(My heart is right, you see.)
But vo, dey's not contented—

And vant dis poor old Kaiser Bill

And ven my ships and men iss gone,
Vat vill poor Bill do, den?
He's got a man, has Uncle Sam,

An' so he got his hed to vork,
To make stoff from his dreams,
An' now he's fig'rin somedings out
To sink my submarines.
Oh, Gott! mit Byng's and Pershing's
I've surely got mine fill,
But if dot Edison gets out—
It'll be 'good-by' Bill!

THE SOUTH BEND Malleable Range

The Biggest Range Value on the Market Today

Some people think the way to save money is to keep every cent they get and when they buy anything to buy the very cheapest articles they can find. Sometimes more money is saved by spending a little more and getting the best. A cheap range is dear at any price because you don't get your money's worth out of fuel and then you soon have repair bills. The SOUTH BEND is built to last, economizes on fuel, saves you repair bills. In a few years this saving will amount to what you paid for the range—also consider the satisfactory work it has done.
