**GUIDE ROCK.**

Mrs. Thornton has bought a new buggy.

Mrs. L. C. Cone is enjoying a visit from a sister.

George McCarley has moved out to Ed Burr's farm.

Mrs. E. M. Parker was on the sick list a few days the past week.

Mrs. George Gleason and Mrs. John Gleason Jr., are both on the sick list.

Mrs. Emanuel Peters is taking treatment at St. Elizabeth's Hospital at Lincoln.

Mr. and Mrs. Lane Collins, who live near the state line, have a fourteen pound son, born Febr. 28th.

The Kensington club met with Mrs. D. Jones Wednesday. Mrs. Doudna is the new president of the club.

Mrs. Albert Kellum of St. Francis, Kansas, arrived Thursday to visit her mother, Mrs. G. W. Hoover, and sister, Mrs. Eli Fowler.

Mrs. Sheeley has bought some lots of Mr. Fringer and has begun building a residence. Her son, Arthur Sheeley of Red Cloud, is doing the carpenter work.

Ray Lutz, a friend of Lloyd Hunter, gave a very interesting "chalk talk" at the M. E. church Friday evening under the auspices of the young people's Bible class, which is taught by Murray Rickard.

Mrs. Thomas Dillin of McPherson county arrived from Red Cloud Thursday to visit her sisters here. She had been called to Red Cloud during the severe illness of her mother, Mrs. Miles Doyle.

Mrs. Fordyce of Bostwick died suddenly Sunday afternoon after a brief illness. The funeral was held at the Methodist church in Bostwick Monday afternoon, conducted by Rev. E. L. Barch. The deceased left her husband and five children.

**Why the Bonds Should Be Voted**

In the matter of voting bonds to the extent of \$6000.00 for the extension of our water system it is altogether fitting that the tax payers of this city should be guided by prudence and economy. Before the individual makes up his mind in regard to voting upon himself extra bonds it is well to candidly and honestly investigate the question from all sides. Ordinarily we are all little touchy when the subject of water comes up and it is time to go slow. At present our water system lacks about \$1200.00 per year of being on a paying basis. In other words the tax-payers are called upon to make good the deficiency of \$1200.00 by direct taxes each year. And we have \$20,000.00 invested in our water plant. No private corporation or individual could stand this loss year after year without going to the wall. All that has kept our system going so far is the money taken from the pockets of the tax payer. Now the interest on the \$6000.00 proposed bonds will not exceed \$300.00 and the \$6000.00 will connect the springs with our pump which will represent the amount necessary to put our water system on a paying basis.

Therefore it would seem that it will be far easier to vote the bonds, pay \$300.00 per year instead of \$1200.00 as at present. With the carefulness and thoroughness with which this project has been approached it would seem that there ought not to be any objection expressed by a single voter. During the summer months when water is in great demand there is no supply and consequently just at the time when the city could sell water and make a profit it has no goods to sell. There is not a single merchant in the city who conducts his business on that principle and it is foolishness for the city to longer continue to do business at a loss. In five years the Burlington alone will have paid the amount of these bonds and it would be using water which costs practically nothing since the pressure from the springs will throw the water in the mains without the expense of a pound of coal.

Some have expressed themselves as being opposed to the issuing of any more bonds for any purpose whatever but if we can issue bonds and save money it would seem that we are in duty bound to do so. Others think that if we vote these bonds it will interfere with sewer bonds which may be needed in the future but sewer bonds can be voted regardless of any other bonds because there is a special provision which takes care of the construction of sewers. Another thing a sewer would be of no benefit whatever if there were no water to flush it out hence the water comes first. Let us save money, obtain pure water and vote for the bonds.

**The Doctor's Question**

**Much Sickness Due to Bowel Disorders**  
A doctor's first question when consulted by a patient is, "Are your bowels regular?" He knows that 98 percent of illness is attended with inactive bowels and torpid liver, and that this condition must be removed gently and thoroughly before health can be restored.

ReXall Orderlies are a positive, pleasant and safe remedy for constipation and bowel disorders in general. We are so certain of their great curative value that we promise to return the purchaser's money in every case when they fail to produce entire satisfaction. ReXall Orderlies are eaten like candy they act quietly, and have a soothing, strengthening, healing influence on the entire intestinal tract. They do not purge, gripe, cause nausea, flatulence, excessive looseness, diarrhoea or other annoying effect. They are especially good for children, weak persons or old folks. Two sizes, 25c. and 10c. Sold only at our store—The ReXall Store. The H. E. Grice Drug Co.

**All The Year 'round.**
