Sick headache can be quickly and completely overcome by using those famous little pills known as "DeWitt's Little Early Risers." C. L. Cotting. U. quarterly mass meeting will be held in the Congregational Church next Sunday evening May 30th. Address by Rev. C. R. Welton. All are cordially invited. The Nation pretends to do job printing but the work they receive is done by the Nebraska & Kansas Farmer office. It would be just as cheap to give the work to the Farmer office direct.

Remember Wiener has made arrangements while in New York recently to go into business in that city and is anxious to close out his stock as soon as possible. Now is your time to buy cheap. One of the most despicable jackals which burdens the earth is the man who frames a dishonest complaint in a letter in order to injure some person and then makes it impossible to find out who he is by making the letter confidential. Red Cloud has such a personage.

On Tuesday eleven cars of stock belonging to Geo. Coon, Miner Bros., Morhart & Cutter and Jos. Wagoner were shipped from this point. Five cars were shipped from Inavale and two cars from Lester. In the printing of the names of the list of high school graduates last week, the name of Miss Lillian Maude Smith was unintentionally omitted. It is a mistake that frequently happens in the placing in type of a list of names and we are sorry the omission occurred. A pretty piece of work, and by the way something which we forgot to mention last week, is that performed by Will and John Talleys in front of the J. A. Talleys residence property. A fine grass plot of from ten to twelve feet wide has for a long time been one of the beauties along the front and side of this property and the boys have made it look much better by cutting out all grass and weeds from the edge of this plot to the center of the street. They have performed the same neat job in front of the M. E. church and parsonage.

Twenty Years....

For more than twenty years we have been telling how Scott's Emulsion overcomes the excessive waste of the system, puts on flesh, nourishes and builds up the body, making it the remedy for all wasting diseases of adults and children, but it isn't possible for us to tell the story in a mere stickful of newspaper type. We have had prepared for us by a physician a little book, telling in easy words how and why Scott's Emulsion benefits, and a postal card request will be enough to have it sent to you free. To-day would be a good time to send for it.
