

Motor Car Thief Is Identified as Escaped Convict

"Could Have Stayed in Clear," Says Burglar. "But I Had to Get Back to Wife."

Theodore Taylor, brought to Omaha Tuesday night to face a charge of stealing a motor car, was identified yesterday morning by the Bertillon bureau of the police department as Chester Cowley, 17, burglar, who was sent to the reformatory at Lincoln for robbing the home of David S. Newman, 1341 South Twenty-eighth street, last June.

Approaching Stork Blamed for Capture

Chester Cowley.

For more than two months following his escape from the Hastings apartments at the reformatory, Cowley had been a fugitive.

"I could have stayed in the clear," he told John J. Pzanoski, chief of motor detectives, "but I couldn't bear the thought of my wife back here facing maternity alone. I had to get back to her side."

Enlists in Army. Mrs. Cowley has resided at 1326 South Twenty-fifth avenue.

After Cowley's escape from the reformatory, according to his confession, he enlisted in the army and was stationed at Fort Douglas, Utah. He deserted and started back to Omaha as soon as his wife wrote of her condition. He was arrested at Kearney while on his way, but escaped jail.

On October 11, according to his statement, he stole a motor car owned by George McShane, 528 South Twenty-fifth street, with a view to taking his wife back to Fort Douglas with him. It was cold, so he drove with his wife to Fort Crook, took a pile of blankets and 11 automatic pistols, then began the trip.

Captured at Gibbon. When he ran out of gas Tuesday at Gibbon, Neb., he attempted to trade a pistol for gasoline, and, when a salesman became suspicious, broke and ran. A mob pursued, shots were fired and he was captured. After remaining several hours in the Gibbon jail Cowley was brought back to Omaha by Detectives Hugelwitz and Cleh.

He will be arraigned today on a charge of stealing and receiving a stolen motor car. He also may be prosecuted for breaking jail, and by the government for desertion. His identification in the Bertillon

department was effected by Emily Ruffner, fingerprint expert.

When Cowley robbed the Newman home in June he took a silver service given to Mrs. Newman's father, at his wedding, by Marshall Field, Chicago merchant prince.

Eppley Check for Hotels Applied Returned by Judge

Lincoln, Oct. 18.—A check for \$43,803 written by E. C. Eppley and payable to W. E. Barley, former receiver of the Nebraska Hotel company properties yesterday was ordered cancelled by District Judge Morning.

The check was given in part payment for hotels purchased by Mr. Eppley from the receiver. As the supreme court later held the sale by the receiver was not valid, the district court judge held the check rightfully belonged to Mr. Eppley.

Postponement Seen for Reparations Conference

Paris, Oct. 18.—(By A. P.)—The postponement of the proposed conference at Brussels on reparations and interrelated debts, the date of which has been tentatively set for December, is foreseen in well informed quarters here. The British government is urging delay.

Voters Will Not Be Misled by Bryan, Says Wray

Interest in Brother Running for Governor Places Commander in Awkward Position, Statement Asserts.

York, Neb., Oct. 18.—Arthur G. Wray, in a statement today, called the speaking tour of W. J. Bryan a failure. He said:

"What W. J. Bryan said and failed to say on his speaking tour makes clearer than ever that it would be altogether wrong to support the reelection of G. M. Hitchcock."

"Those of us who have followed W. J. Bryan in all his great battles from 1895 down to the present time have had occasion to differ with him but twice—once in 1904 when he advised the election of Parker, the reactionary democratic candidate for president, and now in 1922 when he speaks for Hitchcock, who at heart is more reactionary than Parker."

"We all knew that Mr. Bryan considered it a party duty to remain regular in the Parker campaign of 1904, but we were not misled by it, and Nebraska and most western states repudiated Parker by an overwhelming vote."

"We all know now that the human interest of one's own brother running for governor has placed W. J. Bryan in an awkward position concerning the reactionary Hitchcock candidacy, but we shall not be misled by it."

"Nebraska voters should repudiate the unholy alliance that Hitchcock has sought in order to attach his reactionary candidacy to the progressive record of Charles W. Bryan, should overwhelmingly repudiate it as they did the suggestion to vote for Parker in 1904."

"Hitchcock's record is bad. He misrepresented Nebraska on state and national prohibition. He now straddles the beer, wine and enforcement issue."

"He is so undemocratic that he did everything in his power to prevent half of Nebraska citizens from voting. He opposed both state and national suffrage. His single vote in the senate denied American women the right to vote for several years. He has not announced that his former positions were wrong."

"He is so unprogressive that he

Luther League Holds Big Rally

Speaker Defends Younger Generation — Condemns Visions of Pessimism.

Condemning those who bemoan "that the world is going to wrack and ruin," Dr. W. H. Blanche, Newton, Ia., rallied to the defense of the younger generation in an address Tuesday before a big rally meeting of the Omaha District Luther league at Kountze Memorial church.

"This is the best day in the history of the world," said Dr. Blanche. "But we should remember that the advantages we enjoy—in modern inventions, conveniences, science and the church—were brought about only through the toil, sacrifice and even bloodshed of our forefathers. It is the young people's privilege to preserve the church in its purity."

Dr. Blanche's subject was "The Blessedness of Living Now."

G. P. Swanson gave a vocal solo, accompanied by Albert Sand. Mr. Swanson also led in community singing following a short business session of the district league. Refreshments were served by the Luther league of Kountze Memorial church. Ted Glover, president of the district league, presided.

U. P. Officials Return.

President Carl Gray and Vice Presidents E. E. Calvin and H. M. Adams of the Union Pacific system, returned to Omaha yesterday after a trip of inspection of Union Pacific lines which took them to the west coast.

Alaska's First Set Receives License

Twelve Other Class A Stations Listed in September; Eleven Class B Plants Are Built.

Chicago, Oct. 18.—Thirteen regular broadcasting licenses, now known as Class A, were issued by the Department of Commerce during September. Among them is the first broadcasting station in Alaska, WLAJ, the station of the Northern Commercial company, located at Fairbanks, nearly in the center of that territory. The Alaskan will broadcast a program of entertainment for the benefit of the citizens within a radius of about 500 miles.

During the week of October 8, the Department of Commerce licensed 11 broadcasting stations in the new Class "B." This is the first issuance of the new licenses to the superband centers and celebrates the licensing of the first broadcast stations a year ago. All of the stations licensed under the new regulations are old ones which have been licensed as limited commercial stations for public service broadcasting for some time. They comprise large stations which have qualified with the rigid requirements of the department, and are now entitled to use the special 400-meter wave length assigned exclusively to these stations. Only high-class entertainment will be carried. Mechanical music is forbidden. The stations which remain in Class A, over 500 in number, are permitted to broadcast "canned" music if they so desire.

Among the B stations are the well-known calls of Westinghouse, General Electric, the A. T. & T. Co., Hamburgers, and such papers as the Detroit News, St. Louis Post Dispatch and Dallas News.

Armstrong's Linoleum for Every Floor in the House. This modern office of The Standard Oil Company (of Nebraska) has 2000 yards of linoleum floors. IT is not surprising that a large modern office building should be equipped with floors of Armstrong's Linoleum. When the subject of floors is considered thoughtfully modern linoleum offers so many advantages that it becomes the logical choice. The qualities any business floor should have are permanence, good looks, quietness, restfulness to the tread, and economy of upkeep. Linoleum floors, when cemented down over builder's deadening felt, have all these qualities. Linoleum floors can be cleaned thoroughly, more quickly and with less effort than almost any other type of floor. They never need refinishing. An occasional waxing and polishing keeps them looking like new. Armstrong's Linoleum was selected as the most suitable by the manager who chose the furnishings of this office. There is a pleasant variety of plain colors and pattern effects in Armstrong's Linoleum that offers even the most staid business an opportunity to combine individuality in floors with conservatism in appointments. Your architect, contractor, or any good linoleum merchant can give you more extended information on the qualities of linoleum mentioned here. If you are interested in floors for any type of business or public building or shop, write us for free booklet, "Business Floors." We gladly furnish data and specifications for laying linoleum over concrete or wood.
