## BUSINESS NOT AFFECTED.

The recent depression in business has not affected the passenger traffic of the St. Louis, Kansas City & Northern Short Line, as they continue to run six fast express trains, two more than any other line between the Missouri and Mississippi Rivers. This road enjoys great immunity from accidents, by reason of immense expenditures, in the last two years, of over two million dollars, besides earnings in wonderful improvements, in relaying their line with new steel and iron rails, on broad new ties, in new rolling stock supplied with all modern appliances for comfort and safety, and as another safeguard, employ night and day watchmen to inspect the road before and after the passage of each train, to see that everything is in order. Conspicuous among new improvements is the substitution for ordinary cars, of new reclining chair coaches, elegantly carpeted and fitted with dressing rooms for ladies, gentlemen and families, without any extra charge. The St. Louis, Kansas City & Northern and the Kansas City, St. Joseph & Council Bluffs Railroad, form the only line running through Pullman Palace Sleepers between Omaha and St. Louis. The shortest line between the West and the East is over the St. Louis, Kansas City & Northern Short Line, either through St. Louis, the great metropolis of over 450,000 inhabitants, or through Chicago, via the Chicago & Alton Short Line, over the Louisiana Bridge now open for passage of through trains.—Ticket Agents of connecting roads selling through tickets to the East, North or South, will furnish tickets by this excellent line. For map, circulars, time cards and information relative to rates, &c., apply to or address Lyman McCarty, Kansas City, Mo., or P. B. Groat, St. Louis, Mo. 441f
