

Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin caluses from bottom of feet. A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn of callus right off, root and all, without one bit of pain or softness. Truly! No-hum-bwe!—Adv.

Your idea of a hopeless liar is a person who says he never makes mistakes.

It doesn't cost half as much to live as it does to make a favorable impression on the neighbors.

QUICK! YOUR HAIR NEEDS "DANDERINE"

Check ugly dandruff! Stop hair coming out and double its beauty

A little "Danderine" cools, cleanses and makes the feverish, itchy scalp soft and pliable; then this stimulating tonic penetrates to the tangled hair roots, revitalizing and invigorating every hair in the head, thus stopping the hair falling out, or getting thin, dry or fading.

After a few applications of "Danderine" you seldom find a fallen hair or a particle of dandruff, besides every hair shows new life, vigor, brightness, more color and thickness.

A few cents buys a bottle of delightful "Danderine" at any drug or toilet store.—Adv.

INDUSTRIAL VALUE OF HOME

Well Recognized That Ownership Makes for Highly Desired Stability of Character.

Man's greatest business in life is the business of living. And nothing contributes so much to the success of this business as does good housing. Civilization is built up on this idea. The most progressive and civilized nations have been best housed.

Today the industrial value of home ownership is well recognized. It develops a pride, a self-respect, a stability of character that makes the home owner the man to be desired.

The man who can save and achieve a real haven in house his business of living has something that differentiates him from those not so fortunate. His credit is better, he is more highly regarded by the community, and he is the desirable citizen.

Most homes must be built on loans. As handled in the past, the mortgage has been pictured a home wrecker, a dreaded something to harass a man's old age.

Today the tendency is toward amortization, which is a gradual paying off of the principal so that in time the home will be free and clear. Amortization removes the only drawback to the ownership of a home. Whereas it is hard to save \$4,000 to pay off in a lump sum, it is easy to pay \$33 a month for ten years, plus \$20 interest charges, which latter decreases every month. How many of us have bought things on the partial payment plan, meeting the payments easily, and meanwhile enjoying the luxury of possession?

Just so it is with a home, and provided it is located right, one or two rooms can be rented that will cut the monthly payments in half. That feature alone has proved the deciding factor with many who desire to be a real success in the business of living.

But this home should be built to last, to be in as good condition when the payments are finished as when they are started. That means spending money where it doesn't show—for a year or so. It means good plumbing, good heating, good sound timber framed by a builder worthy of trust, by a man whose bid may not be the lowest, but whose bid is based on the kind of construction that will cause the home to stand up bravely against the elements, as well as for the business of living.

PLANT FLOWERS AND TREES

Now is the Best Time to Plan and Work on the Improvement of the "Home Grounds."

The appearance of the home has much to do with its utility as well as its beauty. A home where there are flowers, trees, lawn, etc., seems more comfortable than where these things are absent. Such a home is always more satisfying, and that of course is a quality of utility.

Fall is a good time to improve the yard, lawn and general appearance of the home. Late fall is a favorable time to transplant many biennials and perennials. Roses, the queen of flowers, may be set; other shrubs may be transplanted; bulbs of various kinds, sweet peas, etc., may be started for early spring blossoms. A little time given to the yard and lawn now will be worth much to the appearance of your home next spring. Look over the yard and see what improvements can be made. Doubtless you will find that much can be done to make your home more attractive.

Demand for Better Homes.
The idea of good homes for wage earners as a matter of public policy was widely advertised during the war and gained strong support. The ablest architects, engineers and landscapers assisted the government in housing plans. This has brought about an increasing national consciousness that every family should be provided with a habitation meeting at least the minimum requirements of sanitation and decency. Many soldiers who were reared in city slums have returned with more personal dignity and no longer will stand for their former homes. They are persuading their families to remove to better neighborhoods.

Flowers as Barometers.
Many flowers are said to be excellent barometers. For instance, it is when the blooms of dandelions have faded and are in the flabby, feathery condition that the weather-forecasting time has come to the fore. In fine weather the plants expand to the full, but as the clouds approach it shuts up and droops. If the weather is stormy, it keeps shut up and drooping, and when the

"CALIFORNIA FIG SYRUP" IS CHILD'S LAXATIVE

Look at tongue! Remove poisons from stomach, liver and bowels.

Children love its delicious fruity taste. Full directions for child's dose on each bottle. Give it without fear.

Mother! You must say "California."—Adv.

REALLY NOT WAITER'S FAULT

Mr. Green's Perfect Mastery of the French Language Evidently Was Too Much for Him.

Mr. Brown and Mr. Green were taking their long-talked-of holiday in France. For three months Mr. Green had been learning French by correspondence—and thought he had mastered the language.

One afternoon the pair went into a cafe to have tea, and Green, who always insisted on doing all the talking, gave the order to the waiter. When however, the tea things were brought, he noticed that something was missing, and spoke angrily to the waiter about it.

"My dear fellow," objected Brown, "what on earth are you saying?"

"Will you kindly refrain from making your absurd criticisms of my use of the French language?" retorted Green.

"Oh, certainly!" answered Brown. "Only it seems rather a waste of time to ask the waiter to bring you a teaspoon when what you want is a teaspoon!"—London Tit-Bits.

"CARRY ON!"

If Constipated, Bilious or Headachy, take "Cascarets"

Feel grand! Be efficient! Don't stay sick, bilious, headachy, constipated. Remove the liver and bowel poison which is keeping your head dizzy, your tongue coated, your breath bad and your stomach sour. Why not get a small box of Cascarets and enjoy the nicest, gentlest laxative-cathartic you ever experienced? Cascarets never gripe, sicken or inconvenience one like Salts, Oil, Calomel or harsh pills. Cascarets bring sunshine to cloudy minds and half-sick bodies. They work while you sleep. Adv.

Miserable Anyway.
"I am telling you the truth when I say that I was much happier when I was poor than I am now."

"Then why don't you let your millions go and be poor again?"

"Why, because I should be miserable thinking of the people who got the money."

An average man is generous to a fault, if it doesn't belong to other men.

OH, YES, THEY LOVED MOTHER

But One Can't Help Feeling the Jones Family Might Have Shown It in Different Way.

Mr. Smith, hearing music and singing at his neighbor's house, decided he would drop in and see how they were. Mr. Jones welcomed him and ushered him into the parlor where his daughter was playing the piano and his son singing. Mr. Smith begged them to continue. They consented.

"The first song they selected was 'Mother.' They sang this very feelingly and then father joined in on the chorus. This was followed by 'Mother Macree' and others of like sentiment on songs about mother—how true they were, how dear and how they loved to sing them.

Then, as Mrs. Jones hadn't appeared yet, Mr. Smith inquired about her state of health.

"Oh," said Mr. Jones, "she's well enough. She's in the kitchen doing the dishes, but after she has finished and has taken in the wood she'll join us."—Judge.

First Choice.

Alice is an eight-year-old youngster from the southern part of the state and her uncle recently brought her to the capital to see the monument, and other places of interest. The morning after his arrival he took her down to the office of a friend, and introduced her around. "So you came to see Indianapolis," remarked one of the men. "I suppose you're anxious to begin. Which do you want most to see—the state house or the monument?"

Alice looked at him and then spoke truthfully. "Oh, I want to see both of them," she told him, "but most of all I want to go to one of those stores where you get an ice cream sandwich for a nickel!"—Indianapolis News.

To Abolish Tomorrow.

A movement to abolish tomorrow is now in order. Among all the things that cause trouble to humanity in general, tomorrow is probably the worst offender.

Nothing happens tomorrow in just the way we expect, and in most cases dread. The time we spend in wondering what tomorrow will do, and in worrying about it in advance, if applied today would fortify us against the unexpected more than anything else. Tomorrow is the most uncomfortable place there is to dwell in. Yet most of us live in it most of the time.—Life.

Mother was putting Max to bed. "Now Max," said mother, "come let me hear your prayers, or you won't get to go to Heaven with mother."

Max, rolling over, answered sleepily: "Well mother, you go ahead. I come with pop."

Stage jokes are evidently made of kind words, for they never die.

Too often there is a sting back of homely words.

THE MOST DANGEROUS OF ALL DISEASES

No organs of the human body are so important to health and long life as the kidneys. When they slow up and commence to lag in their duties, look out! Danger is in sight. Find out what the trouble is—without delay. Whenever you feel nervous, weak, dizzy, suffer from sleeplessness, or have pains in the back, wake up at once. Your kidneys need help. There are signs to warn you that your kidneys are not performing their functions properly. They are only half doing their work and are allowing impurities to accumulate and be converted into uric acid and other poisons, which are causing you distress and will destroy you unless they are driven from your system.

ASPIRIN FOR COLDS

Name "Bayer" is on Genuine Aspirin—say Bayer

Insist on "Bayer Tablets of Aspirin" in a "Bayer package," containing proper directions for Colds, Pain, Headache, Neuralgia, Lumbago, and Rheumatism. Name "Bayer" means genuine Aspirin prescribed by physicians for nineteen years. Handy tin boxes of 12 tablets cost few cents. Aspirin is trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.—Adv.

"Highgate."
The word "Highgate" is derived from a gate erected over 400 years ago to receive tolls for the bishop of London. At one time all travelers who tarried at Highgate taverns were required to take an oath never to eat brown bread while they could get white.

BITRO-PHOSPHATE IS GOOD FOR THIN NERVOUS PEOPLE

A French scientist has discovered an organic phosphate which should be a very effective remedy for weak nerves, sleeplessness, thinness and lack of strength, energy and vigor. Its substance is identical in composition with certain vital elements naturally found in brain and nerve cells and one which when taken into the human system is quickly converted into healthy living tissue. This phosphate is already widely known among druggists in this country as "Bitro-Phosphate" and some physicians claim that through its use strength, energy, vigor and nerve force are frequently increased in two weeks' time. Dr. Frederick Kelle, Editor of New York Physicians' "Who's Who," says it should be prescribed by every doctor and used in every hospital in the United States. As there are a great variety of so-called phosphates, those who wish to test this substance should be sure to get the genuine Bitro-Phosphate.

ATTENTION! Sick Women

To do your duty during these trying times your health should be your first consideration. These two women tell how they found health.

Hellam, Pa.—"I took Lydia E. Pinkham's Vegetable Compound for female troubles and a displacement. I felt all run down and was very weak. I had been treated by a physician without results, so decided to give Lydia E. Pinkham's Vegetable Compound a trial, and felt better right away. I am keeping house since last April and doing all my housework, where before I was unable to do any work. Lydia E. Pinkham's Vegetable Compound is certainly the best medicine a woman can take when in this condition! I give you permission to publish this letter."—Mrs. E. R. CRUMLING, R. No. 1, Hellam, Pa.

Lowell, Mich.—"I suffered from cramps and dragging down pains, was irregular and had female weakness and displacement. I began to take Lydia E. Pinkham's Vegetable Compound which gave me relief at once and restored my health. I should like to recommend Lydia E. Pinkham's remedies to all suffering women who are troubled in a similar way."—Mrs. ELISE HEIM, R. No. 6, Box 83, Lowell, Mich.
