Dr. Schenck's Pulmonic Syrap,

SEA WHED TONIC, AND MANDRAKE PILLS .-These medicines have undoubtedly performed day basined partnership by instual consent.

The business of the firm will be conducted in the more cures of Consumption than any other remedy known to the American public. They are it compounded of vegetable ingredients, and contain nothing which can be injurious to the human constitution. Other remedies advertised as cures for Consumption, probably contain opium, which is a somewhat dangerous drug in all cases, and if taken freely by consumptive patients, it must do great injury; for its tendency is to confine the morbid matter in the system, which, of course, must make a cure impossible. Schenick's pulmonic syrup is warranted not to contain a particle of opium: It is composed of powerful but harmless herbs, which act on the lungs, liver, stomach and blood, and thus correst all moroid secretions, and expel all the di-seased matter from the body. These are the orly means by which consumption can be cured, and as Schenek's Pulmonic Syrup. Sea Weed Tonic, and Mandrake Pills are the only medi-cines which operate in this way, it is obvious they are the only genuine cure for Pulmonary Consumption. Each bottle of this invaluable medicine is accompanied by full directions. Dr. Schenck is professionally at his principal office, corner Sixth and Arch streets, Philadelphia, every Monday, where all letters for advice must be addressed.
