### Your Duty To Your Family

is not only save for a rainy day, but to **Safeguard Your Savings.**

YOU CAN'T LOSE if you deposit in this bank, because we operate under the State Guaranty Law, and every dollar is protected by the State Guaranty Fund.

Besides that, this bank is sound and safe and conservatively managed—your money here would be safe without the State Guaranty, but with the added protection, you simply can't lose no matter what happens.

### The City Goes Dry

The city election is over and the dry element won the day by a majority of 41. This result is decisive enough to satisfy anyone. Dr. Robert Damerell received a very flattering vote for the office of mayor and he goes into office with a larger following behind him than any mayor in recent years. J. O. Caldwell and Frank Perry were elected councilmen; O. C. Teel, city clerk; S. R. Florence, city treasurer; G. H. Overing, city engineer. Wm. Weesner, George Coon, and R. E. Foe were the winners on the school board. The following is the detailed vote:

### Clean Up Day

As there is a general movement in Nebraska to set apart certain days next week as "clean up day" and as Governor Morehead has issued a proclamation to that effect, I hereby urge and request all citizens of Red Cloud to clean up and destroy all rubbish about their premises, during the week ending April 12 to 18 inclusive. Also during that week only the school board has given consent that rubbish may be dumped on the site recently purchased for the agricultural experiment station.

D. E. SAUNDERS, Mayor.

### Choleraic Pigs

Pigs from immune sows are not always immune to cholera. Some litters may be farrowed in infected pens and go past weaning time without becoming infected, while others get cholera within two or three weeks after farrowing. The safe method, says the Animal Pathologist at the University Farm, is to give these pigs serum alone at about three weeks, which will usually carry them well past weaning time when they can be given the simultaneous treatment. There are some herds where the pigs seem to be very susceptible to cholera. In these it will be necessary to give serum alone more than once in order to carry them several weeks past weaning. Pigs given the simultaneous method soon after weaning sometimes lose this protection within a few months. To acquire a long time immunity, pigs should weigh at least 50 or 60 pounds at the time of receiving simultaneous treatment. At this weight the immunity usually lasts the ordinary life time of the hog, although in some instances hogs that have been proved positively immune at 125 pounds have later developed cholera. Nature is not constant.

### Vote For Court House

Next Tuesday the voters of this county will be called upon to settle the question of a court house or no court house. The issue is placed squarely before the people of the county and they are to say whether they are to have a new building or not. The Chief believes that a better opportunity for building will never present itself. The plans have been selected and we all know that the proposed building will not cost a penny more than sixty thousand dollars. Bids were received on this building and all fell under the mark, so there is no question about that.

As to the amount to be raised, the tax-payer can reason that the new building will not cost a cent because if the proposition carries an amount sufficient to make up the sixty thousand dollars will be diverted from other funds for this purpose. The levy will remain the same whether the court house is built or not.

Anyone with half an eye can see that Webster county does need a new building. The present court house is a disgrace to any county and the records are fast moulding away. If the voter is in doubt as to this he has plenty of time to come in and investigate for himself before voting.

Lowest rates, best option. Call for me at State Bank. C. F. CATHER.

### Antone Sedgich Shoots Himself

Word was received by undertaker Amack as we go to press that Antone Sedgich, who lives near Bladen, had committed suicide by shooting himself this evening. Sheriff Hedge and Corporal Amack left for the Sedgich farm immediately upon receipt of the message. No details were available.

#### Governor's Proclamation

**FIRE PREVENTION--CLEAN-UP DAYS**  
April 17th and 18th, 1914

A few years ago our Legislature created the office of Fire Commissioner in order that the great loss annually sustained by fire might be reduced to the minimum. It has been the custom, since the creation of this office, to designate two days each spring as Fire Prevention--"Clean-Up Days"--and in accordance with this custom I so designate April 17 and 18, 1914.

I request all the citizens of the State to cooperate with the Fire Commissioner in his efforts to reduce the loss of property and the danger to life, by having removed from their premises all trash and useless inflammable material. I also suggest that the teachers in our schools have some suitable exercises on these days and that they lend hearty aid and assistance to the Commissioner.

Given under my hand and the Great Seal of the State of Nebraska, this second day of April, 1914.  
JOHN H. MOREHEAD, Governor.

I have the best rate in the county on farm loans. See me and be convinced. My motto--prompt service.

A. T. WALKER.

I am again ready to make farm loans promptly and on attractive terms. Sole agent for Trevett, Mattis & Baker.
