

See The Eye?

If not let me help you. Threading a needle is one of the hard things for a best of eyes, and much harder for defective ones. It is the point where many Opticians fail in giving clear and comfortable vision. It's the point of excellence I seek to attain. If the aid of a glass will accomplish it, I guarantee to enable you to thread a needle as well, as comfortably, and as easily as you ever did in your life.

Where Trade is Brisk.

Wendell Phillips was, on one occasion, lecturing in Ohio, and, while on a railroad journey going to keep one of his appointments, he met in the car a crowd of clergy, returning from some sort of convention. One of the ministers felt called upon to approach Mr. Phillips, and asked him: "Are you Mr. Phillips?" "I am, sir." "Are you trying to free the niggers?" "Yes, sir; I am an abolitionist." "Well why do you preach your doctrine up here? Why don't you go over into Kentucky?" "Excuse me, sir, are you a preacher?" "I am, sir." "Are you trying to save souls from hell?" "Yes, sir; that's my business." "Well, why don't you go there?" The assailant hurried into the smoker amid a roar of unsanctified laughter.—Everybody's Magazine.

CAPTURED AFTER LONG CHASE.

Man Accused of Horse Stealing Run Down—Keeps Two Sheriff's Busy.

A horsethief giving the name Frank Ward, was captured Friday night eight miles east of here after giving the sheriffs of Thomas and Custer counties a merry chase since last Tuesday. Ward had only recently gone to work for L. D. Evans, a liveryman at Seneca, and while the proprietor was at dinner last Tuesday, took a fine horse and equipment from the stable and disappeared with them. After notifying Sheriff Noell, Evans and a ranchman named Whiteman took up the trail and followed it twenty miles south. After that it doubled back over forty miles. Then by devious routes the fugitive worked his way towards Broken Bow, covering not less than 200 miles in the three days. Sheriff Kennedy was then asked to take a hand, and upon the arrival of the Seneca men piloted them to various places about the county wherever there seemed a clue.

Finally a man answering Ward's description was seen to pass Ab. Butcher's place north of town. At Oscar Tappan's, north of town, he asked for work but did not obtain it. The sheriff's followed him past Triplett's and at the Booth farm eight miles east he again applied for work and was directed to Paul Haumont's where he was located last Friday, where he had gone to work that morning and was in the field plowing with a 4 horse team.

When the two sheriffs with Evans and Whiteman arrived at Haumont's Ward saw them first and deserting his team made for cover. They chased him from one canon into another.

Evans, seeing one of the Myers boys working on a neighboring fence and thinking it was Ward, indulged in a few random shots. Fortunately the mistake was discovered before any serious damage was done. Ward, seeing the officers going in another direction emerged from a culvert, and was immediately spotted and run down.

The prisoner, who is about forty five years old, admitted stealing the horse, which is at Cushman's livery barn resting up, and said he lived at Fairbury. Under close questioning by Sheriff Kennedy he stated that he had once been taken on requisition to Clay Center, Kas., for selling mortgaged property and had there shot a deputy sheriff.

Two Kansas officers were in Seneca looking for a man of his description the day after he disappeared.

John D. Rockefeller Jr., Using His Wealth in a Good Cause.

A press dispatch of May 21 from New York says: John D. Rockefeller discovered, through grand jury investigations in New York, the evils of the white slave traffic, and, it was discovered today, has sent a number of detectives into southern and western states to run down the extent of the traffic in America. He has made it a national investigation.

Two Rockefeller sleuths, a man and a woman, have been operating in the "red light" district here for a week, independent of the local police. What they discovered convinced the man detective, he declares, that New Orleans is the most wicked city in the country. His comrade, a young college woman, it is said, refused to state her conclusions. She has kept her identity secret.

The man found that many young women were brought here from Central America and Cuba and sent to New York and Chicago for the market. After discoveries in New York shut down slightly on the traffic scores of girls would be sent there from Trieste and French ports.

The Rockefeller detectives say that scores of octoroons, posing as white girls, are sent from the country districts of Louisiana and Mississippi to New York and Chicago. Most of these girls are of a new style of beauty.

Bound Over.

The preliminary trial of Dr. Wilson was had before county Judge Holcomb Tuesday afternoon and Wednesday forenoon on the charge of violating the state law relating to the practice of medicine. The doctor claimed that as his practice of Chiropractic adjustment does not require the use of medicine he was not violating the law by practicing without a state certificate. The Judge held that this was grounds for the complaint and bound him over to the district court.

WEDDING BELLS.

Two Prominent and Well Kown Young People United in Marriage.

On Tuesday May 24 a very beautiful morning wedding was solemnized at the home of Mr. and Mrs. R. A. Hunter of this city when their niece Miss Adella Grayce Beck became the bride of Mr. Herbert G. Myers of Boise, Idaho.

The various rooms were charmingly decorated with foliage, flowers and white satin ribbon.

At the appointed hour the strains of Mendelssohn's wedding march, played by Miss Ina Sullivan, the bridal party descended the stair way.

Master Lorne Beck and Robert Farnsworth dressed in white, carrying white satin ribbons from the foot of the stairs, making and isle to the alter, Lois Farnsworth also dressed in white, carrying the wedding ring in a white carnation descended next followed by the groom and his best man, Mr. Morris Myers, after which came the maid of honor Miss Mabel Smith, wearing a pretty gown of white organdie.

Last came the bride leaning on the arm of her brother Dr. V. W. Beck. They were met at the alter by Rev. J. E. Aubrey of the Presbyterian church who in beautiful words performed the impressive ring ceremony.

Following congratulations the bridal party were ushered into the dining room where the wedding breakfast was served.

The dining room was attractively decorated with yellow roses and wide satin ribbons.

The bride wore a dainty gown of white persian lawn and lace with a bridal veil caught in her hair by a white carnations her bouquet being a large bunch of the same flower.

The groom wore the conventional black.

The bride is a beautiful girl and an accomplished musician. She has many charms that have won her a host of friends who wish her much happiness in her new home.

The groom is a young man whom we are proud to say has grown up in our midst and are confident that his thorough education and natural ability will insure him a career crowned with success.

The young couple were presented with many beautiful and useful presents among which was a substantial gift of gold from the parents of the groom. The groom's gift to the bride was a beautiful golden locket and chain.

Appropriate remembrances

were presented by the bride and groom to their attendants.

The bride's going away gown was a heliotrope tailor made suit with hat and furnishings to match.

Mr. and Mrs. Myers left for Denver on the morning train. They will spend their honeymoon visiting the various places of interest throughout some of the western states and will be at home after June 10th at Boise, Idaho, where the groom has established an interesting real estate business.

Decoration Day, May 30

The day set apart in the United States for commemorating by appropriate exercises the services of fallen Soldiers, it is designed for the purpose of strewing with flowers or otherwise decorating the graves of comrades who died in defense of their country.

Therefore I would request that all places of business close from 10 to 12 and that the day be duly observed. D. R. ROCKWELL, Mayor.
