REPRESENTATIVE 46th DISTRICT

I hereby announce myself as a candidate for renomination for the office of Representative of the 46th district subject to the will of the Democratic and Peoples Independent voters, at the primary election to be held April 18th.

G. W. LINDSEY.

FOR COUNTY SHERIFF

I hereby announce myself as a candidate for the office of Sheriff of Webster County, at the primary election to be held on the 18th day of April, 1916, subject to the will of the Republican voters of Webster County.

OLIVER D. HEDGE.

"Do your shopping early" it's only a few weeks till the primary.

Sheriff O. D. Hedge has cast his hat into the ring and is seeking a renomination at the hands of the Republican party. It must be conceded by all that Mr. Hedge has made an excellent official and if a Republican is to hold this office, we know of no one better fitted for the position than Oliver.

Hon. G. W. Lindsey has decided to again make the race for the office of county representative. He has already filed for the nomination subject to the wishes of the voters of the Democratic and Peoples Independent parties. Mr. Lindsey fought extravagance at every turn in the last legislature and he opposed the bill granting the Omaha Medical college \$150,000.00 for a hospital.

Mr. A. B. Crabill is seeking the nomination of county commissioner at the hands of the Democratic and Peoples Independent parties at the coming primary. Mr. Crabill is a graduate of our city high school and also of the state university. He has considerable property interests in the county and is a man of affairs. Careful and prudent yet perfectly willing to take the initiative when required he is well qualified for the position.

There is no question about the ice crop. It is made and in the house. We have had a touch of real winter with the accompanying inconvenience of frozen water pipes, hydrants and tea-kettles and we feel sympathetic towards the people of the north who have to put up with this weather right

along. However the ice man is glad and the coal man is glad and since we all want ice and coal, why should not everybody be glad?

County Judge A. D. Ranney having expressed his desire to succeed himself at the coming election, by announcing that he would be a candidate for nomination on the non-partisan ticket, comes before the people with a clean record of efficient management in the administration of the duties of his office. Gentlemanly and courteous at all times he has won a host of friends who will be pleased because he is willing to serve another term.

County Treasurer C. D. Robinson informs us that the automobile license fund now amounts to \$2000 and is available for the purpose of dragging the roads of the county. This is a tidy sum and if properly used it will keep our roads in good condition during the coming summer. This county has learned that all work is not completed when a road is built. We have learned that if we are to continue having good roads we must look carefully to the up keep after the roads are made. Dragging the roads has proven to be an effectual manner of keeping them in good condition but they must be dragged and dragged at the right time. Here's hoping that this fund will be wisely used.

Lincoln Letter

Reports from all the United States land offices in Nebraska except Alliance, received by State Auditor Wm. H. Smith, shows that during the year 1915 there were 1,697 homesteads "proved up," thus adding that many parcels of land to the taxable property of Nebraska. Alliance is the largest land office and last year reported over 1000 final proofs.

Harry B. Fleharty of Omaha, speaking at the democratic editorial banquet, congratulated the country upon the settlement of the currency question, declaring that panics are a thing of the past for all time to come because of the banking bill. He predicted that the tariff question would be forced to the front in the coming campaign.

An audit of the state treasurer's books for the period beginning January 8, 1915, and ending December 31, 1915, shows cash receipts of nearly three million dollars in addition to the funds raised by the regular tax levied. Interest on state funds in depository banks amounts to \$28,046.91, and office and miscellaneous fees foot up to \$382,504.40. Institution and university cash funds amount to \$472,488.33, and interest on the educational trust fund investments totals \$434,820.61. Investments held by these funds were paid off to the amount of \$941,221.63 during the period, thus presenting a problem for re-investment.

At the democratic editorial banquet in Lincoln the 11th, those who opposed President Wilson's preparedness program—and some of those who favor it in a modified form expressed the conviction that all armor plate and munitions of war should be supplied by the government itself, manufactured in plants owned and operated by Uncle Sam. Such a policy would remove all selfish motives, for jingoism, and render the preparedness program free from danger of militarism.

FIRE

THE ALARM OF FIRE is a dreadful thing for the man without insurance. Every time he sees the engines racing along his heart comes up in his throat if the fire is anywhere near his place. What folly, what mistaken economy.

THE COST OF INSURANCE is so small that it need hardly be considered. The freedom from worry alone is worth it many times over. Have us insure you to-day.

Red Cloud People Praise Simple Mixture

Many in Red Cloud praise the simple mixture of buckthorn bark, glycerine, etc., known as Adler-ika. This remedy is the most THOROUGH bowel cleanser ever sold being even used successfully in appendicitis. ONE SPOONFUL relieves almost ANY CASE of constipation, sour or gassy stomach. ONE MINUTE after you take it the gasses rumble and pass out. Adler-ika cannot gripe and the INSTANT action is surprising. C. L. Cotting.
