

### Just For Comparison

1913 - - 1920 - - 1921

It has been figured out, that in building a certain house, the LUMBER cost

\$1,600.00 in 1913  
\$3,300.00 in 1920  
\$2,000.00 in 1921

Freight has advanced \$280.00 on this material, since 1913, which makes the lumber cost at the present time a trifle over \$100.00 more than it did in 1913, exclusive of the freight raise.

### CHEAP ADVICE!

Advice is one of the cheapest things in the world. It's as free as the air. No matter what your troubles may be, just let it be known and advice will come piling in.

The old maid knows how to rear children, the bachelor knows just how a wife should be handled, and even a bald-headed druggist can sell hair tonic and get away with it—but the advice you seek, not the kind that is volunteered, is the kind you want. We are not a volunteer in the advice business, but if you are a patron of our bank and ask advice on financial matters we will be glad to help you in any way we can.

#### WHEAT GROWERS WILL MEET AT HOLDREDGE

Mr. Aaror Sapiro, noted California attorney and considered best authority on cooperative laws in the country today, specializing in commodity marketing of foreign products has just completed the organization work and plans of the south with the assistance of American Farm Bureau. Farmers' Unions and other farm organizations in those states. Mr. Sapiro informs us that the 100 per cent pooling contracts for a period of five years are identical with the contracts that he drew up for the national wheat growers association of the Central West, also consented to deliver a series of lectures in the western wheat states, commencing about June 1st. He will deliver an address at Holdrege, June 7th, at 2 p. m. in the auditorium.

The opportunity of meeting and hearing this eminent expert explain the wonderful results, attained under the all pooling system is one that is rarely offered and all wheat growers of Nebraska will be amply repaid in traveling a great distance to attend this state meeting. This is a critical time for the wheat grower of the west, since drastic laws are about to be enacted which in all probability will do away with the present speculative marketing system together with the grain gamblers commonly known as the Chicago Board of Trade and it is indeed all important that the wheat growers shall organize around this product in such manner that we may feed the world directly through miller and exporter such quantities and at such times as their every need may require in our present dumping process the past years.

All farm organizations of Nebraska will be represented at this meeting and it is to be hoped that the Wheat Growers will meet with the same success that the cotton growers of the south now enjoy. Texas, Oklahoma and Kansas have nearly completed minimum sign up, North Dakota will surpass all other states this season. Nebraska and Colorado were slow to start but are now falling in line with encouraging reports daily.

Don't forget the date and place. Mr. Sapiro will speak at the Holdrege auditorium, Tuesday, June 7th, at 2 p. m.

#### County School Notes

(By County Superintendent)

Through mistake some names may be left off the graduating list. If so, let me know in time to correct it in the next issue.

There are a few that have high marks in all but one subject. These will be allowed to take the missing study over the third Friday in July. The other grades will have to be very good or else the student will have to be in the list that took eighth grade examinations last year.

By having the papers corrected by four people new in the business a few mistakes were made in the April examinations. (There were some two thousand papers.) If everything is not satisfactory, drop me a card stating the trouble and I will do my best to make it right.

The promotion cards will be sent to the graduates as soon as they come from Grand Island Business College where I sent them to have the names written in. With them I will send the "Application For Free High School Tuition." As the tuition has doubled, you should be sure to get in your card. If you have none send for one.

"House Roll No. 20 increasing high school tuition from \$1.50 to \$3.00 per week carrying an emergency clause became effective April 25, 1921. In our opinion the increased tuition may be charged and collected after April 25, 1921." Opinion of the Attorney General.

Teachers' examinations at Red Cloud only May 27 and 28. Friday morning subjects, algebra, arithmetic, civics, penmanship, trigonometry and chemistry. Friday afternoon, botany, agriculture, drawing, spelling, reading, English and American literature, general history, zoology. Saturday morning, geometry, grammar, theory and art, physiology and hygiene, English composition, physics, psychology. Saturday afternoon, music, geography, mental arithmetic, book-keeping, history, rhetoric, geology, physical geography.

After the eighth grade examination it is easy to see how important it is to have a good teacher, punctual attendance, and time for the student to study at home. It doesn't pay to

## It was time to wake up, all right

MY BRAIN was busy.  
BUILDING AIR castles.  
FOR I wasn't sleepy.  
FINALLY I dozed off.  
AND PROMPTLY dreamed.  
THAT I was awake.  
BUT WOKE right up.  
AND FOUND I was asleep.  
THEN I got thinking.  
OF A wonderful formula.  
FOR MAKING cigarettes.  
I PLANNED it all out.  
SO MUCH Turkish tobacco.  
BLENDED JUST so with Burley.  
AND OTHER Domestic leaf.  
AND I knew that blend.  
WOULD MAKE a hit.  
I COULD just see.  
CROWDS OF happy people.  
THRONGING INTO stores.

TO BUY that cigarette.  
THEN LIGHTING up.  
SMACKING THEIR lips.  
AND SAYING, "Oh, Boy.  
IT'S THE exact copy.  
OF THAT 'Satisfy' blend."  
AND THEN I came to.  
AND SAID to myself.  
"THIS TIME you're dreaming.  
FOR SURE.  
WAKE UP, you darn fool.  
WHY, THAT 'Satisfy' blend.  
SIMPLY CAN'T be copied."

THAT'S a fact—the "Satisfy blend" can't be copied. It's our own secret—putting those good tobaccos together in a way that gives you every last ounce of their fragrance. You'll smack your lips over Chesterfields. And remember—you can't copy Chesterfields.

Those wishing transfers should get them before June 13.

High Schools should get in their tuition statements. The directors are calling for the lists of students requiring tuition already.

#### The Perfect Man.

A young king once asked a sage what kind of person he considered was the most perfect, whom it would be wise if all men would imitate. "The most perfect man," said the wise old man, "is not he who seems most perfect, but he who not only is able to discover that he is imperfect, but also strives through life to amend his faults as much as possible."

#### Editors Meet at Hastings

Hastings, Neb., May 13.—The Hastings district of the Nebraska press association was organized here this afternoon and Karl Spence of the Franklin News was elected president. The other officers are: Secretary, Harry Vaughn, Guide Rock; Vice president, W. D. Edson, Red Cloud; treasurer, C. E. Dedrick, Red Cloud.

The district comprises, Adams, Clay, Nuckolls, Webster, Franklin and Kearney counties. About twenty editors attended the meeting, and it was decided to hold the next at Holdrege on May 27. The visiting editors were the guests of the chamber of commerce at a dinner this evening.—State Journal.
