

THE HERALD.

J. A. MACMURPHY, EDITOR.
PLATTSMOUTH, JAN. 17, 1878.

OUR CLUB LIST FOR 1878.

We present our readers this week with a club list of papers which can be taken with the Herald. In this way you can get two papers or magazines for little more than the price of one. We would also like new subscribers to the Herald, and all who propose taking it for another year to come forward now. The first of the year is a good time to commence subscriptions to all papers, and we can only get these club rates about the first of the year.

Subscribers to any of these papers, etc., who wish to renew, will also get them much more promptly by renewing their subscriptions before their name is stricken from the present year's list.

The Herald and Harper's Bazar, Weekly or Magazine	4.00
" " and Inter-Ocean, weekly	2.00
" " semi-weekly	4.00
" " Chicago Tribune	2.00
" " Post & Mail, weekly	2.00
" " daily	4.00
" " Prairie Farmer	4.00
" " London's Courtier-Journal	3.00
" " Serfdom Monthly	4.85
" " St. Nicholas	4.10
" " American Agriculturist	2.70
" " Democrat's Monthly Mag	2.65
" " Scientific American	4.30
" " New York Sun	2.80
" " " Observer	4.80
" " Eclectic Magazine	5.75
" " Neb. Farmer, (monthly)	2.65
" " Globe, Democrat of Louis	2.90
" " Leslie's Ill. Newspaper	4.15
" " American Agriculturist	2.75
" " Toledo Blade	2.00

We can also send the Herald and the premium books offered by it at special rates for our subscribers, which rates they can learn upon application at this office.

MURRAY FOR THE HERALD PREMIUM LIST!

To every man, woman and child in the county a chance is offered to obtain one or more valuable articles in addition to a copy of THE NEBRASKA HERALD for one year.

To every new subscriber to the NEBRASKA HERALD for one year, who pays us two dollars, or to every old subscriber who pays up past arrearages and one year in advance we will give him or her choice of the following books:

THE HOME GUIDE, a cook book compiled from receipts contributed to the Home Department of the Chicago Tribune. It is a volume of 160 pages, and gives fully as much information as do the \$1.50 and \$2.00 cook books, besides being the practical experience of practical housekeepers; or a work on farming, entitled BRACKETT'S FARM TALK; or a treatise on fruit raising, ELLIOTT'S HAND BOOK FOR FRUIT GROWERS; or a book for horsemen, McCLELLAN'S AMERICAN GENTLEMAN'S STABLE GUIDE.

For every cash subscriber for 1878, who will send us one additional name, or in other words for two "cash" names we will send a copy of the NEBRASKA FARMER for a year; or three "DOMESTIC" PAPER PATTERNS to be selected from the catalogue by the subscriber.

For every cash subscriber for 1878, who will send us two additional cash names, or in other words, for three cash names we will give a medical work by Dr. E. B. Foote, entitled PLAIN HOME TALK AND MEDICAL COMMON SENSE, a book of over 900 pages, containing most excellent advice on hygienic subjects; or a SMITHOGRAPH, with COMPLETE OUTFIT. The Smithograph is an apparatus by which any one can copy pictures, patterns, or designs of any kind, either the size of original work, or enlarged as many times as they may wish. It is a most fascinating little instrument; or a copy of the American Agriculturist with their premium handsome microscope valued at \$2.00.

For every five cash names we will give a SET OF SILVER PLATED FORKS, which retail at four or five dollars per set.

For every ten cash names we will give one of BARNES' FOOT POWER SCROLL SAWS, which retail at fifteen dollars. These saws will do any kind of ornamental work in wood, shells, metal, bone or ivory, such as brackets, frames, work boxes, wall-pockets, cornices, &c.

For every fifteen cash names we will give a KNITTING MACHINE valued at twenty dollars.

For every twenty-five names we will give a NEW SEWING MACHINE valued at fifty-five dollars, and such as have recently sold at seventy-five dollars.

Each subscriber in these clubs will receive one of the single premiums, whichever he may choose.

Subscribers who take the Nebraska Herald at club rates with some other paper or magazine can have the single premium by payment of twenty-five cents in addition to the rates given in our clubbing prospectus.

FERNANDO WOOD has got another drag-net investigation resolution through the House to cost the tax-payers thousands of dollars and end in smoke.

SUP'T. SMITH, of the U. S. postoffice and court house, was once a compositor on a daily newspaper. Think of that, ye toilers at the "case," and reflect on the possibilities that lie before you.

A sufficient number of applications have been made and terms accepted, to insure the success of the Nebraska summer school of science, which is to be held in the Republican valley next summer.

The London Times, the great English authority, instead of thinking we are about to defraud the holders of our bonds by remonetizing silver, declares we have the right to remonetize silver and no blame could attach to us as the plain letter of the contract called for in either coin gold, or silver.

The Bee takes exceptions to the Hon. John R. Clark's acting as Surveyor-General and living in Lincoln, 500 miles away from the S. G. office.

The law only requires the Surveyor-General to reside in the district the general Land office is situated in, and Mr. Clark could and it might be proper for him to reside on the extreme frontier, if important surveys were going on there.

Moreover, if we understand one of the principles of the reform schools of Secty. Shurtz, the Bee and others, it is that the government shall transact its business as merchants, bankers and other business men do. Mr. John R.

Clarke is and has always been one of the stock holders in the "First National Bank, Plattsmouth and was the actual Cashier for a time after he went to Lincoln to reside. He has always operated his bank interests, and attended to them through deputies, or otherwise to the satisfaction of his brother owners of the bank and we see no cause why the public service should suffer, because he lived at Lincoln, any more than his private business. He is down here more or less every week and the office was never run better or in better shape, so say the authorities of Washington.

The New York Tribune and the Wall street nabobs keep threatening the west with the withdrawal of their patronage; talk about loaning no money or taking any securities west unless they are secured payment in gold.

Bosh!—who can stand that game the longest. Just suppose for fun the farmers of the great west should club together and say, All right Wall St. keep your money, we'll keep our grain and cattle here and see how you will get along.

They can't, you say, they can if it should be necessary. Combined action as exemplified in Grange Movement, makes them very strong. Nebraska to-day is a self-sustaining State. So are many other portions of the West. Is New York or New England? we wouldn't have so much money but we could live on the fat of the land, make our own clothes and defy the world of gold, easy enough.

Again: on the shores of the Atlantic, in a beautiful climate, not too far north, not south enough to be unhealthy, with a most magnificent harbor lies a point of land, a village and a rich country around it. It is called "Old Point Comfort," Virginia.

Hampton Roads in front; the great South to the left and near enough for it to be an enterprise for every corner; almost, the mighty Mississippi only a few hundred miles in the rear and the great north west just above to the right, and many miles nearer to the seaboard at "Newport News" than at New York.

Suppose the west should choose to open up a route from some railroad centre to the seaboard at this point, how long before the grass would really grow in New York City, as our rebel friends used to tell about? Can't get the capital to build the R. R. and open the water route? says gold bug. Guess we could, and once start a city at or near that same Old Point Comfort and it would grow—grow—why Jack's bean stalk would be nowhere. Don't talk about getting gold, or keeping your money any more in Wall street. We can live without your gold; you cannot live without our aid, help and support, capitalists as you are.

State Agricultural Society.

The twelfth annual meeting of the State Agricultural Society was memorable on account of more than double the attendance at any former meeting.

The Treasurers report was accompanied by a check for \$686.03 the amount of money on hand, which was much better than last year being no claims against the society.

The officers elected for the ensuing year are Martin Dunham, President; C. Mathewson, 1st Vice President; Ed. McIntire, 2d Vice President; D. H. Wheeler, Secretary.

The finance committee consisted of C. H. Walker, G. W. E. Dorsey and Ed. McIntire.

The committee on location of the next State Fair, made a report stating that they had received two propositions, one from Lincoln and the other from Wahoo, Saunders county, which they reported back for action of the society without recommendation. Consideration of the subject was reserved for Wednesday session; of which we did not learn particulars before going to press. The result will be given in our next issue.

The Nebraska Editorial Association met at Lincoln on the 15th, and held a very useful and energetic meeting. At the afternoon session the Secretary's report was read and then commented upon by the president Gen. J. C. McBride, particularly attention being called to the advertising system, regulation of press patent outside, &c.

The first business at the evening session was the election of officers, which resulted as follows:

President, J. A. MacMurphy, of the Plattsmouth Herald.

Vice President, A. L. Wigton, of the Hastings Journal.

Secretary, Fred Nye, of the Fremont Tribune.

Treasurer, Thos. Wolfe, of the Seward Reporter.

E. H. Allen, of the Crete Union, was elected secretary pro tem.

Votes of thanks were passed for J. C. McBride, retiring president, and J. A. MacMurphy, retiring secretary.

Discussion followed on foreign advertisements, advertising agents, etc., led by J. C. McBride and J. A. MacMurphy.

Some interesting statistics were given of the fraudulent systems of the so called advertising agents, and methods discussed for unanimity of action among the State Press against them.

The question of patent papers also came up, and the feasibility of having co-operative papers published in the State and without advertisements. A committee of four was appointed to consider co-operative printing—Hassler, Hull, Risley and Wigton.

A State advertising agent and solicitor was also appointed, and the executive committee ordered to prepare instructions to said agent to report at the next meeting.

A committee on legislation in printing was appointed consisting of Hassler, Michael and Williams.

A third session was held on Tuesday morning at nine o'clock, when the Association adjourned.

A full report of proceedings will be given next week.

TELEGRAPHIC!

THE TOWNSHIP ORGANIZATION.

Law declared unconstitutional by the Supreme Court.

The last Road Agent in Limbo.

Sen. Allison of Iowa renominated by acclamation.

LINCOLN, January 17.—The supreme court—no dissenting opinion—gave a decision this morning, involving the constitutionality of the Township Organization Law. The opinion of the court was delivered by Chief-Justice Gamble. The matter came before the court in the shape of an application made in this (Lancaster) county for a MANDAMUS

to compel the county commissioners of Lancaster to carry out the "will of the people" as expressed at the last election, to put the Township law into operation in the county. The plaintiffs, in their reply, made several points.

1st, that a majority of all the votes cast were not cast for that proposition; and 2d, that the township law is unconstitutional in that it does not clearly express the subject of the body of the law in the title of the act.

The supreme court, in its decision ruled, first, that a majority of all the votes cast at the election must be cast for the proposition, and not merely a majority of all the votes on the proposition; and, secondly, that there is no incorporation into the body of the law that is expressed in the title of the act—that is, while the title defines but one subject, the law embraces more than that one.

Consequently the writ was refused, and the law is declared unconstitutional and void.

YANKTON, D.T., January 15.—A report reached this city to-day, which appears to be authentic, that a few days ago twelve Indians at Spotted Tail agency revolted against the local authorities and threatened the lives of some of the official attaches of the agency. Spotted Tail interposed to quell the disturbances, but was informed by the turbulent parties that while they regarded him as their chief, they would not obey him under the present circumstances. Spotted Tail then drew his revolver and killed two of the insurgents, when the balance retreated and have not since been heard of. The difficulty, or whether it extends beyond the dozen Indians in question, is not known at this time.

CHIENYEN, January 15.—Supl. Voorhes, of the C. & B. H. stage line received a telegram to-day from Hillsboro, Ohio, announcing the capture there of McKenna alias Reddy, the last of the famous road agents, who operated on the stage route during last summer. He had settled down, married and bought a farm from the proceeds of the summer's work on the road. The last exploit was June 26th, when \$14,000 was taken by a party of five, all of which McKenna got away with.

TRENTON, N. J., January 15.—About fifteen thousand persons from all parts of the state, Philadelphia and New York, arrived in the city to-day to witness the inauguration of Governor McClellan. The procession was quite impressive, flags, banners and blunting were profuse, cheering of the people hearty and continuous.

CONSTANTINOPLE, January 15.—A great battle was fought Monday between Tatar, Bazarbik and Philippopolis. The fighting was resumed to-day. Sultan Mahmud afterwards took positions nearer Philippopolis and ordered the inhabitants to leave that town.

LONDON, January 15.—A correspondent who left Erzeroum just before its investment telegraphs that the town is now little better than a huge hospital. About one hundred soldiers die daily and two or three are frozen to death every night. Typhus fever is raging. As corpses buried are barely covered with earth, the consequences must be terrible when the thaw commences.

A telephone was exhibited to her majesty with great success at Osborne, Monday. Kate Field was the vocalist. The tug Anglia, towing a caisson containing the Cleopatra obelisk, left Ferrol, Spain, at 7 this morning weather fine.

DES MOINES, January 15.—The republican caucus of the members of the legislature for the nomination of a candidate for the United States senator was held this evening. Senator Allison was renominated by acclamation and without ballot and received every vote. His name was presented by Senator Larrabee in a short speech, stating the overwhelming sentiment of the people of the state in favor of his return.

We have good reason to believe that Geo. G. Jacoby & Son, "the jewelry firm" of Milwaukee, Wisconsin, who have been advertising so extensively in many of the leading papers in this State, are frauds, and we advise our readers not to order goods from them. The papers doing advertising for them will also experience much difficulty in collecting pay for their work, and it would not be amiss to govern themselves accordingly.—(Platte Valley Independent.)

Same here, we want to hear from Mr. Jacoby & Son soon or there'll be a lively time in the Nebraska Press over them.

HARMONY.

The Omaha Herald, the hard money organ, says:

Not a single northern state can be carried by the democratic party, unless Missouri be accounted a northern state, in the contest in 1880, if it shall have to carry the flag of cheap money and inflation.

Whereupon the St. Joe Gazette, a soft money bourbon organ flies at the Herald with this war whoop:

Very true. But the democratic party does not propose to carry the flag of cheap money and inflation, and we know of no democrat who wants such a flag. And we say to the Herald that not a single southern or western state can be carried in 1880 by any party, on a platform of gold for the bondholder and ruin for the people.

Truly the democratic road to the White House in 1880 will be hard to travel.—Ex.

Host—"Just another we drag 'fore you go." Guest—"Na, na, na, all talk main! I'm in a new lodgin', and I'm no vera veel acquainted wi' the stair!"

"I Got Nuff Mit Such Foolishness."

It is pleasant to become a parent; twice as pleasant, perhaps to be blessed with twins; but when it comes to triplets we are a little dubious. Now there dwells in Jefferson county, Wisconsin, a German, who, a few years ago, was presented by his wife with a son. Hans said to her:

"Katrina, dat ish goot."

A couple of years later the good woman placed before his astonished eyes a bouncing pair of twins.

"Vell," said Hans, "dat vash petter ash der odder times; I trinks more ash ten glasses of beer on dat."

But the good woman next time gave birth to triplets, and that made him "smoke mit his mout shust a liddle."

"Mein Gott, Katrina! vat ish der matter on you? Petter you shup dis bizness 'fore der come more ash a village full. I got nuff mid such foolishness."

No later returns have been received.

IMPORTANT LETTER

From a Distinguished Physician.

No single disease has entailed more suffering or hastened the breaking up of the constitution than that which is known as **Gravel**, or **Gout**, or **Rheumatism**. It is a disease which attacks the human system, and is attended by the most excruciating pains, and is the result of an impure blood. It is a disease which attacks the human system, and is attended by the most excruciating pains, and is the result of an impure blood. It is a disease which attacks the human system, and is attended by the most excruciating pains, and is the result of an impure blood.
