

### Infant Welfare Vital Problems in Cities of U. S.

#### To Conserve Infant Welfare of Omaha The Bee Free Milk and Ice Fund Was Established.

Infant welfare in recent years has taken its place as one of the national problems. A feature of all vital statistics reported by villages, towns and cities to the state and federal governments includes the death rate of infants less than 1 year old. It is conceded that the first year is the most difficult for the tiny life and particularly in the cities is this problem acute. Omaha's vital statistics are a credit to this city and set Omaha as its infant problem. During these hot days there are many babies in need of fresh milk and ice. To conserve the infant welfare of the city The Bee's free milk and ice fund was established. A noteworthy feature of the fund is that there is no administration expense. Every cent is used for the distribution of milk and ice where they will do the most good. The fund continues to grow.

#### Candidates in Primary Campaign at Scottsbluff

Scottsbluff, Neb., June 23.—(Special Telegram.)—Clarence A. Davis, aspirant for the senate; Charles H. Randall, after the governorship, and Miss E. Ruth Pyrtle, who would be state superintendent, were in Scottsbluff Friday meeting voters. Miss Pyrtle left Friday night for the east and was followed by the other two, who plan to complete their primary campaign in the most thickly populated parts of Nebraska.

#### Road Work Near Oshkosh

Oshkosh, Neb., June 23.—(Special.)—W. A. Olinger & Sons have taken the contract for the grading, leveling and surfacing of the two and one-half miles of sandhill road east of town on State highway No. 86. The work will involve about \$25,000 expenditure and will take four or five months to complete. This will practically finish the state aid road in the vicinity of Oshkosh.

### RADIO Tip for Common Faults of Aerials

#### Connections Should Be Soldered, Expert Says—Loop Aerial Predicted.

If one has a good aerial and ground connections are defective, the best results in receiving cannot be expected. The commonest faults with aerials is that they are too short and are not far enough from the ground. Radio fans cannot expect to pick up much broadcasting news with 10 or 15 feet of wire strung near to the earth like a clothes line. The aerial should be at least 50 feet clear of all obstructions, if one is using a crystal detector set. With an audio bulb set, height is not so essential. Even then, the aerial should not be less than 25 feet above the ground or roof.

The work will involve about \$25,000 expenditure and will take four or five months to complete. This will practically finish the state aid road in the vicinity of Oshkosh.

### SPARKS

#### Some relief from bothersome radio "strays" in summer time can be obtained with sets having good amplifiers by using a "ground antenna." This is a long insulated wire run in a shallow trench or on the surface of the ground. The ground wire should be run in the direction of the station from which the most signals are to be received, and should preferably be several hundred feet long.

Capacity is one of the properties of states of electricity. Capacity is produced when two conductors insulated from each other are connected to the sides of an electric circuit. The electricity does not jump from one conductor to the other, through the insulator, but it does strain the latter. When the insulator has been strained to its limit, it automatically dumps its charge. Capacity is one of the essentials of a radio circuit, the other being inductance, previously defined.

#### WAAW Saturday

Saturday's radio program by The Omaha Bee and the Omaha Grain Exchange station, WAAW, is as follows:

8:45 A. M.—Market reports.  
9:00 A. M.—Newspaper reports.  
9:45 A. M.—Market reports.  
10:45 A. M.—Newspaper reports.  
11:30 A. M.—Market reports.  
12:30 P. M.—Newspaper reports.  
1:15 P. M.—Baseball scores.  
2:00 P. M.—Market reports.  
3:15 P. M.—Bee concert.

The Bee's musical concert on Saturday night immediately following announcement of the market reports will open with a vocal solo by Miss Lora Peterson, who will sing two numbers. Other features on The Bee's program will be piano and song numbers together with an elocution selection, "The Review of the Centuries," by Charles Docherty, hero of the Ak-Sar-Ben Den show.

### 4 Nebraskans Pay Tax on \$100,000 Incomes

#### Four Nebraskans paid a total income tax of \$249,777 on aggregate net incomes of \$634,787 for the year ending December 31, 1920, according to a report on income tax returns just made public by A. B. Allen, collector of internal revenue.

Two of the quartet had incomes between \$100,000 and \$150,000; a third, between \$150,000 and \$200,000, and the fourth, between \$250,000 and \$300,000. There were 97,729 income tax returns, for a total tax of \$8,363,305 on total net incomes of \$306,362,706. Persons with incomes between \$1,000 and \$2,000 numbered 35,352; between \$2,000 and \$3,000, 32,352; between \$3,000 and \$4,000, 32,844; between \$4,000 and \$5,000, 30,355; between \$5,000 and \$6,000, 29,355; between \$6,000 and \$7,000, 1,309; \$7,000, 37; between \$7,000 and \$8,000, 10, and between \$8,000 and \$100,000, only 3. The average net income was \$3,134.82.

#### Held Under \$1,000 Bonds.

Dr. G. F. Bartholomew, J. F. Naylor and J. H. O'Keefe, officers of the Cere Blend company, waived preliminary hearing in Central police court yesterday and were held under \$1,000 bond each for trial in district.

#### Feature Transactions on Livestock Exchange

D. W. Hill of Scottsbluff, who has been feeding a bunch of cattle near Alton, brought in a bunch of cattle for the local market yesterday that averaged 1,495 pounds, for which he received the top price of \$9.50 a hundred.

Mr. Hill said that he bought the cattle here eight months ago, that they had made an average gain of 500 pounds and that they cost him as feeders \$6 a hundred. "I did pretty well this season with my cattle," said Mr. Hill, "but it will take me several good seasons to make up the losses I experienced two years ago on feeders to make me come out whole." A consignment of 20 head of Hereford steers of good finish were marketed at the stockyards by Julius Miller of Mineola, Ia., who received \$9.35 a hundred for the cattle, which averaged 1,226 pounds. "I bought these cattle on the local market last November," said Mr. Miller, when they averaged 700 pounds and cost me \$5.75 a hundred. I fed them on shelled corn, alfalfa and a preparation of molasses feed and am quite satisfied at the gains made. I have more loads that I will bring to market as soon as they are finished.

### Wheat Harvest Two Weeks Early in Saline County

#### Friend, Neb., June 23.—(Special.)—Wheat harvest began in this part of Saline county Wednesday of this week. Wheat has ripened about two weeks earlier than usual because of the hot, dry weather. The grain on the upland is ripe, while in the draws where the ground is more moist, the straw is green. It is feared by elevator men that farmers are in too much of a hurry and that the grade of wheat would be better were it not cut so soon.

The time prospect for a potato crop has gone glimmering because of continued hot, dry weather. The vines are drying up and the crop has been damaged by the drought.

#### Good dogs, poultry and other pets find ready cash buyers through the "For Sale" columns of The Bee.

### CUTICURA HEALS ITCHY PIMPLES

On Forehead and Scalp, Hair Fell Out, Lost Rest.

"My trouble began by a breaking out of small pimples on my forehead and scalp. The pimples festered and itched and burned causing me to scratch and irritate the affected parts. My hair fell out and my face was disfigured for the time being. I lost my rest on account of the irritation." "The trouble lasted for years. I sent for a free sample of Cuticura Soap and Ointment which helped me so I bought more and now I am healed." (Signed) Miss Ethel Atkins, Orbiton, Ohio, Aug. 19, 1921.

Cuticura Soap, Ointment and Tablets promote and maintain skin purity, skin comfort and skin health often when all else fails.

Sample Book Free by Mail. Address: "Cuticura Laboratories," Dept. 10, P.O. Box 10, Lowell, Mass. Send 10¢ for sample. Cuticura Soap shaves without soap.

### Borden's Evaporated Milk

Even though the strictest inspection by the Borden Company makes it cost your grocer a little more, he serves you well by giving it to you at the price of other standard brands.

It's pure country milk with the cream left in.

When in Omaha Stop at Hotel Rome

### When Lincoln Was A Barefoot Boy—

EVERY scrap of printed paper that came to his hands was a treasure trove. He read it eagerly—coming every line—getting every worth-while word.

What a harvest he could have garnered from a modern newspaper! And not the least interesting to him would have been the advertisements, with their stories and their pictures of products, appliances and services that have smoothed the course of life to a degree unknown and unbelievable in the rough pioneer days.

Nowadays new comforts and conveniences slip into our lives almost without our realizing it. We are liable to be rather matter-of-fact about it all. And advertising that has made it simpler to make and distribute profitably innumerable products at reasonable prices, has played a leading part in making our life so eminently easy to live.

Read over the advertisements and try to think what the things you see there would have meant to our forefathers. Then you'll realize what a service and what a convenience advertising is to you.

### Read it. Make use of it!
