Germany Suffers from High Prices Placed on Hot Dogs

Washington, Nov. 21-High prices for hot dogs have hit Germany, the Commerce department has been advised by Consul John A. Scott at

"One of the chief topics of the day in Germany," be says, "is the tremendous increase in the price of meats and sausage. The consumer places the blame on the butchers, while the latter condemn the slaughter houses, and fran there, the high prices are passed on down to the farmer who states that it is the high cost of feed that forces him to demand a high price for his meat. Beef, mutton and pork have risen over 100 per cent in the last 60 days, while slaughter house fees have risen 200 per cent."

WHEN you buy a Steinway you know that you will nev T have to buy another piano. You know that even it Paderewski, or Rachmaninoff, or Hofmann came to your house you would have an instrument worthy of his touch.

Sometimes people who want a Steinway think it economical to buy a cheaper piano in the beginning and wait for a Steinway. Usually this is because they do not know how reasonable are Steinway prices and how easy are the terms of purchase.

For those who can be finally satisfied only with the best in the piano-maker's art, it is more economical to buy a Steinway "once and for all," than to buy two pianos in order to have the one that is really desired.

You may purchase a new Steinway plano from us with a cash deposit of 10 per cent, and the balance will be extended over a period of two years. Used planos are accepted in partial exchange. Price \$875 and up
