

Railway Union Auxiliary Head Ousted from Office

President of Woman's Organization Removed Because Husband Does Not Walk Out. Because her husband did not walk out with others strikers, Mrs. Katie Shively, president of the woman's auxiliary to the machinists' union, has been ousted from office. She is the wife of Richard C. Shively, 2732 Avenue D. Council Bluffs, employed in the Union Pacific shops here for 17 years.

An 18-year-old son of the couple, Harry W. Shively, apprentice machinist, is a striker.

The ouster took place at a meeting Friday night in Labor temple. Mrs. Shively was not present. She "forgot" that was the meeting night, she told The Bee. She also admitted she knew her husband's feelings were held against her husband.

Saturday morning Mrs. Lottie Lake of Hayslock, national organizer for the auxiliary to the machinists' union, called at Mrs. Shively's home and demanded the ritual book of the organization and the sum of \$5.10, club funds held by her.

The women didn't say much to me but I knew what it meant when they demanded the book," Mrs. Shively said today. "I don't see the justice of their action either, as I could still retain membership because of my son. Furthermore, both my husband and I are strong for the union—we have been through 4 or 5 strikes with it and both of us and our children have gone hungry for the cause—but this time my husband thought our best interests dictated he should remain on the job."

Shively is 60 and has but three years more to make him eligible for a pension if disabled, otherwise he would be pensioned at 70.

"We had to consider, too, the chance that he might not get his job back again if he went on strike and we have two young children, Richard, Jr., 13, and Kenneth, 8, to support, too."

Mrs. Mary Menzies was named to succeed the deposed president.

Replevin Is Denied for Impounded Auto

Municipal Judge A. F. Baldwin yesterday morning refused a replevin for an automobile impounded by a police judge in the first of three cases filed in municipal court. The case was immediately appealed to district court.

Joseph Ponak was sentenced to 15 days in jail and his car ordered impounded for 30 days on June 27 on a charge of operating an automobile while intoxicated.

He appealed the jail sentence to district court and carried the impounding case into municipal court. He secured his car on a \$535 appeal bond.

Two similar cases are pending in municipal court.

In making his decision, Judge Baldwin stated he declined to review the action of the police judge in ordering the automobile impounded.

Scores of congratulatory messages were received at the Anderson home from all parts of the country, and many presents including presents from Scotland, where Mr. and Mrs. Anderson were married, were received.

Miss Catherine Gavin, Omaha girl in Junior Red Cross work in Austria and Czechoslovakia since the war, will be home the middle of August, according to word received by her parents, Mr. and Mrs. P. T. Gavin, 1602 Military avenue.

Though invited to return and carry on her work, Miss Gavin is tired and prefers to remain in this country, she wrote.

Economic conditions are no better now than they were last October, Miss Gavin wrote from Vienna. "It is marvelous how the people continue. We had a railroad, telegraph and post general strike last week; this week the street car men

Man Hurt in Auto Wreck Reported at Point of Death

Pending the outcome of injuries to Carl Coleman, who is at the point of death at University hospital, plans for the funeral of his wife, killed Sunday in an auto accident, are held in abeyance.

Robert Butler, their grandson, who was driving the car, is suffering from minor injuries at his home. That accounts for his failure to appear, when an investigation of the accident was made, Paul Steinwender, deputy county attorney, explained.

Suicide Notes of Man Who Took Poison Still Sealed

The suicide notes written by Henning Karlquist, 22, just before he drank poison, will never be read, Mrs. Karlquist said yesterday. "We are completely reconciled now," she said. "Henning loves me and I love him. The trouble of the past was been a misunderstanding; now we are going to readjust our lives and really give our love its chance. But I shall never read the letter he wrote me."

Are You Human?

A little baby. A little child. Don't they appeal to you? Doesn't your heart yearn to pick them up, to cuddle them close to you, to shield them from all harm? sure it does else you're not human. Being human you love them. Their very helplessness makes you reach out in all your strength to aid them. In health there's no flower so beautiful. In illness there's no night so black.

Save them then. Use every precaution. Take no chance. When sickness comes, as sickness will, remember it's just a baby, just a child and if the Physician isn't at hand don't try some remedy that you may have around the house for your own use. Fletcher's Castoria was made especially for babies' ills and you can use it with perfect safety as any doctor will tell you. Keep it in the house.

Children Cry For Fletcher's CASTORIA

Do the People Know?

Do you know why you are asked to call for Fletcher's Castoria when you want a child's remedy? why you must insist on Fletcher's? For years we have been explaining how the popularity of Fletcher's Castoria has brought out innumerable imitations, substitutes and counterfeits. To protect the babies: to shield the homes and in defense of generations to come we appeal to the better judgment of parents to insist on having Fletcher's Castoria when in need of a child's medicine. And remember above all things that a child's medicine is made for children—a medicine prepared for grown-ups is not interchangeable. A baby's food for a baby. And a baby's medicine is just as essential for the baby.

The Castoria Recipe (it's on every wrapper) has been prepared by the same hands in the same manner for so many years that the signature of Chas. H. Fletcher and perfection in the product are synonymous.
