

38 Men Indicted in Mine Massacre at Herrin, Ill.

Four of Accused Facing Murder Charges Are Jailed With First Man Arrested in Slayings.

Marion, Ill., Sept. 8.—(By A. P.)—Five of the 38 men indicted in connection with the Herrin massacre last June slept in the county jail last night. Otis Clark, the first man to be indicted, was joined by four more this evening. Leva Mann and Charles Rogers, miners of Herrin; Phillip Fontanetta, miner, of Marion, and James Brown, deputy sheriff of Cole, were arrested last night. They are charged with murder.

Col. Sam Hunter of the adjutant general's office here representing Governor Small says that everything is quiet over the county. He arrested Phillip Fontanetta within 10 minutes after the names were given to the sheriff and deputies. Many arrests are expected early Friday.

Attorney General Brundage, in commenting upon the action of the grand jury, said that "this special grand jury of Williamson county has shown through this partial report what the law-abiding people of this county think of this massacre and this investigation."

The first indictment accuses six men of the slaying of Howard Hoffman of Huntington, Ind., in the Herrin cemetery. He was one of the six captives who escaped the massacre at the barbed wire fence in the timber. They were recaptured and led back to the cemetery where they were shot down. One of them lived and the other five died. The men named in this true bill are Peter Hiller, Clarence Rogers, Leva Mann, Joseph Carneghi, Bert Grace and Percy Hall.

The second indictment names nine men in connection with the hanging of Robert J. Anderson, Sparta, Mich., at the Southern Illinois strip mine. His body was riddled with bullets after he had been hanged. In the indictment there are two counts, one charging the shooting and the other the hanging. The men accused are Nava Cannady, Herbert Rushing, Clyde Lee, James Gulligan, Bert Grace, Dallas McCree, Otis Maynard, Joseph Rhodes and William Stanley.

Twenty-seven Named.

The third indictment concerns the slaying of John Shoemaker, son of Mayor Shoemaker of Charleston, Ill. He and 13 other of the nonunion mine employees who had surrendered under a flag of truce were killed at the barbed wire fence in the timber near the power houses.

In this indictment 27 men are made codefendants. Five of them are named in the other true bills. The accused are: John Kelly, Hubert Walker, James (Dad) Norris, Roy Pennington, Harvey Perdue, Charles Rogers, John Rushing, Dallas McCree, Otis Maynard, Alvin Stewart, Joe Murray, Campbell Lively, Wesley McPherson, Frank Anderson, Frank Adams, Alvin Lollers, Floyd Stokes, George Anderson, Fred McLaughlin, Fred Travelsted, Phillip Fontanetta, Tom Hicks, James Brown, Otis Clark, Lee Howard, Louis Corbett, and Bert Grace.

The fourth indictment is for the slaying of John Shoemaker and charges Hubert Walker with committing the slaying. Otis Clark, the first one to be indicted, and the first one to be arrested, now held in the county jail, is also charged with the murder of Shoemaker in the indictments returned today.

Shoemaker was the father of three young children and was a brother-in-law of W. J. Lester, owner of the strip mine. He was acting as assistant mine superintendent at the time of the massacre.

Many of those indicted are miners, but a few are engaged in other occupations.

Consideration of Hard Coal Scale Report Is Deferred

Wilkesbarre, Pa., Sept. 8.—Consideration of the scale committee's report had to be deferred by the tri-district convention of anthracite mine workers yesterday afternoon because more than 50 per cent of the delegates were unable to find seats in the hall.

The trouble was due to the fact that the accredited delegates had not been supplied with identification tags and the sergeant-at-arms and his assistants were baffled in their attempts to clear the hall.

Owing to the forced adjournment, it is hardly possible that a vote on the scale can be had before late Friday.

Coast Line Shop Forces Reported 35 Per Cent Normal

Washington, N. C., Sept. 8.—The shop forces throughout the Atlantic Coast Line system are 85 per cent normal and all classes of repair work is being carried on efficiently. It was announced last night from the general office of the Atlantic Coast line.

The statement adds that freight traffic is 25 per cent heavier than a year ago.

The Coast Line is said to be the only road in the state which has not cut its passenger service since the shopmen's strike began.

Coolidge on Way West.

Minneapolis, Sept. 8.—Vice President and Mrs. Calvin Coolidge concluded a two-day visit to the Twin Cities last night and left for Sioux Falls, S. D., where Mr. Coolidge will deliver an address.

Frenchman Raps U. S. Fashions; American Slaps Paris Styles

New York, Sept. 7.—While Paul Poiret, the famous French designer, is preparing to leave these shores because he has been unable to find any new or interesting American style ideas, Anselm Franke of Des Moines, Ia., president of the National Association of Retail Clothiers, just back from a trip through Europe, is leading his aesthetic senses, slayed by the ugliness of old world fashions, on the splendors of American styles.

Voliva Accused of Trying to Oust Zion Methodists

Chicago, Sept. 8.—The recent arrest of Rev. R. E. O'Brien of the Methodist Episcopal church of Zion, Ill., was part of an effort of Wilbur Glenn Voliva, overseer of Zion, to drive the Methodist church out of that city. Dr. E. Robb Searing, editor of the Northwestern Christian Advocate, charges in the current issue of that publication.

The minister was charged with having hired a painter to throw paint over one of Overseer Voliva's signs which was "entirely false and his arrest was wholly unjustifiable," says the advocate. The Rev. O'Brien was rudely handled when arrested and thrust into a vermin infested cell, according to the charges.

Nebraskan Hits Snag in Corrupt Practices Fight

Andrews Meets Opposition in Attempt to Re-Enact Law Declared Invalid in Newberry Case.

Washington, Sept. 8.—(Special Telegram.)—Chairman Andrews of Nebraska, chairman of the house committee on election of president, vice president and representatives in congress, ran against a snag yesterday when he attempted to secure action on a new corrupt practices act to take the place of the act declared invalid by the supreme court decision in the Newberry case. The Nebraska representative, author of the bill, which aims to re-enact the law, endeavoring to secure action by his committee, but found that absentmindedly removed all but a handful of members. Plans for a meeting of the committee were abandoned, but Mr. Andrews declared he will try again next week, when he hopes the call issued by Republican Whip Knudsen to his members here by Monday will make action possible.

"We shall try to write a new law," said Representative Andrews, "so it will apply to this election. I believe we will have little difficulty in passing one, once we can get the matter before the house."

He approves the senate bill which in reality follows the plan previously outlined by Mr. Andrews for such legislation.

Inasmuch as the supreme court held that congress could not require expenses of primaries, the new legislation is to apply only to election.

The new law covers primaries without saying so. It contemplates that before and after elections candidates shall report receipts and expenditures from the time they announced their candidacy. This, of course, embraces the primaries or nominating conventions as well as the elections.

Leaders will be asked to grant a special rule for action on the corrupt practices legislation within the next week or two.

Representative Andrews proposes to substitute the house bill which has introduced for the senate bill, the two measures being identical, almost and leave the senate enacting clause so action can be prompt.

Federal Investigation of Strike Riots Opened

San Bernardino, Cal., Sept. 8.—Federal investigation of strike disturbances in San Bernardino began yesterday with the arrival of Frank M. Burgess, Department of Justice agent. Burgess said his report would be made to Federal Judges Trippe and Bledsoe at Los Angeles, when a hearing is held to decide if the injunction enjoining strikers from intimidating or threatening Santa Fe shop employees shall be made permanent.

A reward of \$5,000 was offered by the Santa Fe company for the arrest and convictions of the persons who placed a 15-pound bomb on a Santa Fe freight train last week. The bomb was discovered before it exploded.

French to Celebrate on Site of German Surrender

Paris, Sept. 8.—Lest battlefield visitors forget, the French government will celebrate armistice day, 1922, by the erection of an inscribed slab on the spot where Marshal Foch received the German delegation come to accept their armistice terms.

This spot, isolated, is in the middle of the forest of Compeigne, which marked at the time the terminus of the German and of the allied military railroads.

On the slab, which will resemble a tombstone, will be carved the words: "Here, the 11th of November, 1918, succumbed the criminal pride of the German empire, vanquished by the free peoples whom it hoped to enslave."

Man Attacks Widow and 5 Children; Posses on Trail

Olympia, Wash., Sept. 8.—Armed posses are on the trail today of a man who late last night attacked Mrs. Harry O'Hara, a widow, her five children, and Joe Dehson, a young neighbor, and left them lying unconscious on the floor at the O'Hara home, eight miles west of Olympia. Two of his victims may be fatally wounded, police officers say and all are in the hospital here.

Late Returns Increase Lead for La Follette

Milwaukee, Sept. 8.—(By A. P.)—Senator Robert M. La Follette continued to increase his majority over William A. Ganfield for the republican United States senatorial nomination as belated returns riddled in from country districts yesterday, the total majority for Wisconsin's senior senator having neared the 200,000 figure, based on returns from 2,218 precincts out of 2,523 in the state. Senator La Follette carried every other member of his ticket to an overwhelming victory.

An official count, it is expected, will be required to settle the nomination for congress on the republican ticket in the Ninth district. Only 98 votes separate George J. Schneider and Judge Henry Graess of Green Bay. The vote from 238 precincts out of 243 gives Schneider 16,670 and Graess 16,572.

Man Is Sought in Slaying of Wealthy Seattle Man

Oakland, Sept. 8.—The Oakland police have begun searching for a man who they believe must have been involved in the slaying of Ferdinand Hochbrun at Seattle last fall with Mrs. Clara Skarin Winborn, who confessed the killing here Wednesday.

Hochbrun a wealthy retired realty dealer, was found dead in his apartment last December and Mrs. Winborn told Lieut. William B. Kent of the Seattle detective force that she shot him in defending herself against his advances. James L. Drew, chief of the Oakland police, said he believed Mrs. Winborn was trying to shield some man and stated he was trying to learn the motive for her remaining in San Francisco and Oakland for many months despite the danger of being recognized.
