### Many Die of Tuberculosis.

Manila, Nov. 11.-Pive persons died on the streets of Manila recently of tuberculosis. They were all Filipinos. Although the Anti-Tuberculosis society estimates that 50 per cent of the native population is affected by tuberculosis in the provinces and not less than 10,000 have the disease in Manila, the government cares for but 80 patients, half of whom bear their own expenses at the tuberculosis hospital on the outskirts of the city. Five dying on the streets has aroused a temperary interest in the situation

### Daily Prayer

We will show forth Thy praise. Pa As we present ourselves before the throne of Thy power, O Lord, we come to praise Thy name and to bring with us a large petition. We ask, ray, even with boldness we claim the inheritance left us by our Elder Brother His peace—the peace which the world ennust give, and which the world

cannot take away. We dare not ask for wealth, with all its allurement to worldliness; we dare not ask for length of days, with prospect of aged weakness and dependence; we dare not ask for preterment among our brethren, resitting that if we honor ourselves, our honor to nothing, do dare not ask for free dom from serrow, remembering that they who are not of this world shall in the world have tribulation; but we do ask, our Father, that in perfect peace we may rest in Thee, knowing not lie that spared not lits own flore but delivered Him up for us all, shall with Him also freely give us all hings. Grant, Lord, that the peace of God which passeth all understanding, may keep our hearts and minds through abundance of grace in Christ

### LENGTHENING HUMAN LIFE.

The American Public Health association, after careful consideration, has said that the average length of life of the people in America, should from for Nari seach 75 years by 1972.

Just a year ago Dr. Siephen Smith, the founder of that society and the founder of the New York city health department, then within a few weeks of his 95th birthday, sold the span of human life in America should be 100 years. He called on his child, the public health association, to back up his position and to help him put it
