

Mrs. Bill Hart to Ask Divorce From Film Hero

Attorney Makes Announcement After Movie Gunman Views Infant Son for First Time.

Los Angeles, Sept. 14.—Suits for divorce on the ground of "extreme cruelty" will be instituted at once against William S. Hart, film actor, by Mrs. Winifred Westover Hart, according to an announcement today by Mrs. Hart's attorney, who, however, declined to give details of the allegations which he promised would be made.

Hart and his wife met over the cradle of their first born yesterday for the first time in several months. The meeting occurred at the home of Mrs. Hart's mother in Santa Monica, where Mrs. Hart went after she and her husband had separated and where the child, a boy, was born, a week ago.

"I tell you, honestly, I believe that little fellow was glad to see me," said Hart later. "He really acted like it. He laughed and giggled. We had a great time together. I'm in right with him now. I know he's for me. I swear he's the finest baby I ever saw. And I don't say that because he's mine. I am looking at it just as coldly as if it were somebody else. He looks just like me too, and when he gets big, he's going to be a long, tall chap like me, too. Why, he isn't a baby; he's a regular man. He's mine, clear through."

"They may take him from me, but they can't say he's not mine," said Hart after seeing the child.

Reclamation Bill Reappears as Rider

Washington, Sept. 14.—(Special Telegram.)—The reclamation appropriation bill, which has been having hard sledding in congress, was attached as a rider by Senator Borah today to the Librarian loan bill. The rider called for \$20,000,000, which made the rider look considerably larger than its parent.

It is expected that the reclamation measure which, if adopted, would complete all reclamation projects in the west, will be eliminated with the Librarian loan bill goes to conference.

Observe Golden Wedding. Pawnee City, Neb., Sept. 14.—(Special.)—Mr. and Mrs. W. F. McCree of this community celebrated their golden anniversary at their home south of town. Many relatives and friends gathered at the home, among whom were Mr. and Mrs. Emmet McCree and children of Lincoln. Mr. McCree is a son of the couple.

Stucco Worker Injured. Pawnee City, Neb., Sept. 14.—(Special.)—Dan B. Mahoney, an expert stucco worker of Falls City, fell from the top of a 20-foot ladder here this afternoon. He suffered a severely sprained back.

Hoover Says Strike Hits Farmer Hardest

Washington, Sept. 14.—(Special Telegram.)—That the farmer is the chief sufferer from the strike was stated today by Secretary of Commerce Hoover. Mr. Hoover said the price of farm products was too low and it would remain low until transportation facilities could be arranged to care for them.

He said the miners would not suffer so severely as was expected in the coal strike, because they would work more overtime than usual and make up what they had lost, but that the interruption placed upon rail transportation, both because of the coal strike and the shipmen's strike, would cause the farmers a very heavy loss.

Kearney Potato Crop May Be Left in Ground

Lincoln, Sept. 14.—Leo Stuhr, secretary of the state department of agriculture, has returned from Kearney where he looked over the potato fields. He said that between 60 and 70 cars may be left in the ground, unless growers in the district can be induced to harvest them. Some are still harvesting, though they are offered only 60 to 70 cents per hundredweight. Some growers have decided to harvest later and store in the hope of getting a better price.

He suggests that the crop must be harvested or the land will become afflicted with potato disease. He says that those who harvest must pack and grade carefully to get the top prices. The secretary suggested that potatoes might be used with corn and milk in feeding hogs.

Farmers Near Grand Island Strike on Creamery Prices

Grand Island, Neb., Sept. 14.—(Special Telegram.)—Fifty milk producers of this vicinity have concertedly stopped marketing milk to the Fairmont creamery at Home Dairy company, alleging that the \$1.32 received by them out of the \$4.00 the consumer pays for 100 pounds of milk is not a fair price.

McKelvie Sends Answer to Auten

Advises Democrat That Expenses in Campaigns Not Paid by State.

Lincoln, Sept. 14.—Governor McKelvie has indited an open letter to James Auten, democratic politician, in answer to a missive broadcast by Auten. The letter of the governor runs thus:

"My Dear Jim: Acknowledging your letter of September 13, I may say that, in keeping with my former practice, I shall charge no expense to the state for the time that I am making political speeches. While I am out on this work the office will be running as usual, and I suppose that, as a public man informed upon the affairs of the state, you are aware of the fact that the lieutenant governor can not act except when the governor is out of the state. Knowing how anxious you are to act as my spokesman in these matters, I am very glad to give you this information."

Governor McKelvie has not yet been challenged by Charles W. Bryan, democratic candidate for governor, for a joint debate on the code law. The governor is willing and anxious to clash with Bryan. He may have an opportunity to meet the democratic candidate on the political platform at North Loup September 20. The republican state committee has billed Governor McKelvie for a speech there on that date. Bryan has advertised that he will speak at North Loup September 20 at 2 p. m.

"The matter is in the hands of the state committee," said the governor.
