

New Site for Orpheum May Be Announced Here

Directors of Circuit Looking Over Ground—Combination Theater and Business Block Planned.

A new Orpheum theater site may be announced within 60 days.

Three Orpheum circuit directors—Marcus Heiman, chairman of the board; J. M. Finn and R. B. Kahan, legal representatives—were in Omaha Friday looking over five sites.

Three were eliminated, but the directors are giving serious consideration to two of the sites, according to William F. Byrne, manager of the local theater.

"We hope to complete negotiations for one of the two sites within 60 days," he stated.

A combination business block and theater is the proposed plan of construction, according to Byrne. Local capital may be interested.

One suitable location was rejected because of the exorbitant price asked—\$10,000 per front foot.

Byrne said the trio of theatrical magnates was highly impressed with Omaha as one of the busiest centers of the middle west.

"One of them remarked he would not mind locating the Orpheum headquarters in Omaha, after he observed the noonday rush at Sixteenth and Farnam streets," said Byrne.

Man Indicted on Charge of Bucketing Surrenders

New York, July 8.—Elmore D. Dier, indicted stock broker who failed for \$3,000,000 and who had evaded prison servers for a week, walked into the criminal courts building shortly after 4 yesterday afternoon and surrendered himself. His attorney, Max Arnstein, accompanied him. Dier and four of his assistants in E. D. Dier & Co., were indicted on charges of bucketing orders.

Accompanied by District Attorney Banton and Assistant District Attorney Schreiber, they went before Justice McAvoy in the criminal branch of the supreme court, where Dier pleaded not guilty and was admitted to \$35,000 bail.

Pope Promises to Smooth Out Trouble of Gendarmes

Rome, July 8.—Pope Pius XI has promised to remove the grievances of the 50 gendarmes who staged a miniature mutiny a few days ago. The pope's army, which includes 50 gendarmes, grew tired of the orders of Count Caccopiere, chief of staff of the establishment, and mutinied, crying: "Down with Caccopiere. Long live Pope Pius XI."

Majordomo Monsignor Pizzardo was compelled to go to the rescue of the count with 20 armed Swiss guards, who besieged the gendarmes and disarmed them. The gendarmes say they were mistreated by Count Caccopiere and that they had to work long hours for small pay.

Wife Says Mate Abused Her Soon After Marriage

Edna E. Damato filed suit for divorce from Anthony Damato in district court, charging that right after their marriage in December, 1919, he began a system of abuse and personal injury at the home of his parents, 1218 South Twentieth street, where they lived. Damato is a street railway conductor.

Marks Sell at .0019 1/2c

New York, July 8.—Continued weakness in German exchange was reflected today in the local foreign exchange market, the preliminary price of marks before the opening of the market being quoted at 18 1/2 cents a hundred, with actual sales taking place later at 19 1/2 cents to 19 3/4 cents. Marks fell yesterday to a record low of 18 cents a hundred, closing at 21 cents last night.

Professional Dancers Wear Them

Dancers must safeguard the health and comfort of their feet most carefully. Many professional dancers have adopted Cantilevers for their off-stage footwear, because they realize the benefit and enjoy the freedom of these flexible-shank shoes.

FITS THE ARCH

The Cantilever Shoe is patterned with extraordinary care to fit the arch of the foot. It supports the arch. But it does not contain a steel shank-piece as ordinary shoes do. The Cantilever Shoe bends as easily as the foot. It encourages the muscles to exercise, keeps them supple and strong. Dancers, teachers, saleswomen, housewives, all women who must be much on their feet, should try these graceful, comfortable shoes.

TOES CAN MOVE

The last follows the lines of the foot. The natural inner sole line allows the toes to point straight ahead in their normal healthy position. The heels are set to encourage good posture, and they accord with the new style.

If you have been suffering from fatigue, backache, headaches, nervousness, burning or aching feet, change for a month to Cantilever Shoes. They will give you better health and a new enjoyment of comfort.

All guesswork eliminated; every shoe is now fitted by X-Ray without extra charge to you.

Americans Slain by Turks, Says Los Angeles Man

Los Angeles Man Finds Brother, Said to Have Died of Typhus in Asia Minor, Executed by Shooting.

London, July 8.—(By A. P.)—Americans are being secretly murdered by the Turks in Asia Minor and reports then circulated that they died of typhus and other diseases, according to J. Herbert Knapp, civil engineer of Los Angeles, who has arrived from Constantinople after three years in the Turkish interior.

Mr. Knapp went to Turkey principally to investigate the death of Diarbekir of his brother, the late George P. Knapp, whom the Turks reported had died suddenly of typhus. He declares that his own investigation, supported by affidavits on file with the American consul at Bagdad, convinced him that his brother was executed by shooting.

"The Turks hated my brother," said Mr. Knapp, "because he knew too much about the massacre of Christians which was then in progress. It was generally reported that he had died from poisoning after drinking a cup of Turkish coffee handed to him by a prominent Turkish official, but I am confident from testimony given by those who lived near the scene of his death that he was deliberately murdered."

"I believe also that other Americans who died in Turkey recently met their deaths at the hands of the Turks, although in each case it was made to appear that death was due to natural causes."

Net Estate of County Ward Is Only \$4.50

Hans Christensen, 72, died Wednesday in the county hospital.

It was known to hospital attaches that Christensen had a safety deposit box in a downtown bank. Believing this box might contain a sum sufficient to provide burial for the old man, acquaintances went before County Judge Crawford and obtained the appointment of Dan Westergard as special administrator. Bond of \$500 was required.

Westergard's first step was to employ a locksmith to drill into the safety box. There a single envelope containing one sheet of paper was found. Inside was a single \$20 bill.

Court costs of the action obtaining the appointment of Westergard were \$8; Westergard's bond cost \$5, and the locksmith's bill was \$2.50. The net estate therefore is \$4.50.

John D. 83 Today.

Tarrytown, N. Y., July 8.—John D. Rockefeller was 83 years old today. Friends said his birthday celebration would be unusually quiet because of the recent death of his brother, William Rockefeller. For several years a hand has gone from here to attend to him in his Pocantoga hills home. His program called for a game of golf in the forenoon and an automobile ride in the afternoon.
