**THE RED CLOUD CHIEF**  
Red Cloud, Nebraska.  
PUBLISHED EVERY THURSDAY  
Entered in the Postoffice at Red Cloud, Neb. as Second Class Matter.  
A. B. McARTHUR, Editor and Owner  
STATE CAPITAL  
Representative Hascall of Omaha, is backing the American Legion boxing bill.  
It is not expected that any changes in the taxation laws will take effect before next year.  
S. F. 108 permits the practice of Christian Science and exempts Scientists from quarantine law.  
S. F. 126 requires county judges to be licensed attorneys except in counties having less than 5,000 population.  
S. F. 125 provides for the regulation and inspection of dry cleaning establishments. Looks like it has a worthy object.  
The two bills providing for house and senate expenses and salaries of members were quickly enacted into law. Few bills will be acted upon so quickly.  
The state board of agriculture went on record in favor of changes in the blue sky law and in favor of spending most of the automobile license money in the county where it originates.  
H. R. 152 allows county boards to build and repair culverts or bridges that do not cost more than \$5,000 without advertising for bids. A little publicity along this line ought to be good.  
The Gifford-Byrum bill pertaining to moving pictures is to be given a chance by the committee. Many think this a desirable substitute for the censorship bill. It will be enforced by existing official machinery.  
A bill requiring compulsory medical examination of school children was looked upon with favor by the house and appears to stand a good chance of passage. A landlord's lien bill was promptly put to sleep.  
Fifty resident of Table Rock have filed a protest against the movie censorship bill. This bill promises a hot contest. A number of state organizations are backing it and there is equally strong opposition.  
A soldier's bonus bill, providing for a tax of three and a half million dollars for the purpose of paying a bonus to former soldiers, was introduced by the thirteen members of the house who are credited to the non-partisan league.  
A house bill, modeled after the California law, will prevent persons who are not eligible to United States citizenship from owning real estate in Nebraska. Such a law would apply especially to the Chinese and Japanese.  
A bill by Representative Foster provides for the licensing and regulation of those who would be barbers. An examination fee of \$5 is provided except for those who are already engaged in that calling, they get by for a dollar. Renewal of license is to cost a dollar a year.  
The house banking committee gave prompt approval to the bill strengthening the state banking laws. This bill makes minimum capitalization \$25,000, requires the issuance of licenses to bankers and employees and provides for other regulation of those who would be bankers.  
Representative Williams of Fillmore county, is the introducer of a bill that will certainly put a stop to glaring headlights but would also make the law apply to dealers, thus making it impossible to sell a car in the state unless it is properly equipped. In other words, he starts at the source and makes the bill apply to all concerned.  
Representative Snow of Dawes county, also has an automobile bill. He proposes to require auto mechanics to be licensed. His idea is to do away with the crop of near mechanics who charge a big price for their work and leave a car in worse shape than they found it. If this bill becomes a law, auto owners are likely to rise up and call George blessed.  
Representative Randall has two bills defining habitual criminals. One pertains to those convicted of felonies. Those who are convicted twice are called habitual convicts and are to be punished accordingly. The second refers to those who violate city or village ordinances. The fourth conviction or such violation is to

carry a penitentiary sentence or a fine of from \$200 to \$500.  
Considerable objection is being heard to the rule which provides for secret sessions when the two houses meet jointly to pass upon the governor's appointments. The rule is drastic. It provides that any senator or representative who discloses anything that is done in joint session is subject to expulsion. It is pointed out that the rule is contrary to the spirit of the new constitution. Anyhow, the people have a right to know what is going on.  
Representative Osterman is the author of an important bill which provides a way whereby the Lincoln highway may be made to parallel the Union Pacific railway. This bill gives the state highway department authority to condemn railroad right of way for highway purposes. Such condemnation could apply to other roads besides the Union Pacific. One big advantage of this bill is that it provides for direct routes like the railroads have instead of compelling public roads to turn square corners and covering a lot of additional territory. The saving in the cost of constructing such roads would run into millions.  
**Notice of Final Report**  
In the County Court of Webster county, Nebraska.  
In the matter of the estate of Alfred H. Bright, deceased.  
All persons interested in said estate, are hereby notified that the Administrator—The Bonus Non.—has filed herein a final account and report of his administration, and a petition for the final settlement of such account and report, and for a decree of distribution of the residue of said estate, and for the assignment of the real estate belonging thereto, and a discharge from his trust, all of which said matters have been set for hearing before said court on the 4th day of February, 1921, at the hour of 10 o'clock, A. M., when all persons interested may appear and contest the same.  
Dated this 26th day of January, 1921.  
[SEAL] A. D. RANNEY, County Judge.  
L. R. Rust Secretary of the local Fire Department received another new nozzle for the department today.  
At the annual meeting of the Farmers Union held last Thursday all of the Directors except E. S. Fitz were re-elected. George Amack was elected to take his place.  
Many times one hears the remark "I would love to see a movie actor or actress in person" and that will be the privilege of those who attend the performances at the Besse Auditorium this week. Miss Mae LePert the dainty soubrette and Mr. Gardner the leading man are both movie actors being on their way back to California to again resume their work before the camera after a very successful tour of the south and middle west. Miss LePert was leading support to Morante in Bull's Eye Comedies last season and Mr. Gardner with Montgomery & Rock in Vitagraph comedies.

**We Pay 4 Per Cent**  
Why remain in doubt about the disposal of your Cream, Eggs and Poultry. Hundreds of satisfied farmers have been patronizing us the past two years and if you are in doubt consider the following facts: In 1920 we bought cream to the extent of \$42,929.31, eggs \$1,672.06, poultry \$9,651.58 or a total of \$54,249.97. This is good evidence that a large percentage of the farmers of this community patronize us. Can any or all of our competitors equal this? Also do they offer to pay you 4c on every dollar they give for your cream, eggs and poultry? WE DO! Agents of out-of-town firms fail to do this. In other words you receive not only honest weights and correct tests, but also \$1.04 for every dollar's worth of produce you sell us. We leave it to you to decide who you will patronize.  
IF YOU ARE NOT A PATRON YOU SHOULD BECOME ONE NOW

**WHY SHIVER**  
Most of the time from now to Easter, when you can go to California and bask in glorious sunshine? One of the attractions of spending the winter in California is getting there. The trip is a lesson in geography—a liberal education. The scenic treasures enroute and there equal anything to be found anywhere else. Why deny yourself the pleasure of seeing Denver, Colorado Springs, Pike's Peak, Royal Gorge, Scenic Colorado the Majestic Rockies, Salt Lake City, Great Salt Lake and the 90-mile serpentine Canyon of the Feather River through the beautiful Sierras, when you can buy a ticket via the Burlington that will take you right thru these wonders in daylight?  
Come in and let me tell you more about it and make your reservation so that you'll be assured of accommodations when you are ready to go.
