"Brightest sun from out the sky
Bring the wrinkles round your eye."

Very often persons suffering from eye
strain only notice a desire to close the
eyes when in a bright light, and that
frowning is frequently an unconscious
effort to see well. The special sense of
vision is almost as dear to us as life, yet
how frequently is the wonderful eye
abused by neglect or incompetency, re-
gardless of the delicacy of its structure.
Much of the present day eye trouble is due
to this cause. Let all the most efficient
and complicated eye defects by the latest
and most approved methods. Examina-
tion free.

The famous Nashville Students
male quartette will appear with the
Nashville Students next Saturday
at the opera house, and sing all
their favorite selections, including
the "collie" and their "yodel"
songs. They also have a new
chinese song this year, and their
new conceit "come where the band
is playing", imitating band instru-
ments, makes a tremendous hit
every night.

J. A. Farrell is a victim that has
to suffer from the effects of a re-
publican administration. Since he
has been a resident of this city
he has occupied C. L. Guttererson's
house in the north part of town.
The house has been sold to Mr.
Maupin of West table and Mr. Farrell
was compelled to move to rooms in
the Realty block. He thinks if
Bryan had been elected he would
not have had to move.

Judge Armour is one of those
conscientious men who believes that
a public office is a public trust, and
he denies himself the opportunity
to go out in the campaign and re-
new his acquaintance with his con-
stituents. His action in this par-
ticular is very unsatisfactory to his
opponent, who seeks to tempt him
to lower himself by entering into a
personal squabble by joining with
him in a joint debate. Mr. Cum-
mings, to say the least, manifests
plenty of gall, if nothing else.

The Merna Postoffice Robbery.

William Miller, who was caught
in the act of robbing the Merna
Postoffice last week is still in jail
here having his wounds doctored,
which were inflicted by Standfords
shotgun as he attempted to escape.
While the sheriff says that he was
badly shot, that none of the wounds
are serious and that he will soon be
able to be taken to Omaha where he
will be turned over to the federal
authorities. The man claims to be
from South Dakota and is twenty
five years old. The Merna Sun in
speaking of the affair says:

An attempt to crack the safe of
the Merna postoffice was made at
an early hour this morning.

About 1:30 Brad. Berlin, whose
residence is only thirty feet from
the postoffice, heard a strange noise,
but was caring for a sick child that
could not be left for some time.
As soon as he could he went out
and located the noise in the post-
office, and on approaching could see
the burglar's light on the ceiling.
Berlin soon secured the presence of
J. J. Stanford and Nine McComas,
armed with shotgun and revolver.
He then went further helping, hoping
thus to secure the bird without
shooting, but before he returned,
the burglar evidently became
apprised of his danger, jumped
from the west window in the rear
of the building and ran to the south
west corner, when Stanford leveled
his gun and called for him to
throw up his hands, refusing, he
fled to north, when, after a second
call to halt, Standford fired, the
charge of bird shot taking effect in
the legs. He only ran a few paces,
when he fell. Nine McComas was
guarding the rear of the building.
The wounded man was attended by
Dr. Downing, and being carried to
the depot on a stretcher, was taken
to Broken Bow, by Nine McComas
and Edgar Francois, the sheriff being
notified by telegraph. The un-
known man had been hanging about
town for several days. His con-
versation indicates that he is an old
offender, but not an expert, having
no tools save a large hammer taken
from Leo's shop, and a few pieces
gathered from the furniture room in
the building. When frightened he
had the combination knob and dial
removed from the safe. Entrance
was effected from the rear by cut-
ting panel in middle door.

The Custer county fair last week
proved quite a success, every thing
being considered. The reception
to Company M. and Ringling Bros.
show, having attracted large crowds
to the city on two previous occa-
sions but recently was calculated to
detract to some extent from the
fair. Notwithstanding that the
attendance was quite large and the
exhibits were good. The display
in the floral hall and agricultural
hall were full up to the average as
was also the other departments.
We learn from the president L. H.
Jewett that the receipts were suffi-
cient to meet all obligations which
ought to be quite satisfactory.
As we were absent from the city
the latter part of the week we did
not witness the races and are not
able to report on them, but under-
stand they were good.

Pilferers Meet with Hard Fate.

Monday about 11 o'clock two
men and a boy as they passed
Lambert Warrings' eleven miles
north of town entered the cave and
carried away with them several jars
of canned fruit and some fresh pork.
Mrs. Warrings saw them leaving the
premises and on investigation found
that her canned fruit and pork were
gone. When Warrings came home
she informed him of what had
happened, when he and some of his
neighbors started in pursuit of the
thieves. They came on to the city
and got a search warrant for his
missing good. As the parties came
into town they were halted and
while sheriff Leisure kept watch
Marshal Towles went through their
wagon and recovered the stolen
property. The two men
were taken before Judge Snyder,
where they pled guilty and were
fined five dollars and cost, amount-
ing to \$15.35. As they only had
\$12.00 with them, the judge remit-
ted the \$3.35, on condition that
they leave town within an hour.
They gladly accepted the terms and
got out. They had with them an
old team and covered wagon a
good supply of fire arms and amuni-
tion. Evidently they had been west
on a hunting trip. They gave their
names as Frank State and John
Burgmen and said they belonged in
the Platte country.

The Baptist State Convention.

The Baptist State Convention,
held at Omaha last week was largely
attended, and was both interesting
and profitable throughout. Able
addresses were delivered by such
men of distinction as Dr. Green,
president of William Jewell College,
of Missouri; Dr. Morehouse, field
and corresponding secretary of the
Home Mission Society; Dr. Law-
rence, of Chicago; and Mr. Chap-
man, president of the national B.
Y. P. U. of Chicago. There were
three applicants for the convention
next year, viz: Blair, Fremont and
Broken Bow. Broken Bow secured
it. The following officers were
elected for the ensuing year: Pres.,
J. F. Carpenter; vice president, Rev.
H. N. Spear; second vice president,
S. T. Davies, secretary, Rev. C. E.
Tingley; board of directors, Rev.

Teagarden, Rev. J. R. Teagarden
officiating.

DIED.

MARSHALL--Monday night, William the seven-
teen year old son of Mr. and Mrs. J. D. Mar-
shall of this city of appendicitis.

The young man was first taken
sick Tuesday of last week. Dreading
to have him undergo a surgical op-
eration his parents would not submit
to an operation until Monday when
it was evident that death was
certain, unless relief could be ob-
tained. But it was too late. The
surgical operation did not help
him as he died a few hours after.
The funeral services were held in
the Baptist church Wednesday
morning at 10 o'clock, Rev. J. W.
Megan officiating. The REPUBLICAN
extends sympathy to the
bereaved family.

EAGLE WHEELS WON EVERYTHING!

At the Bicycle Races, during the Custer County Fair, only one other
make of wheels sold in Custer county got a place, and that one took
third prize in the boys' race. Doesn't a record like this show that the
EAGLE IS THE BEST AND EASIEST RUNNING WHEEL? I
have some first class second hand wheels, from \$10.00 up.
