By advertisement, it will be seen that Robinson's Minstrels will appear at Fitzgerald's Hall, Saturday evening, Dec. 7, 1872. We clip the following from the Minneapolis, Minnesota, Tribune, of

Robinson's Minstrels made a grand parade through our town yesterday, with their new and beautiful helicon instruments. We must acknowledge that it is one of the finest traveling bands that ever visited our place. The Academy of Music was well patronized last evening; every one went away well satisfied that they had received the worth of their money. We have no hesitation in saying that it is one of the best companies of burnt cork that ever visited our place. They keep the audience in a roar of laughter from the rise to the fall of the curtain. Quite a novel feature of the show is the six end men, which makes quite an innovation on the old established way. Billy McAllister's bone solo was very fine, while his "Tryolean Warbling" was beautiful. But the funny business of the show was completely outdone by Harry Robinson in his sleight of hand and trapeze performances. The latter act took the house by storm. Johnny Shay's india rubber song and dance eclipsed anything of the kind we ever saw. He is a host within himself. Messrs. Henshaw and Ginevan were very fine in their double song and dance. Mr. Bell's stump speech was ludierous in the extreme .-The orchestra is worthy of comment, owes it to the city and also to the surrounding country.
