

Another Way the Pops Have of Fooling Their Own People

The following little dialogue in substance was had between a couple of the members of the head push of the pop deception committee. Over the telephone on the afternoon of Thursday Oct. 12, the day Gen. Grovernor spoke here. "Hello central; give me 81. Hello-Hello! Is that you Lester? Yes. Why, say Lester; well; I was just thinking; you know that matter of Judge Armour's? yes; Oh! is that you Emerson? yes, all right; what is it now You know about that matter of Armour's? yes; do't you think it would be a good idea to just run along with that in the Chief this week, that Judge Hamer is out campaigning all the time and also Judge M. B. Reese? Oh, I don't know, Emerson about Judge Reese. Oh, I think it will go all right; well all right fire away Emerson I guess our fellows out in the canyons won't know any different; Ha, ha! All right; Good bye; good bye. The telephone lines were evidently crossed and the party who was using the phone became interested in the conversation, having no idea who the parties were but they called each other Lester and Emerson.

To the Public.

Burlington Route—California Excursions
Cheap; quick; comfortable.
Leave Omaha 4:35 p. m. Lincoln 6:10 p. m. and Hastings 8:50 p. m. every Thursday, in clean, modern, not crowded tourist sleepers. No transfers; cars run right through to San Francisco and Los Angeles over the Scenic Route—through Denver and Salt Lake City. Cars are carpeted; upholstered in rattan; have spring seats and backs and are provided with curtains, bedding, towels, soap, etc. Uniformed porters and experienced excursion conductors accompany each excursion, relieving passengers of all bother about baggage, pointing out objects of interest and in many other ways helping to make the overland trip a delightful experience. Second class tickets are honored. Berths \$5.
For folder giving full information, call at nearest Burlington Route ticket office, or write to J. Francis, general passenger agent Omaha, Neb.

THREE DOCTORS IN CONSULTATION.
From Benjamin Franklin.
"When you are sick, what you like best is to be chosen for a medicine in the first place; what experience tells you is best, to be chosen in the second place; what (i.e., Theory) says is best to be chosen in the last place. But if you can get Dr. Inclination, Dr. Experience and Dr. Reason to hold a consultation together, they will give you the best advice that can be taken."
When you have a bad cold Dr. Inclination would recommend Chamberlain's Cough Remedy because it is pleasant and safe to take. Dr. Experience would recommend it because it never fails to effect a speedy and permanent cure. Dr. Reason would recommend it because it is prepared on scientific principles, and acts on nature's plan in relieving the lungs, opening the secretions and restoring the system to a natural and healthy condition. For sale by all druggists.

Scotland's Fish Law.
A Royal sturgeon has been caught in the Ouse, near Goolat, Scotland. Its capture has raised an interesting question. As the law now stands all large fish—such as whales, sturgeon and formerly porpoises—if captured within the three miles limit of the coast are royal fish and are claimed by the coastguard or the customs on behalf of the crown. In the event of the sturgeon being a particularly fine specimen, it is forwarded to the queen. The law in Scotland in regard to whales is the same as in England, and in a contested case in the Scottish courts the law was laid down by Lord Erskine that "whales when large belong to the sovereign, when small to the captor."

Through Tourist Sleepers to the Northwest.

The Burlington Route has established a twice a week tourist car line from Kansas City to Butte, Spokane, Tacoma and Seattle. Cars leave Kansas City, Lincoln and Grand Island every Tuesday and Thursday, arriving at Seattle following Friday and Sunday. They are upholstered in rattan. The bed linen and furnishings are clean and of good quality. The heating, ventilating and toilet arrangements are all that can be desired and each car is in charge of a uniformed Pullman porter, whose sole duty is to attend to the wants of passengers. Cars run through without change of any kind and the berth rate from Lincoln to Tacoma or Seattle is only \$5.00. To intermediate points, it is proportionately low.
Montana and the Puget Sound country are now enjoying a period of unexampled prosperity. As a consequence, travel to the Northwest is rapidly attaining large proportions. This new tourist car line has been established with a view of caring for the Burlington's share of it in the best possible manner. Berths, tickets and full information can be had on application to any Burlington Route ticket agent or by addressing J. Francis, G.P.A. Omaha Neb. June 26th.

HOW TO PREVENT CROUP.

We have two children who are subject to attacks of croup. Whenever an attack is coming on my wife gives them Chamberlain's Cough Remedy and it always prevents the attack. It is a household necessity in this county and no matter what else we run out of, it would not do to be without Chamberlain's Cough Remedy. More of it is sold here than of all other cough medicines combined.—J. M. Nickle, of Nickle Bros., merchants, Nickleville, Pa. For sale by all druggists.

A Word to Doctors

We have the highest regard for the medical profession. Our preparations are not sold for the purpose of antagonizing them, but rather as an aid. We lay it down as an established truth that internal remedies are positively injurious to expectant mothers. The distress and discomforts experienced during the months preceding childbirth can be alleviated only by external treatment—by applying a liniment that softens and relaxes the over-strained muscles. We make and sell such a liniment, combining the ingredients in a manner hitherto unknown, and call it

Mother's Friend

We know that in thousands of cases it has proved more than a blessing to expectant mothers. It overcomes morning sickness. Headaches cease, and danger from Swollen, Hard and Rising Breasts is avoided. Labor itself is shortened and shorn of most of the pain. We know that many doctors recommend it, and we know that multitudes of women go to the drug stores and buy it because they are sure their physicians have no objections. We ask a trial—just a fair test. There is no possible chance of injury being the result, because **Mother's Friend** is scientifically compounded. It is sold at a bottle, and should be used during most of the period of gestation, although great relief is experienced if used only a short time before childbirth. Send for our illustrated book about **Mother's Friend**.
