Among English civilians under forty, of the upper or middle classes, the custom of loud and overcoats is more or less universal, but a majority of the working classes, whose occupations call for the most vigorous exercise, continue to take their weekly or semi-weekly shaves.

Henry Ward Beecher says: "It will not be denied that men are supremely women, as men and that women are immeasurably superior to men, as women; while both of them together are more than a match for either of them separately."
