Governor Morehead has appointed
April 17th and 18th as fire protection
and clean up days for the state of Ne-
braska. We believe that every city
and village in the state should respond
heartily to this move of Governor
Morehead. It is an excellent thing
to have clean streets and alleys and
clean streets and alleys mean less fire
loss.

The Farmer's Independent Telephone
Company has let bids for the erection
of their new exchange building. Work
is expected to begin within thirty days.
When this structure is completed it
will be one of the best appointed tele-
phone exchanges in the state. This
speaks well for the management and
also testifies to the spirit of progress
of the stockholders.

Now that the city has gone dry we
would suggest to those petitioners who
signed the pre-election document that
the way to show that they were
sincere and in earnest is to throw all
of their mail-order catalogs in the
trash and buy of home merchants.
This city is a good place in which to
trade and there is no reason why all
the farmer's trading should not be
transacted with our merchants.

Mr. Lee DeTour of Guide Rock has
announced himself as a candidate for
the office of county commissioner of
district No. 5. Mr. DeTour is an old
resident of this county and is thor-
oughly acquainted with the needs of
the county both by residence and the
fact that he was county clerk for one
term, several years ago. His many
friends over the county are well pleas-
ed that he has decided to run for this
position.

At the county Woodmen convention
held at Guide Rock last week Mr. Jack
Hillinger was chosen as a delegate to
the state camp meeting. He was in-
terested to do his utmost to oust the
present officers and to reduce the of-
ficers salaries to the old rates. This
county is insurgent so far as the Wood-
men membership is concerned and all
the camps feel that a good deal of in-
justice has been done the organization
by the present officials.

Council Doings

Council met in regular session Tues-
day evening. Mayor Saunders and Al-
dermen Fox, Crans, Storey and Cowden

YOUNG CHICKS
die of bowel
trouble more
than any other
cause. It is
estimated that of
every 100 chicks
hatched each
year less than 400 reach marketable size. Ger-
mone keeps the bowels regular. It prevents
diarrhoea from overdrinking of water; from eating
musty or spoiled food, etc. It should be given in
drinking water twice a week from the day they are
hatched. It cures the loss. Every chick that dies
early badly from the profit from the rest. Every chick saved
will pay the cost of a bottle of Germonone.
One size only, 25 cents, at dealer's or postpaid.

The Table that Saves Steps
Why trudge to the attic or the basement for extra leaves when you
can have them right inside the table—and at no extra cost?
The Robbins is the only table that has this simple and convenient
feature. It is one of the advantages of buying the Robbins kind—
and it is one you will appreciate more and more as you use it.
Robbins Tables are built by men who have studied table construc-
tion for forty years—men who know how to build tables that are
convenient, good to look at and durable.
Come in and let us show you why the Robbins is a good table to buy.
