Carrying His Audience With Him.
Nobody was more witty or more biting than Lord Ellenborough. A young lawyer, trembling with fear, rose to make his first speech, and began: "My lord, my unfortunate client— My lord, my unfortunate client— My lord—" "Go on, sir, go on!" said Lord Ellenborough, "as far as you have proceeded hitherto the court is entirely with you."

FIND A LIKELY MAN

NEW YORK GOVERNORSHIP BECKONS TO PINCHOT.

NAME BROACHED FOR OFFICE

Candidacy Suggested by a Mutual Friend and is Not Displeasing—Colonel Out of Political Turmoil.

New York.—Gifford Pinchot, former chief forester under Theodore Roosevelt, has taken a place upon the list of possible candidates for the republican nomination for governor of New York, and Theodore Roosevelt was asked to support his candidacy. While the ex-president has not said anything that in any way resembles an outspoken declaration in favor of any candidate, it is believed that he does not look unkindly on the boom. Dr. Samuel McCune Lindsay, former commissioner of education of Porto Rico and now a professor of Columbia university, is the man who launched the new boom. He had a long and confidential talk with Colonel Roosevelt and left with the air of a man well pleased with the turn things had taken.

Dr. Lindsay is a close friend of both Colonel Roosevelt and Mr. Pinchot. In common with other friends he has been working quietly on the Pinchot boom for some time, and first suggested to Mr. Pinchot himself the possibility that he might run. No definite response, he said, was returned.

Finding that his whereabouts and identity were known Ham again disappeared.

No reason is known for his actions. His family for years had given him up as dead, and have offered rewards for information regarding him, and scoured the country trying to locate him, but never been able to find a trace of him.

WHERE HE SAW RESEMBLANCE

Apt Remark of Small Boy Embarrassed Toper and Filled Car With Merriment.

Jimmie, who is a very small boy living in the East end, accompanied his mother downtown several days ago. Nearly everything he saw was quite new to him, so he was not sparing in his comments and opinions and questions.

Seated opposite Jimmie and his mother on the car homeward was an individual who, judging by the "blossom" on his nose, had partaken freely of joy water. None of Jimmie's neighbors possessed an appendage that could compare with the one across the aisle.

In silence Jimmie took in the situation and the "blossom." His thoughts must have grown so curious that they could not be withheld any longer and he finally blurted out in a loud voice: "Mamma, is that Santa Claus?" pointing to the man with the red nose. Embarrassed, Jimmie's mother tried to silence her son, but it was no use. In an audible whisper the connection between the man and Santa Claus was disclosed much to the discomfort of the man.

"Why, mamma, didn't it say in that story about Santa Claus that Santa had a nose like a cherry," he asked, and the car was in an uproar.—Pittsburg Times-Gazette.

SCRATCHED SO SHE COULD NOT SLEEP

"I write to tell you how thankful I am for the wonderful Cuticura Remedies. My little niece had eczema for five years and when her mother died I took care of the child. It was all over her face and body, also on her head. She scratched so that she could not sleep nights. I used Cuticura Soap to wash her with and then applied Cuticura Ointment. I did not use quite half the Cuticura Soap and Ointment, together with Cuticura Resolvent, when you could see a change and they cured her nicely. Now she is eleven years old and has never been bothered with eczema since. My friends think it is just great the way the baby was cured by Cuticura. I send you a picture taken when she was about 18 months old.

"She was taken with the eczema when two years old. She was covered with big sores and her mother had all the best doctors and tried all kinds of salves and medicines without effect until we used Cuticura Remedies. Mrs. H. Kiernan, 663 Quincy St., Brooklyn, N. Y., Sept. 27, 1909."

He Knew the Kind.

Little Edward, aged four, was an only child. He was anxious for a baby sister, and was talking of it one day with a friend of the family. In the friend's fond was a baby girl of one year. The lady said: Edward, you may have my baby; she is pretty and sweet."

"Oh," said Edward, "I don't want an old baby. I want a brand new one wif noffin on but tatum powder."—Red Hen.

Taking Father's Job.

"Why should you beg? You are both young and strong?"
"That is right, but my father is old and weak and can no longer support me."—Meggendorfer Blaetter.
