

### Union Chiefs Say Rail Strike Call Issued for Nov. 15

#### Letter Purported to Be From Men Who Did Not Obey Walkout, Issued to Santa Fe Shopmen.

Albuquerque, N. M., Nov. 13.—Circular letters addressed "to all thinking shop employees, Santa Fe system," signed "The Committee," purporting to have been drafted by union railroad shopmen, who did not obey the order to strike July 3, or who have returned to work since that date, calling a second strike for November 15, has been sent to all points on the Santa Fe, union leaders here said last night.

"There is being drafted and circulated by a committee representing the employees in one of the largest shops on the Santa Fe system, but no names can be used at this time for reasons which you will understand," is the opening statement of the letter.

The letter then states that "it is unnecessary for us to say to you that the company is making no headway in breaking the strike; the equipment is in the most deplorable condition now it has ever been and the situation is daily growing worse, and there can be only one ultimate outcome—the unions are going to win."

"At this point, we have endeavored the suffering of a guilty conscience just as long as we are going to endure it and we are going to make a break for liberty at 10 a. m., November 15."

The closing statement is "Let go; 100 per cent all points."

The letter bears date of November 7, but there is nothing to indicate where it was written. Union leaders here, however, declare it is genuine.

### Cornerstone for \$5,000,000 State House Laid

The top picture shows a portion of the crowd of 8,000 Nebraskans who viewed the laying of the cornerstone of the new \$5,000,000 state house at Lincoln Armistice day. The picture was taken as the cornerstone was being lowered into position. Below at the left is shown Col. Alvin M. Owsley, national commander of the American Legion, laying the cornerstone of the new capitol, which is dedicated to American fallen soldiers. Below at the center is a picture of Colonel Owsley delivering his dedication address. Below at the right is a picture of Col. J. H. Pruesson of Omaha offering the invocation at the ceremonies.

### New Record Set in Sugar Beets

#### 12.77 Tons to Acre Raised in North Platte Valley of Nebraska.

Scottsbluff, Neb., Nov. 13.—(Special.)—A new high mark for acre production of sugar beets has been set in the North Platte valley of Nebraska this year, records of the scales of the Great Western Sugar company show, with an average of 12.77 tons to the acre.

The previous record was in 1915, when the tonnage averaged 11.95 to the acre. The acre production fell to 9.28 in 1917.

Cutting down the total number of acres planted to beets, and better cultivation of the crop this year are given as reasons for the higher production. The sugar content of the beet has fallen off slightly, however, to an average of 15 per cent. Killing frost in mid-October, blighting the leaves, is held to be responsible for this.

Reports from Gering and Bayard factory districts show the tonnage in running slightly higher per acre than in the Scottsbluff and Mitchell districts.

Because of advances in the sugar market and the comparatively low cost of beet labor this year, the return per acre on the crop bids fair to be the highest in the history of the valley. With \$5 a ton guaranteed to the growers for their beets, and in addition a share in the selling price of sugar, it seems possible that the beets may bring, ultimately, \$7 a ton, or at least \$6.50.

### Battle Creek Man Receives \$11.40 for Shorthorns Here

Two loads of mixed Shorthorn yearlings averaging 987 pounds were brought in yesterday by F. G. Massman from Battle Creek and were sold on the local market for \$11.40 a hundred.

Mr. Massman said feeding operations around Battle Creek were heavier than usual this year and that he had in the feed lots about 80 head of the same kind brought in yesterday. He also said he had 60 head of heavy steers on feed.

"We had a bumper corn crop in my section," said Mr. Massman, "and very little of it will be sold to the elevators, where 55 cents a bushel is being paid. The entire corn crop will be fed to livestock and there will be many who will buy corn for feed."

### ADVERTISMENT: HOW TO DARKEN GRAY HAIR

A Cincinnati Barber Tells How to Make a Remedy for Gray Hair. A well known resident of Cincinnati, O., who has been a barber for more than 40 years, recently made the following statement: "Anyone can prepare a simple mixture at home at very little cost that will darken gray hair and make it soft and glossy. To a halfpint of water add 1 ounce of bay rum, a small box of Barbo Compound and 1/4 ounce glycerine. These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obtained. This will make a gray-haired person look 20 years younger. It is easy to use, does not color the most delicate scalp, is not sticky or greasy and does not rub off."

### Possession of Still in Home Not Violation of Liquor Law

Lincoln, Nov. 13.—(Special.)—Possession of a still in a private residence is not sufficient evidence to warrant conviction under the prohibition law under a decision handed down today by the supreme court. Unless it is proved that the still was used in making liquor, there can be no conviction on that point, the court held. The decision was rendered in connection with a Gosper county case, where two brothers were found with a still in their possession. They claimed it was purchased to distill water and there was no evidence to the contrary.
