Metropolis, Illinois. — "I have taken Lydia E. Pinkham's Vegetable Compound and it is all it claims to be and has benefited me wonderfully. I had been sick for eight months with a trouble which confined me to my bed and was only able to be up part of the time, when I was advised by a friend, Mrs. Smith, to try Lydia E. Pinkham's Vegetable Compound and Liver Pills. I was so much benefited by the use of these medicines that I was able to be up and about in two weeks. I was at the Change of Life when I began taking the medicines and I passed over that time without any trouble. Now I am hale and hearty, do all my housework, washing, ironing, scrubbing and cooking all there is to do about a house, and can walk two or three miles without getting too tired. I know of several of my neighbors who have been helped by your medicines." — Mrs. EMMA CALVER, 106 E. 7th St., Metropolis, Illinois. You may depend upon Lydia E. Pinkham's Vegetable Compound.

Hair Often Ruined By Careless Washing

Shampoo should be used very carefully. If you want to keep your hair looking its best, most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it. The best thing for steady use is Mulsified coconut oil shampoo which is pure and gentle, and is better than anything else you can use. Two or three teaspoonfuls of Mulsified in a cup of water with a little warm water is sufficient to cleanse the hair and scalp thoroughly. Rinse the hair with water and rub it in. It makes an abundance of rich creamy lather, which rinses out easily, removing every particle of dirt, dust, dandruff and excess oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and sane in texture. You can get Mulsified coconut oil shampoo at any pharmacy. It's very cheap, and a few ounces will supply every member of the family for months. Be sure your druggist gives you Mulsified.
