Work has been delayed on building the electric transmission line for the reason that Lawrence is arranging to take juice from Superior also. In the event that Lawrence does sign up for lights, the line will be run west from Nelson to Lawrence and Guide Rock, instead of direct to Guide Rock from Superior. In this event the line will be built on from Guide Rock to Burr Oak, hooking up there with the Concordia line to Burr Oak, making a double ditch for each town on the circuit, the Concordia power plant being also owned by the Southern Nebraska Light and Power Company.—Guide Rock Signal.

A REAL COMMUNITY FESTIVAL FOR RED CLOUD

An enthusiastic meeting was held at the Auld Library on Tuesday night for the purpose of discussing and planning for a community Christmas festival. As the Christmas season draws near, we all should feel a little nearer to our fellowmen, and what could be a more fitting commemoration of the birthday of the Christ than a real Christmas Festival, a joyous gathering of everyone in the town and surrounding territory. A big tree, brightly lighted, treats for all the youngsters, and Christmas carols, without which no Christmas is complete, are all best enjoyed with others, and everyone old and young, should possess more of the Yuletide and community spirit as a result of such a gathering.

The committees who had approximated the cost made their reports, and it was unanimously voted to "put the Festival over." It is planned to treat the 700 children under fifteen years of age in and around Red Cloud.

N. B. Bush was elected chairman of the committee on arrangements and Mrs. Halbert Thomas secretary. A financial committee, with J. Johnson as chairman, is now at work raising the necessary funds for the tree and treats, and any money which might be left will be used for charitable purposes. Two Sunday schools have set a good example by giving the amount formerly used for their own treats to this fund.

In order to conflict less with the celebrations in the homes and the usual Christmas Eve rush of shoppers, the Festival will be on Friday evening, December 23, in the Sale Pavilion, which Mr. Auld is very generously offering and getting in readiness.

At the meeting Tuesday night it was voted to ask the places of business to close for one hour, at the time for the program. If all will do this, it will work a hardship on none.

The success of this, as of any other community enterprise, depends upon the hearty co-operation of the public, and it is hoped that every citizen will be ready to help make this the enjoyable event that it should be.

The following committees have been appointed:

Finance—J. Johnson, chairman and treasurer, Chas. Pitchler, Mrs. Edgar Cowden, Miss Jessie Kellogg, H. E. Thomas.

Building—J. W. Auld. Provide tree and Santa Claus—Dr. Nicholson, chairman, Chas. Brubaker, Ben McFarland.

Lights—E. W. Stevens and Boy Scouts.

Purchase treats and fill sacks—Mrs. E. L. Morhart, chairman, Mrs. A. E. Boles, Mrs. L. Wonderly, Mary Peterson, Mrs. Wm. H. Thomas, Mrs. D. L. Kaley, Mrs. E. A. Creighton, Mrs. Paul Pope.

Provide sacks for treats—Mrs. M. A. Albright, chairman, Mrs. E. L. Grimes, Mrs. C. H. Miner, Mrs. Branson Stewart.

Distribute treats—Three Scout masters and Scouts.

Decorating—E. M. Ege, chairman, Mrs. W. H. McBride, Mrs. Maynard, Boy Scouts.

Program—Howard S. Foe, Mrs. F. R. Hughes, E. J. Overing Jr. chairman. Heating and seating—F. J. Munday, chairman, Ed. Platt, Marion Bloom, Boy Scouts.

Publicity—Rev. S. Hardman, chairman, W. T. Edson, W. B. Smith, A. B. McArthur, Mrs. A. W. Gelwick.

Please watch the papers for the date of the next meeting.

Miss Roda Foss of Beaver City spent Sunday at the home of Dr. and Mrs. W. H. McBride. She returned home via Hastings Monday, going there with Miss Thelma McBride who is attending the Hastings college and had spent the weekend here with her parents.

NO CREDIT

Is given me, for CLEANING your battery terminals, GREASING them putting in NEW BOLTS, and above all, for WASHING your battery with amonia

BECAUSE

you don't know I do these things—Well I do. With me it isn't simply a case of charge your battery and throw it back in your car, but with every battery that comes into my shop, I follow the above procedure. It increases the life of a battery just about 100 per cent.

That's why I get practically all of the battery business.
