

UNITED STATES RAILROAD ADMINISTRATION

# SUMMER TOURS AS USUAL

THE ENTIRE ATTRACTIVE SCHEME OF ROCKY MOUNTAIN AND PACIFIC COAST SUMMER TOURS IS NOW AVAILABLE, WITH CIRCUIT ROUTES THAT EMBRACE THE WEST'S MAGNIFICENT SCENERY.

## COOL AND SCENIC COLORADO

But a few hours to Denver, Colorado Springs and Pueblo, the gateway to hundreds of mountain vacation resorts and for automobile tours. Very favorable fares.

### THE BLACK HILLS AND WYOMING RANCH RESORTS

Tourists fares to the Hot Springs resort of the Hills, to Sheridan and Ranchester, in the Big Horn mountains, and to the Cody Way ranch resorts.

### PACIFIC COAST TOURS

The whole Pacific Slope is embraced in the Summer tours. You can go direct or include the Pacific Northwest. The world's greatest summer rail tour is available, just as usual.

Ask your local ticket agent to help you plan your trip and furnish you with descriptive booklets of points in which you are interested.

# FLORENCE OIL COOK STOVES

**Comfort,  
Economy  
and  
Efficiency**

**COMFORT**—for it means a cool kitchen.  
**Economy**—for it wastes no fuel. You burn kerosene oil only when you need it. **Efficiency**—for a Florence Oil Stove is easy and quick of operation and every bit of heat is concentrated close under the cooking.

Come in and let our salesmen show its many good points.

Every "Florence" is Sold Under Guarantee  
**GEO. W. TRINE**  
Exclusive Agent in Red Cloud

### When the Firemen Appear

the insured man's first thought is one of thankfulness that he is so. How about your thoughts if a fireman should appear at your home?

### The Day Before the Fire

is the day to insure. As that day may be to-morrow for all you can know or do, it follows that prudence would impel you to stop in our office to-day and have us issue you a policy.

## TRIUMPH FOR AMERICAN IDEALS

Peace Treaty the Most Momentous Document Ever Prepared by the Hand of Man

The Treaty of Paris is the longest single treaty ever signed. It is six times as long as the treaties of the peace of Westphalia (1648) and ten times as long as the treaty of Vienna (1815); it is as long as the latter and all the subsidiary treaties resulting from it. Though it covers more ground than any other treaty made, it was prepared in half the time required for the peace of Vienna, and in less than one-tenth of the time required for the treaty of Westphalia. This phenomenal result is attributed by European statesmen to the initial adoption of the Covenant of the League of Nations, which provides for the future settlement of a large number of perplexing problems. Despite opinions to the contrary, the verdict of history will unquestionably be that the Peace of Paris carries into effect to a remarkable degree the program accepted in advance by the peoples of the world, and embodied in the Fourteen Points put forth by the American government on January 8, 1918, ten months before the actual signing of the armistice.

Of the Fourteen Points thus accepted by a world in arms, serious objection has been raised to only one, the 14th. That objection has come from a faction in the United States Senate. This 14th Point, as embodied in the treaty is Article X, of the Covenant of the League of Nations. Germany herself has insisted upon it as an essential part of the peace.

The treaty as signed makes a new world, politically, physically, morally and spiritually. The mandatory system ends the old regime of exploitation, and makes wards of the world in Asia, Africa and the Isles of the sea. The Treaty has established in the place of artificial states natural political and national units. It has removed from the map numerous historic wrongs which have long served to embitter the international relations. It has set the world upon a new path of progress marked by the following guide posts:

1. International co-operation, including the consolidation of all existing international administrative activities.
2. Extensive machinery for co-operation in a League of Nations open to all that prove worthy of membership.
3. The creation of a labor conference and labor bureau to solve the problems of an industrial civilization.
4. A pledge to reduce armaments, and as a first step toward it the disarming of the one nation whose geographical situation has made it a menace to the world.
5. The abolition of conquest by Article X, without interfering with other methods of territorial adjustment.
6. The declaration that any war is a matter of concern to all, and the erection of machinery for dealing with conditions which endanger the peace of the world.
7. An agreement not to go to war before peaceful settlement of disputes has been tried.
8. Automatic provision sanctions for the punishment of the breach of agreements voluntarily taken.
9. A representative Assembly meeting regularly and, among other things, carrying on the work of codifying and revising international law begun by the Hague Conference.

The treaty is the most momentous document ever prepared by the hand of man. It sets the world right about face, it marks the triumph of American ideas, policies and institutions, by extending to a league of sovereign nations the democratic principles first embodied in our league of sovereign states.

EDWARD CUMMINGS,  
General Secretary,  
World Peace Foundation.

## NEW W. S. S. CERTIFICATE

Treasury Department Authorizes Denominations of \$100 to \$1,000 for Investors.

The Kansas City Federal Reserve Bank has ordered from the Treasury Department a supply of the new Treasury Savings Certificates, series of 1919, which on July 23 were authorized by the Department in denominations of \$100.00 and \$1,000.00. They are in registered form and are in addition to the 1919 War Savings Certificates previously issued. War Savings Stamps of the denomination of \$50.00 are convertible into these new securities which bear the same rate of interest as the Savings Stamps, 4 per cent, compounded quarterly. The \$100.00 certificates are convertible into the \$1,000.00 certificates and the limit of investment of \$1,000.00 for each individual, which is the feature of the Savings Stamp issue, is retained in the new certificates.

Treasury Savings Certificates in the denomination of \$100.00 (maturity value) may be purchased at the post-offices of the first and second class and such other postoffices as the Post-office Department may designate for that purpose. Both the \$100.00 and \$1,000.00 denominations may be purchased at incorporated banks and trust companies which are agents for the sale of War Savings Certificates.

The new certificates will be issued only in registered form and shall bear the name of the owner inscribed by the agent at the time of purchase and will not be valid unless the owner's name is thus inscribed. The certificates will not be transferable and will be payable only to the owner named thereon except in case of death or disability of the owner.

The new issue is exempt both as to principal and interest from federal, state or local taxation, except estate or inheritance taxes, surtaxes and excess profits and war profits taxes.

Treasury Savings Certificates will be redeemed at face value on January 1, 1924, and will be issued for the remainder of 1919 at the following prices:

Month	\$100 Certificate	\$1,000 Certificate
July	\$83.60	\$836.00
August	\$83.80	\$838.00
September	\$84.00	\$840.00
October	\$84.20	\$842.00
November	\$84.40	\$844.00
December	\$84.60	\$846.00

### MAKE BIG SAVERS OUT OF "LITTLE SHAVERS"

Greatest Education in the World is Teaching Children How to Be Independent.

Earn first, save second and spend third.

That is the briefest and best rule of economy the world knows. And every country in the world knows the rule better than America does. At the outset of the world war we were the most extravagant nation in existence. If the world war brought no other good end, it showed America the value of thrift. From the least thrifty to the most thrifty should be the American ambition, beginning right now. And there is no better place to begin with than with children.

Since the war furnished the realization of the need of thrift, and the Treasury Department, through War Savings Stamps, furnished the method of combined saving and investment, it is up to the parents and the teachers of this country to see that the children take advantage of these opportunities. Through the Savings Division of the Tenth Federal Reserve District every child in this district is enabled to obtain a war souvenir in the form of a hand grenade converted into a savings bank. In order to get the grenade he had only to observe the above rule—earn first, save second and spend third. It is a simple rule and, if observed, will revolutionize American habits. It will change us from a nation of spend-thrifts to one of thrifts; from dollar-hounds to dime watch-dogs; from waste to worth.

The new slogan of the Tenth District is "Make Big Savers Out of 'Little Shavers'."

## Cushman "Does More" Light Plant

### Light and Power

The Standard  
BELT TYPE  
Electric  
Lighting Plant

The Standard  
4 H. P.  
ALL-PURPOSE  
Power Plant

### Why the Cushman "Does More"

- It does more because it gives you both portable Light and portable Power in one plant, in the most compact, efficient and convenient form ever devised.
- It does more because there is less vibration with a belted outfit like the Cushman, and consequently less adjustments, repairs and service required.
- It does more because every part is get-at-able. It is not necessary to "tear down" the plant to correct any trouble.
- It does more because the same engine—the 4 H. P. Cushman All-Purpose Engine—may be used for work all over the farm, or be attached to binder, potato digger, corn binder or other machines.
- It does more because other machinery may be run from clutch pulley of engine at the same time the batteries are being charged by belt from fly-wheel side of engine. It is the most flexible outfit.

### The Cushman Self-Starter

- permits the Cushman Plant to be started, stopped and operated by a woman or child. It is the only starter that automatically releases engine compression and turns on and off oil. Engine started from switchboard, by pushing a button.
- We have a Cushman "Does More" Light Plant ready for demonstration. Please call and see it.

Cables Improve With Age.  
It is found that the insulation resistance of telephone cables increases with the age of the cable, when it lies in the ground, because the moisture it possesses appears to be dried out.
