

WILL LEAD THE ARMY

Presidents of Transvaal Anxious to Fight Against English.

READY TO GO TO THE FRONT

Chafes at Refusal of His Council to Allow Him to Do So—War Preparations of Both Governments Continue and Outlook Is Not Promising.

LONDON, Oct. 6.—Nothing important has developed in the Transvaal situation since morning. The Daily Telegraph's story of this morning announcing that the Boers had invaded Natal and seized Laingnek, now seems without foundation. The government has received no such reports, although a movement on the part of the Boers would naturally cause little surprise.

The British position in Natal was considerably strengthened today by the arrival of Indian transport with about 500 infantry, cavalry and artillery, all of which will probably be sent to the front by train, and with their arrival at Glencove and Ladysmith tomorrow or Saturday the British advanced camps and lines of communication will be practically safe-guarded against a dash across the frontier by the Boers.

The military authorities apparently no longer fear the menacing of the Boers along the border and in fact it has been provided that the Boers shall not make a sudden rush into the country. The Natal people are pleased with this, because they argue the tension of waiting will tell severely on the Boers' discipline, and, moreover, will soon exhaust what little forage there is near the border and be compelled to fall back on their base, because, in view of the defective commissariat, they are unwilling to advance into Natal leaving behind them a forageless veldt.

Advices from Aldershot convey the interesting information that General Sir Redvers Buller, who is to assume the chief command of the British forces in South Africa is opposed to a large number of war correspondents with his forces and wishes to limit the correspondents to twelve from the leading British, Indian and colonial agencies and newspapers, including in this number the foreign correspondents.

A dispatch from Perth, capital of West Australia, announces that the government of the colony has decided to dispatch a West Australian contingent to the cape.

General Sir Redvers Buller arrived at Balmoral castle tonight as the guest of Queen Victoria, to bid her majesty farewell on his departure for South Africa.

Rt. Hon. Sir George Trevelyn, speaking at Halifax, Yorkshire, said he believed Mr. Chamberlain had made a terrible mistake in rejecting President Kruger's offer of a five years' franchise, but thought war might yet be avoided if a mediator should be sent to the cape.

Advices from Capetown received last night assert that J. H. Hoffmeier, the Afrikaner, and the chief justice have expressed the opinion that the imperial government acted in the interest of peace in demanding the suppression of the Transvaal agency in Brussels and the recall of Dr. Leyds. Sir Alfred Wainwright, the British high commissioner, has already reported in this sense to Mr. Chamberlain.

Activity is being shown at Woolwich and provision is being made to ship supplies.

SITUATION ON FRONTIER.

Excitement at Fever Heat and Conflict Seen at Hand.

LONDON, Oct. 6.—The Daily Chronicle's correspondent at Capetown, telegraphing under date of Tuesday, says: For the first time in months, J. H. Hoffmeier, the Afrikaner leader in Cape Colony, and Sir Alfred Milner, British high commissioner for South Africa and governor of Cape Colony, met today in conference. An unconfirmed report is in circulation that Mr. Hoffmeier has been entrusted with an imperial commission to Pretoria.

The Daily Mail's correspondent at Lovrenco Marquez reports that H. M. E. Philomen has gone to Durban, for the purpose of landing 100 men and a gun. Commenting editorially on the foregoing despatch the Daily Mail says it considers the action reported indicates great danger. "The admiralty," says the Daily Mail, "would not countenance such a measure except in circumstances of unusual urgency," and it thinks it possible other British warships are converging on the scene of action.

Minnesota Start Home.

SAN FRANCISCO, Cal., Oct. 6.—The Minnesota volunteers started for home today. The soldiers were given an ovation at the ferry depot before their departure. The men will be given a twenty-four hours' stay in Portland and will then resume their eastward journey over the line of the Northern Pacific.

The South Dakota volunteers were mustered out today and paid off. They will leave for their homes on Sunday, traveling over the Southern Pacific to Portland, thence east on the Northern Pacific. The death of Corporal Wayne B. Larrabee of the South Dakota regiment from smallpox cast a gloom over the mustering-out ceremony today.

Kreuger Appoints O'Beirne.

NEW YORK, Oct. 6.—General James R. O'Beirne made the announcement today that he had been appointed commissioner extraordinary in the United States for the Transvaal by President Kruger.

The appointment was made two days ago by a telegram to Dr. Kosman, President Kruger's personal friend, now in this country. A portion of the cablegram was private and was not given out.

General O'Beirne was provost marshal under President Lincoln. He was once commissioner of immigration in

EX-SENATOR HARLAN DEAD.

Noted Iowa Passes Away, Succumbing to Complication of Lung Diseases.

DES MOINES, Ia., Oct. 6.—The death of ex-United States Senator James Harlan occurred at his home in Mount Pleasant, Ia., at 9:35 this morning. The end was not unexpected, a collapse having taken place last Sunday. The immediate cause of death was congestion of the lungs, complicated with liver trouble. Over-exertion in attending the sessions of the Iowa Methodist conference last week, aggravated his maladies and caused prostration.

His daughter, the wife of Hon. Robert T. Lincoln of Chicago, was summoned from New York city and was present at the bedside. Others present were: James Whitford and Mr. and Mrs. Crawford and son. No arrangements have been made for the funeral, but it will probably be held in Iowa Wesleyan university chapel, in Mount Pleasant, on Sunday afternoon.

James Harlan was born in Clarke county, Ill., August 25, 1820. He graduated at Indiana Ashbury university in 1845 and became superintendent of public instruction of Iowa in 1847; was president of Iowa Wesleyan university at Mount Pleasant in 1853. He was United States senator from 1855 to 1865; was secretary of the interior in Lincoln's second cabinet, 1865-66, and was again United States senator from Iowa from 1866 to 1873.

In 1882 Mr. Harlan was appointed chief justice of the court of commissioners of Alabama claims, which position he held four years. In 1893 he was called from retirement to act as temporary chairman of the republican state convention and as such of-fered made a speech which had a tremendous influence in checking the threatened bolt of prohibition for practical local option. He was a candidate for the republican nomination for governor in 1895, but his age was against him. He also served as a member of the Iowa Soldiers' and Sailors' monument commission and was prominent in the councils of the Methodist church.

Senator Harlan's wife died in 1884. She was a remarkable woman and during the civil war did much to alleviate the sufferings of the Union soldiers, having an unlimited pass from Secretary Stanton to go where she pleased.

PETITION TO M'KINLEY.

Many Prominent Signatures—Bryan Says He Will Not Sign It.

NEW YORK, Oct. 6.—Several hundred signatures were added today to the petition to President McKinley to offer himself as mediator between England and the two South African republics. The petition was signed by judges of the supreme court, governors of state, presiding officers of state legislatures, senators, members of congress, eminent ecclesiastical divines, presidents of colleges and other citizens whose standing is of the highest.

W. J. Bryan declined to sign the petition, though he endorsed the suggestion that the government should use its influence to prevent war. Mr. Bryan telegraphed the World tonight:

"I do not desire to join in the petition on this or any other subject. Our refusal to recognize the right of the Filipinos to self-government will embarrass us if we express sympathy with those in other lands who are struggling to follow the doctrines set forth in the Declaration of Independence."

Ex-Vice President Stevenson, ex-Senator John Henderson, Senator Grosvenor and W. B. Hornblower all endorse the petition to President McKinley.

The World received a dispatch from the secretary to President Kruger stating that General James O'Beirne of New York has been appointed by the Transvaal republic as commissioner to the United States to further Boer interests in America. General O'Beirne has already accepted the task. The secretary of the Orange Free State cables the World acknowledging gratefully American sympathy. The archbishop of Canterbury cables that it is clear "Englishmen feel strongly the outlandish are ill-treated and it is our duty to protect them." Cardinal Boque of Ireland cables: "I am most anxious for peace." Archbishop Croke of Ireland cables: "Avert war by all honorable means." The archbishop of York cables: "I do not feel myself qualified to express an opinion whether mediation by the United States would be generally acceptable in England."

Whale Runs Off With a Man.

SAN FRANCISCO, Cal., Oct. 6.—According to officers of the whaler Beuga, Oscar Huschenbett, a sailor in the whaler, on August 26, 1898, was caught in a rope attached to a harpoon that had been fixed in the side of a whale, and he was drawn like a cannon ball over the boat's stern and out into the water. In passing out of the boat the body of the man hurled itself against Mate Nikito and one of the crew, knocking the seaman overboard and throwing Nikito to the bottom of the boat. The mate scrambled up and slashed the rope in two with his knife. After a chase the whale was again lanced and Huschenbett's body recovered.

Wolves Raiding Chicken Yards.

WINSIDE, Neb., Oct. 9.—Wolves are numerous and very daring in the country surrounding Winside. They roam about in bands of five and six and attack poultry with impunity, even catching chickens before the very eyes of their owners and in spite of attempts to drive them off. In one instance the wolves stole 300 chickens from one farm.

Death Comes to Sehantra.

COLUMBUS, Neb., Oct. 9.—Fred Schantre, who had his back broken by accidentally falling from his wagon, died at St. Mary's hospital after living five days with the lower part of his body in a plaster cast. Every muscle below the heart was completely paralyzed and his recovery was regarded as almost impossible from the first.

Drove Off the Bridge.

OSCEOLA, Neb., Oct. 9.—Myrtle, the daughter of Mr. and Mrs. N. Mackin, met with a severe accident that may cause her to keep to her room for some time. The night was very dark and in driving home she was compelled to cross a bridge that had no railing or protection and that being able to see the way the horse went too near the side, upsetting the buggy and throwing Miss Myrtle to the ground, resulting in the breaking of her left arm just at the wrist and otherwise injuring the young lady.

Blow a Bank Safe.

FORT DODGE, Ia., Oct. 6.—At an early hour this morning the bank at Rippey, Ia., was robbed of \$1,700. The safe is a total wreck.

The robbers have been traced as far as Grand Junction, going north. They had rubber heels on their shoes and were driving a one-horse buggy.

AFFAIRS IN NEBRASKA

Froud of Her Band Boys.

M'COOK, Neb., Oct. 9.—A spontaneous and enthusiastic ovation was accorded the prize-winning Nebraska brigade band of this city upon their arrival here. As the train pulled in from Denver, where they won first prize in the great carnival band contest, cannon roared, whistles sounded, horns were blown and a brilliant pyrotechnic display welcomed them. The scene was most inspiring and warmed the cockles of every heart for the homecoming heroes. Headed by the McCook drum corps, members of the city council and citizens who had gone to Akron, Colo., to meet them, the band marched to the opera house, where a brief word of welcome was delivered, with a brief response. The band acknowledged the reception with a selection or two of their best music. From the opera house the band and invited guests repaired to the Commercial hotel, where a banquet was spread for about 100 persons. It was one of the proudest occasions in McCook municipal history.

State Board Takes a Hand.

OSCEOLA, Neb., Oct. 9.—Acting in the capacity of the State Board of Health, Dr. J. E. Summers, Jr., has filed a complaint in county court, charging that A. Gillett and M. E. about pretending to heal the sick, and that in doing so they are pursuing a course that is in direct violation of law. The allegation is made that neither of the men charged with the medical profession. It is also charged that neither possesses certificates from any medical college and that there is nothing to indicate that either can heal or cure the sick. Dr. Summers alleges that Gillett pretends to be a magnetic healer and that the other lays no claims to possessing any healing power. It is charged that the two men pretended to cure one John Alstrand of his illness. Warrants have been issued and the offenders will be brought into court as soon as found.

Severe Fire at Strang.

STRANG, Neb., Oct. 9.—The cry of fire was given here the other night. It started in the rear of the wagon shop of Jacob Stein & Son, and spread to six other buildings as follows: The wagon building, occupied by Dr. Clark and the Reporter, insured; contents removed. Frasher and Sheridan saloon, total loss of \$11,200, insured for \$700; Stein's wagon shop, total loss of \$1,000, no insurance; Dunker's harness shop, everything removed; Nicol's barber shop, and the postoffice, in which latter place the contents were saved. Mrs. C. C. Wright's millinery was damaged and by heroic efforts the drug store was saved by the application of salt.

Borrowing to Buy Cattle.

OSCEOLA, Neb., Oct. 9.—At this season of the year there is usually an increase in the mortgage indebtedness of the county on account of the large number of cattle that are bought and shipped in to feed on the surplus corn and the last month is not an exception, as shown by the records. There were sixteen farm mortgages filed, amounting to \$20,708.85; thirty-one releases, amounting to \$33,627.50; city mortgages filed, \$2,350; city mortgages released, \$3,800; chattel mortgages filed, \$65,808.20; chattel mortgages released, \$17,381.65; making an increased indebtedness of \$34,057.90.

Engine Crashes into Caboose.

NEBRASKA CITY, Neb., Oct. 9.—An accident, which was fortunate not serious or fatal, occurred in the Missouri Pacific yards at this point. A freight train was standing on the main line while the engine was taking water at the tank, when the passenger train coming north crashed into the caboose, crushing in the end of it and mashing the front of the passenger engine. Fortunately the passenger train was not under full speed and there was no one in the caboose. The blame was with the freight train crew, as they had no flagman out.

Soldier Boy Dead.

FAIRBURY, Neb., Oct. 9.—Bert M. Alkin died at Kirksville, Mo., and was buried here. He was a member of Company D of this place, and is the fourth member of the company that has succumbed to disease contracted by the use of bad water and poor food at Chickamauga last summer. He graduated from the Fairbury high school in 1897 and was an exemplary and good business man.

Wolves Raiding Chicken Yards.

WINSIDE, Neb., Oct. 9.—Wolves are numerous and very daring in the country surrounding Winside. They roam about in bands of five and six and attack poultry with impunity, even catching chickens before the very eyes of their owners and in spite of attempts to drive them off. In one instance the wolves stole 300 chickens from one farm.

Death Comes to Sehantra.

COLUMBUS, Neb., Oct. 9.—Fred Schantre, who had his back broken by accidentally falling from his wagon, died at St. Mary's hospital after living five days with the lower part of his body in a plaster cast. Every muscle below the heart was completely paralyzed and his recovery was regarded as almost impossible from the first.

Drove Off the Bridge.

OSCEOLA, Neb., Oct. 9.—Myrtle, the daughter of Mr. and Mrs. N. Mackin, met with a severe accident that may cause her to keep to her room for some time. The night was very dark and in driving home she was compelled to cross a bridge that had no railing or protection and that being able to see the way the horse went too near the side, upsetting the buggy and throwing Miss Myrtle to the ground, resulting in the breaking of her left arm just at the wrist and otherwise injuring the young lady.

Not a Glittering Success.

OMAHA, Neb., Oct. 3.—The experiment of sprinkling railroad tracks with crude petroleum in order to keep down the dust has not proved an altogether glittering success. This was not due to the fact that the oil would not lay the dust and keep it laid securely, but because the oil was a constant menace to the safety of travel. Sections of track on some of the seasonal lines that tried the experiment were set on fire in the most mysterious manner. The management knew that the presence of the oil would account for the extent of the fires once started, but they could not discover the origin of so many. It was thought that revengeful tramps were at the bottom of it, but finally it was ascertained that live sparks from a locomotive would do the trick as quickly as would a lighted match. Experiment proved this to be true, and the oil plan is being abandoned by some railroads.

Nebraska Lutheran Synod.

BEATRICE, Neb., Oct. 3.—The Nebraska Synod of the Lutheran church was in session here last week, proving one of the most interesting synodical meetings ever held in the state. Dr. Barnitz, secretary of the board of home missions, spoke upon the great needs of the body and represented and made a strong appeal for aid in carrying out the work. Rev. J. A. Clutz, D. D., president of Midland college at Atchison, made an able address. The annual election of officers resulted as follows: President, Rev. L. M. Hubbs, Omaha; secretary, Rev. R. A. White, Waverly; statistical secretary, Rev. H. A. Wolfe, North Platte; treasurer, Andrew Anderson, Beatrice. Rev. Dr. George Schall of Baltimore, delivered a lecture on foreign missions.

Good Demand for Farms.

WEST POINT, Neb., Oct. 3.—Land owners in this county are already being besieged for the rental of farms for the coming year. For several years until last year, it was difficult to secure good tenants and some farms were not leased for this reason until late in the winter. This year of republican prosperity the conditions are exactly reversed. The fact is that there are from seven to nine applicants for every quarter of land to rent. The ex-county treasurer of Cumming county, who had three quarters to rent and advertised the same in the county papers, has been inundated by applications to rent, some of them coming from the eastern states. The farms were rented before the ink was dry on the advertisement.

Norfolk's Winter Sheep Ranch.

NORFOLK, Neb., Oct. 3.—A. J. Knollin & Co. have had men employed a month moving their feed yards and putting up new buildings to winter 10,000 sheep here. They will expand about \$10,000 in improvements, comprising a warehouse, scale house, elevator and lodging house for the men, which is to have a large and comfortable sitting room, sleeping apartments and modern conveniences. The elevator is run by a gasoline engine, which will also furnish power for grinding feed and pumping water. The firm expects to feed 1,100 tons of hay, 800 tons being already contracted for.

Hastings Will Have Lights.

HASTINGS, Neb., Oct. 3.—At a recent meeting of Hastings capitalists it was agreed that Hastings must have an electric light plant before long, whether the bond proposition carried or not. They will wait until the result of the special election is known, and in case the proposition to vote \$200,000 bonds for a city plant is defeated, they will proceed to get a franchise and within thirty or forty days have a plant in operation.

First Jackrabbit Hunt of Season.

KEARNEY, Neb., Oct. 3.—The first jack-rabbit hunt of the season was made through the sandhills southwest of Kearney and as a result eighty-five of the long-legs and several prairie chickens met death. The hunters used a wire cable one thousand feet long, with a team hitched on each end, with which to chase up the rabbits. Besides the killing of the rabbits and chickens several watermelon patches were captured.

Horse Thieves Get Away.

CENTRAL CITY, Neb., Oct. 3.—Three spans of horses were stolen last month, two near Stark and another near later near Centerville in York county. Two of the teams have just been found at O'Neill, Neb., where they had been sold, one for \$190 and the other for \$200. The thieves escaped.

Nebraska Products at Paris.

HASTINGS, Neb., Oct. 3.—Adams county will have an exhibit at the Paris exposition, as William Lowman has sent a large box containing fine samples of wheat, oats, corn, barley, rye and other grains raised in the county to Washington, D. C., whence the grain furnished for this display was gathered from the agricultural exhibit at the Hastings street fair and will no doubt make a great showing for Adams county in France.

Hastings Needs More School Room.

HASTINGS, Neb., Oct. 3.—The public schools of Hastings are crowded to such an extent the city will soon be compelled to build another school building. The building of a new high school is also contemplated, as the present one is too small.

Brown County Stockmen.

AINSWORTH, Neb., Oct. 3.—The Brown county stockmen's association met and elected officers for the ensuing year as follows: President, J. C. Hedrick; vice president, George Savage; secretary, Thomas Seals; treasurer, J. M. Hanna. The fifth member of the executive committee is J. H. Davinison, the four elective officers constituting the association now comprises about 100 members and much interest in the display was manifested.

In addition to 4,000 freight cars the Baltimore and Ohio South Western railroad has purchased two new postal cars, 60 feet in length, four 65 foot baggage cars, five 60 foot combination baggage and coaches, three 50 foot first class coaches with wide vestibules and modern in every respect, and two combination parlor, dining and observation cars each 67 feet in length.

Some husbands are men of very few words—probably because their wives won't permit them to indulge in any back talk.

"What's in a Name?"

Everything, when you come to medicines. A sarsaparilla by any other name can never equal Hood's, because of the peculiar combination, proportion and process by which Hood's possesses merit peculiar to itself, and by which it cures when all other medicines fail. Cures scrofula, salt rheum, dyspepsia, catarrh, rheumatism, that tired feeling, etc.

Hood's Sarsaparilla

Never Disappoints

Laboring under a delusion is an unprofitable job.

CHRISTMAS PRESENTS FREE.

One of the Grandest Offers Ever Made.

The first five persons procuring the Endless Chain Starch Book from their grocer will each obtain one large 10c package of "Red Cross" starch, one large 10c package of "Hubinger's Best" starch, two Shakespeare pictures printed in twelve beautiful colors, as natural as life, or one Twentieth Century Girl calendar, the finest of its kind ever printed, all absolutely free. All others procuring the Endless Chain Starch Book will obtain from their grocer two large 10c packages of starch for 5c, and the beautiful premiums which are being given away. This offer is only made for a short time to further introduce the famous "Red Cross" starch and the celebrated "Hubinger's Best" cold water starch. "Red Cross" laundry starch is something entirely new, and is without doubt the greatest invention of the twentieth century. It has no equal, and surpasses all others. It has won for itself praise from all parts of the United States. It has superseded everything heretofore used, or known to science in the laundry art. It is made from wheat, rice and corn, and is chemically prepared upon scientific principles by Mr. J. C. Hubinger, an expert in the laundry profession, who has had twenty-five years' practical experience in fancy laundering, and who is the first successful and original inventor of all fine grades of starch in the United States. If you would have the best, ask for "Red Cross" and "Hubinger's Best," which are the finest starches on the market today.

The jobbing houses all handle it, the retail grocer has it on his shelves, you find it in all the homes, while the careful housewife has adorned the walls of the home with the beautiful Shakespeare pictures which are being given away in introducing "Red Cross" and "Hubinger's Best" starch.

No matter how worthless a man is he can always find some woman willing to marry him.

Ask for the Best Reading. Liberal religious literature sent FREE on application to Mrs. H. D. Reed, 132 N. 38th Ave., Omaha, Neb.

Too many men are satisfied with their aim in life if they hit a small target.

The portrait artist's work is easily done.

DR. ARNOLD'S COUGH

KILLER

CURES COUGHS AND COLDS. PREVENTS CONSUMPTION. All Drugists, 25c.

Traveling on the Burlington Railroad on the way to Denver, a little town called Atlanta, near Hastings, Nebraska, is pointed out as a point of interest because of the corn cribs built there along the tracks. In all there are twenty-four separate cribs, 12 feet long, 4 feet wide, with a total length of 1,964 feet, of a distance of nearly a mile and a quarter. This year's enormous crop (three hundred million bushels for the State of Nebraska) will test their capacity. Everybody seems prosperous in Nebraska. Nobody complains but the bankers, who find it hard to lend their money. Nobody wants to borrow it.

New Inventions.

During the past week 34 per cent of the inventors who obtained patents were able to sell their inventions before the patents were issued. The most difficult thing for the average inventor is to obtain the addresses of the manufacturers likely to become interested in their invention.

Two New York concerns issued, some time ago, two works, cyclopedic in nature, which give the addresses of 428,000 manufacturers of the United States. These reference works may be consulted in the office of Sues & Co., lawyers and solicitors, Bee building, Omaha, Neb.

Amongst the prominent manufacturing concerns buying patents the past week were the following: Lorain Steel company of Ohio. New England Rubber Tire Wheel Co., of West Virginia.

United States Aerating Fountain Co., of New York City. Michigan Vapor Stove Co., of Michigan.

Gendron Wheel Company, Toledo, Ohio. Westinghouse Electric & Manufacturing Co., of Pennsylvania.

Morgan & Wright, Chicago, Ill.
