obtains complete control over the disease. The remarkable curative powers, when all other reme-dles utterly fail, of Sanroed's Radical Curz, are

An Enthusiastic Friend of Sanford's

Radioal Cure. MOHATTON, GRANT & HOWEN'S FIRE AND MARINE INSURANCE AGENCY, 925 Pine Street, St. Louis, Mo., Feb. 7, 1877. A. A. MELLYER, Washington Av., City.—Dear Mellier: I have for some years been troubled with Catarrh, and for the past two years have suffered seriously with it. Noticing your advertisement of Sanyone's Remedy (Radical Curs.), I decided to try it. I have used only two bottles, and as a result. I feel so much relieved that I presume on our personal relations and write this to you and ask that you take some measures to get it more prominently before the public, that others may have such relief as I have. Phave recommended it to quite a number of my friends, all of whom have expressed to me their high estimate of its value and good effects with them. with them.

I really think it particularly adapted to wants of St. Louis people, and they all ought to know of it, and those who need it should try it. I will risk the assertion that 1000 i oz. viais (as a sample) to be given away will sell as many bottles.

Try some plan. Let the people have it; they need it. I believe I could sell 5000 bottles myself—of course you could largely increase this number. Why not try it? Yours truly. WM. BOWEN.
