The Chief office this week turned out and delivered to the Secretary, O. C. Teel, the new 126 telephone directories for the Farmers' Independent Telephone Company, and those patrons who have not as yet been supplied with one, can obtain the same by calling on the secretary. The directory, besides being absolutely correct, up until April 1st, as to name and number, shows that the Independent Telephone Company, under its present able management, has made considerable progress the past year, having added a number of new names to its already large list of subscribers.
With the Small Town Girl, Villa and His Bandits, etc., on Saturday night, a good vaudeville which consisted of two Indians in a double novelty act, together with five reels of pictures, which included the fifth installment of the Broken Coin, on Monday night and that greatest of all tragedies Sarah Bernhardt in Jean Dore in five acts, on Tuesday evening, the Orpheum theatre has been taxed to its fullest capacity almost every evening the past week. Manager Cassil is proving to be some judge of the class of entertainment most appreciated by his patrons, and is certainly receiving a very liberal share of patronage.
Through the courtesy of Mr. F. H. Cassil, the United church held their Sunday evening service in the Orpheum theatre on last Sunday evening and at this time it was announced that this plan would be followed indefinitely. The theatre was full, the Orpheum Orchestra together with a large chorus under the leadership of N. B. Hush furnished the music and Rev. J. L. Beebe preached a very masterful sermon, notwithstanding the fact that his text, "Hell's Blockade," covered considerable territory, and in bringing out the principal points found therein, caused this distinguished divine to make several very plain statements.

BLACKLEDGE FOR JUDGE
At the primary election every voter should be given a separate non-partisan ballot, on which are named the candidates for judges of the courts, who are to be selected regardless of politics. In fact, the political faith of the candidates is not allowed to appear on the ballot or in the nomination papers.
The question is, the man for the position.
Webster County has a chance to help give one of its worthy citizens an honorable position and at the same time help give this county what belongs to it as the second largest county in the district, and never having had the District Judge. The present Judge has held the office two terms of four years each and an extra year, and another man and another county should have recognition.
L. H. Blackledge, of Red Cloud, is universally conceded to be exceptionally well qualified for the position and, in our judgment, the voters of all parties will do well to cast their ballots for the home man and the home county.

The Truth in Advertising
You've heard about the nation-wide movement against misrepresenting goods for sale.
Here's our viewpoint: we are in business to increase sales from year to year.
To do this requires the confidence of the people. And to get this confidence truth is an essential.
We believe that every article we sell, whether it be a collar button or a suit of clothes, is worth every cent we ask for it—sometimes more. We want you to feel the same way after you buy a thing.
If you should not feel that way, the greatest favor you can do yourself and us is to bring it back and give us your reasons. We're open to argument and want you to be, too.
Will you come in and pass judgment on our Spring stock of men's wear?

"ALWAYS RELIABLE"

To the Republican Voters of Webster County
As it has been impossible for me to make an active campaign for the nomination as Clerk of the District Court because of illness in my family, I am taking this means of asking your support at the primary election next Tuesday. I came to this county in 1874, and have been actively engaged in business in this county for a number of years. I elected to the office which I seek, I promise a faithful, business-like administration. This is the first time I have been a candidate for public office. Your votes and influence will be greatly appreciated.
Respectfully,
WALTER G. WAHLEN, adv.

To the Republican Voters
Having filed for the legislature on the Republican ticket from the 46th district I will appreciate your votes. I favor the passage of the prohibitory amendment. And if the amendment carries I shall work for the passage of laws to enforce it.
Also the passage of a rural credit law.
More efficient educational system.
The elimination of "jokers" in several good laws we now have on our statutes so they may be enforced.
If nominated and elected I shall strive for efficient, economic and progressive legislation.
Yours truly,
M. F. RICKARD.

FARM LOANS
Don't monkey with Loan Companies that are not ready at any and all times to close your loan without delay. I have some private money to loan and an unlimited amount of eastern money. I have the lowest rate in the state with your choice of five different plans for making loans.
I can make any loan that can be made by any Company, and I can make loans that no other Company will make.
