

Henry Atkinson, the new pension agent, is examining the pension agencies west.

They are reported as going to have a big time at Louisville on the Fourth. We have not heard the particulars yet.

Mather, Asst. Secretary of the Con. Com., behaved himself first rate during the late trial of W. Lincoln. He deserves our thanks and has them.

We understand that the Governor has asked the Aid Society to recall the Rev. Mr. Tibbals and Hon. George Washington Frost, as they tell such whoppers about the hoppers that a large portion of the citizens of Nebraska cannot believe them.

They are going to have a big FOURTH OF JULY At Weeping Water on SATURDAY, THE THIRD. Speeches, Basket dinners and all the good things of the season. They expect a large turn-out, and we hope every one that can, will go.

J. L. Webster, President of the Con. Com., made a neat speech at the close of their labors (7), and if anything would induce us to vote for the thing, it would be "Web's" speech. Mr. Webster, by the way, made a good officer, tempering dignity with mildness, and keeping good order while allowing fair license.

The Herald is not the guardian of the County Commissioners, nor responsible for their acts. The reason their meeting was called in such haste, was simply because there was barely time to call and advertise it 30 days. If they allowed the bonds to expire, new ones would have to be issued and more expense incurred.

Cal. Parmelee has just returned from Missouri, where he has been to buy cattle and sheep. His reports are heart-rending. In five or six of the most fertile counties in Missouri the grasshoppers have completely devastated the country, taking the trees, tame grasses and crops clean and clear. One thousand head of cattle died for want of food in one county alone. Mr. P. brought two car loads of sheep, one of cattle, and some horses.

Governor Garber had a long petition presented to him not long since asking that a day of public prayer and fasting be set apart to relieve us of the curse of the grasshoppers. The Governor argued that as the petitioners simply proposed that they leave Nebraska it would only be shifting the plague on someone else, and that we had no right to ask. We see that Prof. Drake, of Lincoln, and some other Christian gentlemen, are having a bout over the propriety of the "prayer gauge."

THE NEW CONSTITUTION THIS WEEK.

Is issued by the HERALD in supplement form this week. We are very much pressed for both time and space and shall make no further comment at present until all our folks have read it and have a chance to judge whether our ideas and opinions are good. The election is not until October, and there is plenty of time for us to make up our minds and to discuss the instrument fairly and fully.

Mr. Frost says that had it not been for the timely aid rendered by the East to our grasshopper sufferers, we should have had 76,000 dead corpses on the prairies of Nebraska. We doubt this very much. We are very glad of all timely aid to real sufferers, but such nonsense as this ought not to be allowed to pass as the facts in regard to our State. Seventy-five thousand people could not have died here under any circumstances without help. A few might, but such a number never, and as a matter of fact, we doubt if a single absolute death can be traced to grasshopper starvation in the State.

The State Horticultural Society met at Omaha on Tuesday the 15th, in the large dining room of the "Grand Central." The following officers were present: J. T. Allan, Omaha, President; D. H. Wheeler, Plattsmouth, Secretary; Messrs.—Stephen B. Holson, Cass County, Jas. W. Moore, J. H. Masters, and others.

Messrs. Wheeler and Holson were appointed a committee to express the sympathy of the Society towards the nurserymen and orchardists of Nebraska, who have been scourged by the locusts.

The Society meets at the Fair grounds at Omaha, September 21st, 1875.

Mr. Leopold, of the firm of Leopold, Kuhn & Co., Chicago, visited us during the great grasshopper days of Wednesday and Thursday, last week, and rode over the country to satisfy himself as to the truth or falsity of the reports regarding damages by grasshoppers in this State. Mr. L. is a banker and business man, and his firm have large interests at stake in this State and in the whole Missouri valley. It was of the utmost importance to them that they should obtain reliable information of the extent of the damage, as very lively reports had been telegraphed to Chicago by some people saying that the whole country was ruined. Nebraska merchants and business men could never pay their bills, etc. Mr. Leopold will visit other portions of the State, but says, as far as Cass county is concerned, he is satisfied the reports were greatly exaggerated, and that there is no danger of any utter failure to be apprehended. THE HERALD gave a true and fair estimate of the damage and the facts.

Coon Ripplé assisted us "spiritually" in moving to our new quarters.

GOOD-BY TO THE HOPPERS!

"IT WILL NEVER DO TO GIVE IT UP SO, MR. BROWN."

We Won't Stay Hopped Worth a Cent.

They May Hop 'Us Down, but we Pop 'Em Up Again.

Every day they fly a little, but only a few drop; we don't propose to give it up so. The farmers are fast replanting corn. The wheat in many instances is growing again nicely. Our folks were pretty badly scared, but we won't stay hopped long. There's a good time coming, we feel it in our bones. Nebraska and Kansas have had many a tough fight and weathered through, and will beat this little game of the High-Flyers yet. Locusts are not the only things that have hopped down on us in years gone by, but we have always popped up again afterwards, and will now.

WEeping WATER ON THE EXTENSION OF BONDS.

We have received two letters from W. W. against the extension of the bonds and in reprobation of somebody for calling the election. They are from esteemed friends and the HERALD would like to publish them, but we have been moving, have had grasshopper news and the constitution to publish on the same subject. If we say that the writers speak for a large portion of the people of W. W. and earnestly protest against the expense of an election and ask that the call be REVOKE, what then do they want?

THE HERALD AND THE BONDS.

In a letter from a valued correspondent on the bonds he seems to intimate that the HERALD ought to say something more about the bonds &c. Do have a little mercy on us, and please remember that setting type costs money; the times are very hard and we can barely pay the expenses of the office now, and ought not to give as large a paper as we do. When you get a constitutional convention screwing away and the grasshoppers raving 'round, and a local issue on bonds on hand don't you think a poor newspaper man has his hands full. We have heaps of communications pro and con, but respectfully submit that we cannot fill the paper with them, at our own expense. All sides have been heard, and the HERALD editorially stated the facts and the objects of the call, explicitly, fairly and squarely, and left the good sense of the country to judge and report at election day.

ON BONDS.

GLENDALE, NEB., June 16, '75. Pursuant to previous appointment the citizens of Glendale assembled in mass meeting, for the purpose of considering the propriety of petitioning the County Commissioners to recall the call for the special election to be held on June 28th.

On motion, Wm. A. Wilson was called to the chair, and Benjamin Ward was chosen Secretary. B. S. Ramsey stated the object of the meeting and recommended a petition to the County Commissioners, praying that the call for the special election be recalled.

A petition with the above object was circulated and signed by all present. On motion, the chair appointed Messrs B. S. Ramsey, Richard Lewis and A. Ingram a committee on resolutions.

The committee on resolutions submitted the following: Whereas, the burdens of taxation, now resting upon the people of Cass County, are unprecedentedly onerous and bear heavily upon the industrial energies of the people; and Whereas, a special election has been called by the Commissioners of Cass County, for the purpose of voting on the extension of time for the revision of bonds, previously voted by the people of said county in aid of the Weeping Water and Platte Valley, and St. Louis and Nebraska Trunk Railroads; and Whereas, the partial failure of crops during the two or three preceding years, and the prospect of an almost entire destruction of the same by the grasshoppers, the present year, are causes of serious solicitude and alarm; therefore Resolved 1st, That any efforts made by any parties to add to our already burdensome taxation, deserves and should receive the unqualified condemnation of all good citizens of the county.

2d, That the special effort now being made to secure an extension of time for the revision of bonds, previously voted by the county in aid of the Weeping Water and Platte Valley, and St. Louis and Nebraska Trunk Railroads deserves universal denunciation. 3d, That the special election called to be held on the 28th day of June, '75, in the existing circumstances, an injudicious exercise of authority, and can only result in adding its cost to our already burdensome taxation. 4th, That the call for said special election should be recalled by the Co. Commissioners before the day of its consummation, thus saving its cost to the taxpayers of the county.

The above resolutions were unanimously adopted, after which the meeting adjourned. Wm. A. WILSON, Ch'n. BENJ. WARD, Sec'y.

BY POSTAL CARD.

AFON, FRONTIER CO., NEB., June 17, 1875.

Ed. HERALD—Another week gone by and we have still no hoppers, 'though plenty flying over, going nearly west to day. For two or three days we have been busy battling for the possession of our potato vines, with green worms, slate colored bugs, striped bugs, vine bugs, and large potato beetle, battle not yet decided. Crops still well, oats now heading, corn growing fast, tomatoes in blossom, beans ditto, potatoes most big enough to use, have second mess of peas to-day. No rain since I wrote last, crops on Rep. Valley said to be suffering for rain. Don't believe one fourth of the Indian yaws you hear, we seldom hear or think of them here. No trouble apprehended. Yours, truly, E. S. CHILD.

The new Order for Job work to be the new HERALD Office.

MOVED!

OUR NEW OFFICE, ON VINE STREET CORNER OF FIFTH.

Our friends will all find us hereafter and as long as we stay in Plattsmouth, we hope, on Vine Street, one block North of Main Street, in the

NEW BRICK OFFICE Opposite Fitzgerald's house.

Just go along Main Street till you see Mike Schnellbacher's Blacksmith shop on a new sign, and then look north and you will see the

"HERALD"; Or walk down Main Street past the Brooks House and O'Hara's, and lock to your left, or come up street on the other side, opposite Waterman's Lumber Yard and look right, and you'll hit it. Any way, so you get here. Come and see us, all of you! We're alive yet.

BALLOON ASCENSION.

The Omaha Bee with commendable enterprise proposes to give a great balloon ascension on the

DRIVING PARK. On Omaha on Saturday July 3. Mr. Pierce, known as "Hanger" will manage the great trip. It is to be 70 feet high, having a capacity of 30,000 cubic feet. Mr. Pierce, his wife, and Andy Rosewater will make the ascension, and propose to go to the Black Hills if they can get there and establish the first air line above the Military to the gold regions.

"That's a very fine dog you've got there my lad," said an appreciate old gentleman to a certain dog-herd who was dragging after him a reluctant Scotch terrier with a rope around his neck. "You bet. He's a very nice dog, he is, I call him Celsior." "Ah, Excelsior must have been reading Longfellow?" "Never heard of the fellow afore, I call him Celsior cause he alters points his tail up."

THE SUN.

WEEKLY AND DAILY FOR 1875.

The approach of the Presidential election gives unusual importance to the events and developments of the day. We shall endeavor to describe them fully, faithfully, and fearlessly. The Sun has now attained a circulation of over seventy thousand copies, its readers are found in every State, its quality is well known to the public. We are proud to be called the "People's Paper," and to improve and add to its variety and interest. The Weekly Sun will continue to be a thorough newspaper. All the news of the day will be given in its columns, and its editorial department will be conducted with impartiality, at full length when of moment, and always, we trust, in a clear, interesting and instructive manner. The number of advertisements in politics is increasing, and the weekly Sun is their paper of choice. We are not able to make any discount or allow any premium to friends who make special efforts to extend its circulation. Under the new law, which requires payment of postage in advance, one dollar a year, with twenty cents the cost of prepaid postage added, is the rate of subscription. It is not necessary to get up a club in order to have the Weekly Sun at this rate. Anyone who sends one dollar and twenty cents will get the paper, paid for a year. We have no traveling agents. The weekly Sun—Eight pages, fifty-six columns, only 25¢ per copy, postage prepaid. The Daily Sun—A large four-page newspaper of twenty-eight columns, daily circulation over 120,000. The news for 2 cents a subscription, postage pre-paid 50 cents a month, or \$5.00 a year. To clubs of ten or over, a discount of 20 per cent. Address "THE SUN," 36-61 New York City.

The Aldine Company's New Publications.

SOLD ONLY BY SUBSCRIPTION. THE ALDINE; THE ART-JOURNAL OF AMERICA. This splendid enterprise is not only well sustained in every feature, but is being constantly improved. The cuts are mounted on a beautifully tinted paper with a hand-colored border line. To attach the leaf is only left for the cutter to paste up the leaf on an already attached border, and this may be done by a child. 25¢ a page, 128 pages, with glass, \$2.00. Six of this size for \$1, when selections left to publishers.

Subjects, 10x12 in., 20c., with glass, 4c. 7 subjects, 8x12 in., 5c., with glass, 4c. Sent by mail, without glass, postage, for price CANNIVERSARY WANTED.

THE ALDINE COMPANY, 28 Malden Lane, New York.

FOR NEXT FALL AND SPRING.

The most hardy, most productive and most profitable varieties of Apple, Pear, Peach, Plum, Apricot and Cherry trees, grapevines, small fruit strawberry plants, ornamental trees and shrubs, evergreens, billous roots, hedge plants, and everything desirable for Nebraska soil and climate can be bought of me on good terms. Orders received in town. No travelling expenses. Prices low. All trees, shrubs, and plants warranted good and in good condition. There is an apple tree in Plattsmouth, which I sold in 1866, and it now pays the interest of one hundred dollars, and I have sold many others that are as good. One tree of a good variety is worth more than ten trees of a poor variety. Be careful to plant good trees of good varieties, and take good care of them. Buy of a careful and experienced nurseryman, or agent who resides in your vicinity. Be very careful to keep your trees in a cool shady place, and the roots wet, water them well when you plant them, then keep them cultivated, or mulched. Call on me on Main street, every time you come to town, and see specimens of fruit and flowers. W. S. WEST.

Assisting Nature.

It is of no use attempting to force nature—she won't stand it, and she rebels. She must be soothed, as it were, not driven. For instance in attempting to overcome constipation or indigestion, violent, or what physicians call, by way of ephemeris, "stomach" treatment, is sure to defeat the purpose in view, which, if should be to permanently remedy the evil. The use of drastic cathartics especially to be deprecated, for although they temporarily relieve constipation, yet the intestines are so weakened and inflamed by them as to be rendered unfit to perform the elective function properly. How much better to assist nature in such a case with such a mild and salutary aperient as How's Stomach Bitters, which strengthen at the same time that they relieve the bowels. Not only is this result achieved by their use, but the activity of the torpid liver is restored, the stomach invigorated, and the entire system greatly benefited.

Obstacles to Marriage.

Happy Relief for Young Men from the effects of Errors and Abuses in early life. Manhood restored. Impediments to Marriage removed. New method of treatment. New and remarkable remedies.
