"When the well is dry, then we know  
the worth of water," said Ben Franklin.  
When the eyesight begins to fail, or de-  
fects appear, then we know the worth of  
glasses. Franklin conferred many bless-  
ings upon humanity, but none greater  
than when he invented for his own eye  
the bi-focal or double glass which enables  
those who have reached the eye failure  
age of 38 to accomplish all work—both  
distant and near, with only one pair of  
glasses.

## THREE DOCTORS IN CONSULTATION.

From Benjamin Franklin.

"When you are sick, what you like  
best is to be chosen for a medicine in the  
first place; what experience tells you is  
best, to be chosen in the second place;  
what (i.e., Theory) says is best to be  
chosen in the last place. But if you  
can get Dr. Inclination, Dr. Experi-  
ence and Dr. Reason to hold a consulta-  
tion together, they will give you the  
best advice that can be taken."

When you have a bad cold Dr. Inclina-  
tion would recommend Chamberlain's  
Cough Remedy because it is pleasant  
and safe to take. Dr. Experience would  
recommend it because it never fails to  
effect a speedy and permanent cure.  
Dr. Reason would recommend it be-  
cause it is prepared on scientific princi-  
ples, and acts on nature's plan in re-  
lieving the lungs, opening the secre-  
tions and restoring the system to a  
natural and healthy condition. For  
sale by all druggists.

## DIED.

REYNOLDS—At Epworth, Iowa, Sunday, October  
29th, 1899, after a long illness, aged 66 years,  
one year and twenty-one days.

The deceased was a native of  
Maryland, having been born there  
Sept. 8, 1843. In 1851 he moved  
with his parents to Iowa. When  
the war broke out in 1861, he was  
among the first to enlist in Co. A,  
9th Iowa Inf. He served to the  
close of the war, in 1865, when he  
was honorably discharged. He par-  
ticipated in every battle in which  
his company was engaged except  
one, and was then in the hospital.  
At the close of the war he attended  
the college at Cornell, Iowa, for  
two years. He then engaged in the  
mercantile business at Maquoketa,  
Iowa, and later at Baldwin, Iowa.  
In 1884 he located at Broken Bow,  
and engaged in the drug business,  
and later started the Racket Store,  
with which he was connected at the  
time of his death. Owing to failing  
health he went to Epworth, Iowa,  
to place himself under the treat-  
ment of his brother, Dr. F. Reyn-  
er, where he remained until death re-  
lieved him from his sufferings.  
Since a resident here he has been  
an active worker for the building  
up of Broken Bow, and at an early  
day laid out an addition to the  
town, known as Reyners' addition.  
June 14th, 1869, he was married to  
Miss Emily Hamby, of Maquoketa,  
Iowa, who survives him. To them  
three children were born, of which  
but one is now living, Allan, who is  
a resident of this city, and who,  
with his mother, has charge of the  
Racket Store. The funeral was  
conducted yesterday from his late  
residence, by the G. A. R., Rev. J.  
W. Megan preaching the funeral  
sermon. The REPUBLICAN extends  
sympathy to the bereaved relatives  
and friends.

## WOMEN IN TROUBLE.

**The Approach of Motherhood is the  
Occasion of Much Anxiety to All.**  
Every woman dreads the ordeal  
through which she must pass in becom-  
ing a mother. The pain and suffering  
which is in store for her is a source of  
constant anxiety, fear and dread, to  
say nothing of the danger which the  
coming incident entails. The joyous  
anticipations with which she looks for-  
ward to baby's coming gives way to an  
indescribable dread of the ordeal when  
she fully realizes the critical and trying  
event which will soon approach and  
have to be endured.

Women should hail with delight a  
remedy which insures to them im-  
munity from the pain, suffering and  
danger incidental to child-bearing.  
Such a remedy is now offered, and  
women need not fear longer the hour of  
childbirth. "Mother's Friend"—is a  
scientific liniment—and if used before  
confinement, gently and surely prepares  
the body for the great requirements  
and changes it is undergoing, insures  
safety to both mother and child, and  
takes her through the event with com-  
parative ease and comfort. This won-  
derful remedy is praised by every  
woman who has used it.

What woman is not interested in  
"Mother's Friend?" This wonderful  
remedy has been tested and its price-  
less value proven by the experience of  
thousands of happy mothers who  
have used it during the most critical  
period of woman's life—the approach  
and culmination of motherhood.

It has won their everlasting praise,  
for it gave them help and hope in  
their most trying hour and when  
most needed. Every woman may some  
day need "Mother's Friend." The  
little book, "Before Baby is Born,"  
telling all about it, and when it should  
be used, will prove of great interest and  
benefit to all expectant mothers, and  
will be sent free to any address upon  
application to the Bradfield Regulator  
Company, Atlanta, Ga.
